Reminiscences Gleaned From Files of Warder

Glimpses of Doings in 1890 BY BUSY EYES

September 4, 1891—Chief Constable Bell, with that energy for arresting wrong doers which is one of the prominent features of his career, after receiving the warrant for the arrest of Wm. C. Finney, charged with forgery in a few hours had his man located in Bracebridge, where the chief constable went and brought him here to board in Castle Jackson until the ball assizes.

BAD FIRE
Omence, Sept. 4—Thursday night the village of Omence was devastated by the devouring element. The business part of the village was almost swept away; fourteen buildings, including stores, hotels, dwellings and barns were burned. The loss is estimated at \$30,000, on which there is very little insurance. The fire broke out about 10.30 o'clock Thursday night in the stables of Brown's hotel, which was quickly destroyed. A high wind carried the flames onto the hotel, and from thence the fire spread along both sides of the street. The fire engines were brought into requisition, and hundreds of willing hands lent their aid in fighting the fierce flames, but without success. The fire continued unchecked until it burnt out itself.

Russell, Major J. Hughes, Lieut. Williamson, staff sergeant, King, Sgt. Horsy and Private Windatt. At Ottawa even greater results were achieved, the 45th Battalion having five men in the grand aggregation all under fifty. In individual matches, Lieut. Williamson and Major San Hughes, did extra well for Victoria contingent.

TOO MANY
Ottawa, Feb. 15—An unusual statement was made by Senator MacDonald of British Columbia, who declared that the trouble with the Senate was that "there are too many old men in it like myself," who are growing hard of hearing and losing interest in public affairs." Senator MacDonald said there should be more young and active men in the Senate, and the membership of both that branch of the Legislature, and the Commons itself should be cut in half.

High-Class Concert on February 27th

The Parland-Newhall quartet has for five years been a "head liner" in concert work. They have a stronger personnel this year than ever, and undoubtedly will eclipse all former records. By the acquisition of Mr. John F. McCarthy, violin soloist, late of the Royal Conservatory of Music, Leipzig, Germany, the organization has been greatly strengthened. His solos add the finishing touch to a program absolutely unique and surprisingly beautiful.
Male quartets, instrumental quartets, bell ringing, vocal and instrumental solos, duets, etc., give a charming variety, yet, variety alone is not its greatest charm, for each have ever had," etc., etc.
Wide experience has taught them the demands of discriminating audiences. We do not believe it possible to secure an attraction presenting a more pleasing evening's entertainment.

IN FARMERS BANK
Toronto, Feb. 16—J. J. Warren, manager of the Trusts and Guarantee Company, will face two charges when he appears in the police court on Friday morning, besides the charge of conspiracy with others to obtain the bank's charter by fraud, he will also face the charge of hypothecation of the bank's notes. His name has been included in the information against Hon. J. R. Stratton, in which the amount hypothecated was \$38,000. When the case against the provisional directors, Mr. Stratton and Mr. Warren, charged with obtaining the charter for the bank by fraud, comes up on Friday, the Crown will, it is hinted, have starting evidence to produce. It is probable there will be a morning and afternoon session before the case is sent to trial.

Mr. Mackenzie is a married man and is a member of the Presbyterian church at Cliford, and also a member of the church choir.

PHONE MEN INJURED
Word has been received in town from Brantford that E. J. Adams and W. Trout, two employees of the Machine Telephone Company, and well-known here, were terribly burned by an explosion of natural gas, while at work in a manhole.

Both men were severely injured about the face and hands. Adams was removed to the hospital and Trout to his boarding house. The men were laying underground cables, and a blow-fire used in the work, ignited the gas which found its way into the manhole.

Adams was a cableman and with Trout was employed with the local company, while in this town.

TOOK LEADING PART
A fitting Kingston Standard: "A fitting tribute to twelve years' faithful service as shepherds to a loving flock, was the farewell of His Grace Archbishop Gauthier to the Kingston archdiocese in St. Mary's cathedral Tuesday night. Surrounded by all the clergy of the diocese and an immense congregation of all classes and creeds, His Grace received the tributes of a loving and beloved charge and spoke to them his parting address, which was in keeping with the manner in which he has discharged his duties as head of the diocese—abounding in love and wisdom. His Grace has always been known as a powerful speaker, but never before had his words the power, eloquence, and sincerity, they possessed last night, coming as they did from the fulness of his heart."

At the above pleasing event Rev. Father Spratt, of Wolfe Island, a brother of Mr. R. P. Spratt, of Lindsay, took a prominent part. The first tribute which His Grace received, was from the clergy, in the form of a beautiful and costly Pectoral cross and gold chain. This was presented by Rev. Father Spratt, and the address which accompanied it was read by Rt. Rev. Mgr. Masterson.

At the conclusion of the archbishop's address benediction of the Blessed Sacrament was sung, Rev. Father F. Spratt being the officiant, assisted by Rev. Fathers Hartigan, of Deseronto, and Fleming of Belleville.

Rev. Father Spratt was also one of the clergymen to accompany His Grace to Ottawa.

MIRACULOUS ESCAPE
Winnipeg, Feb. 16—Sixty people had a miraculous escape from a terrible death yesterday morning at three o'clock, when the Nares block, a five story residential apartment building collapsed, carrying the sleeping occupants with it. Most of them were women, but many generally showed great presence of mind, in helping their more excited sisters to safety. As the building began to crumble, the screams could be heard for blocks. The majority were rescued by climbing on to the roofs of neighboring buildings. The firemen and policemen succeeded eventually in getting everybody out before the final crash, although elderly Mrs. McLeavy may be fatally hurt. Adjacent building operations caused the collapse. The loss will be a hundred

WILL GIVE EVIDENCE
Toronto, Feb. 17.—When the Farmers Bank case next comes up in the police court, the Hon. W. S. Fielding, Minister of Finance, will be the star witness.

The crown is determined to get to the bottom of the reason why, despite repeated warnings, nothing was apparently done early in the bank's career to clear up the suspicions engendered on every hand.

In police court this morning Mr. J. P. Knight, secretary of the Canadian Bankers' Association, asserted that, through George Burn, the general manager of the Bank of Ottawa, he had warned the Finance Minister that he was not satisfied with the condition of the bank.

WAS KILLED INSTANTLY
