A CASE THAT SHOULD BRING HOPE TO OTHER SUFFERERS

Epilepsy is one of the most serious troubles that afflict the human race. This trouble is also known as "all-ling sickness" or "fits." The patient suddenly loses consciousness and falls. The muscles become rigid and there is a twitching of the face and limbs, sometimes accompanied by frothing at the mouth. The convulsion is followed by a deep sleep varying in duration. In the early stages the attack may only occur at intervals of several months, but as the disease progresses they become more and more frequent, the patient becomes debilitated and the mind weakened. Epilepsy is generally regarded as incurable, but taken in its earliest stages has in many cases been cured by Dr. Hamilton's Pink Pills which enrich the blood, strengthen the system, thus enabling us to resist the progress of the disease. The following case will be of interest to any who suffer from this terrible malady: Mrs. John Mather Bancroft, Ont., says: "My little son Clive, at the age of five was stricken with spasms of fits and despite all we did for him, for the next two years, was afflicted with them. Apparently growing worse. He was under the care, at various times, of five different doctors, but they did him no good. He was growing worse, would sometimes have twelve of

these spasms in twenty-four hours. I sent him to the Sick Children's Hospital, where they pronounced the trouble epilepsy, but did not help him. Later he was treated by a specialist, but to no avail. I was almost in despair when my mother advised me to give him Dr. Williams' Pink Pills. I got the pills and gave them to him, strictly following the directions as to diet. He continued taking the pills for several months, the spasms gradually coming less frequently and with less severity, and, finally they ceased altogether. It is now about two years since he took the last of the pills, and he has not had a fit in that time, and is now as well and strong as other boys of his age. I have great reason to be grateful for what the pills have done for him and hope this may be of value to some other sufferer. These pills are sold by all medicine dealers a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.
