J. W. WAKELY, Kent St.

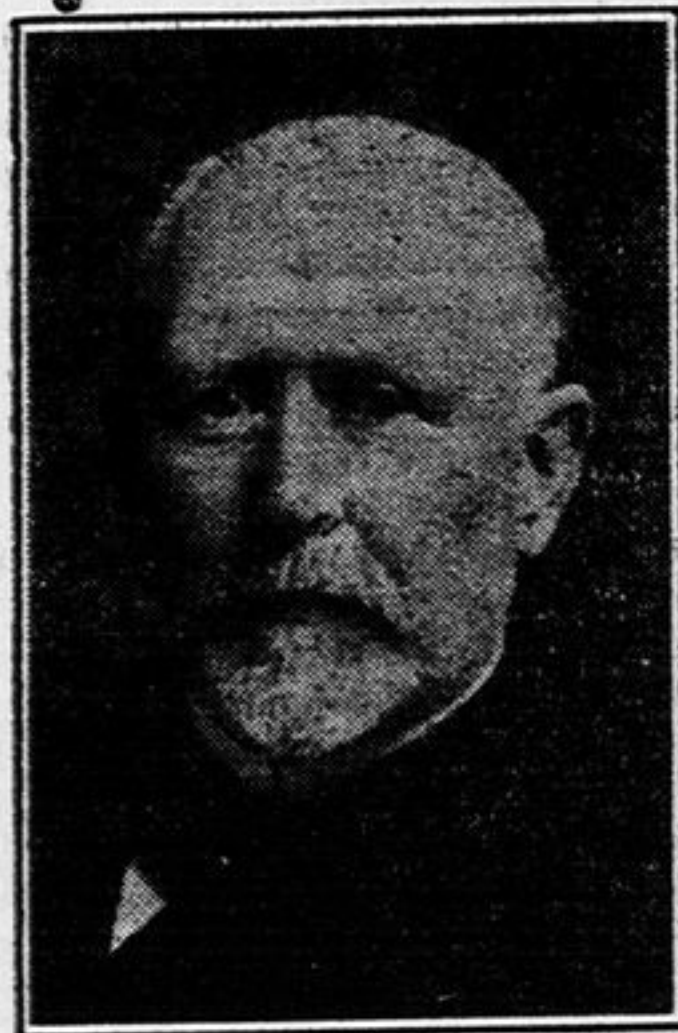

Mr. Wm. Flavelle Home From Bermuda --Surprised by Co-Partners and Staff

On Saturday evening about 8.30 p. m. the members of the firm and employes of the firm of Dundas & Flavell Limited, assembled in the mantle room of the firm's store on Kent-st., to present Mr. Wm. Flavelle with an address and gentlemen's fitted companion on his return home from a four week's holiday spent in the Bermudas.

The address was read by Harold Duck, while Dominic Curtin made the presentation, both of whom are youthful employes of the firm.

Mr. Flavelle replied in his usual happy manner, thanking all present for the neat reminder and of the pleasure it gave him to be home once more among his friends and trusted the same amiable feeling would exist in the future as did in the past. After singing "For He is a Jolly Good Fellow," in which all joined heartily, the evening's entertainment came to a close. The following is the address:

Dear Mr. Flavelle,—We, your co-

MR. WM. FLAVELLE. Who on his return from a holiday trip to Bermuda was remembered by his co-partners and staff.

partners and employes of the firms of Dundas & Flavell Limited and Flavell Limited, take this opportunity on this occasion of your return from a well earned holiday, of again expressing our high appreciation of your very many good qualities which make our business life so enjoyable and agreeable to us all.

The success of any business depends largely upon the feeling of good will that exists between employer and employe and you are at all times by your cheerful disposition and kindly thought have made us all feel that our interests are one.

We look forward to the year upon which we have just entered with the highest hopes of making it the brightest and most successful year in the history of the two companies.

We ask you to accept this gentlemen's traveling companion as a slight reminder of the kindly feeling that ever exists between you, your co-partners and employes.

"Teddy" Roosevelt Will Accept Presidential Nomination

COL. ROOSEVELT. Who Will Accept Presidential Nomination.

New York, Feb. 25.—"I will accept the nomination for President if it is tendered me," Col. Roosevelt tells the seven Governors who asked him a fortnight ago to frank about it as soon as convenient. He also promises to adhere to his decision until the convention has expressed its pre-determination on the evening of March 4.

The seven Governors assembled at Chicago two weeks ago and drafted a letter to Col. Roosevelt asserting that there was a popular demand for him to be President again, and urged him to declare himself as to whether he would accept the Republican nomination if it came "unsolicited and unsought."

Efforts of Col. Roosevelt's friends to induce him to make an earlier declaration of his attitude on the Presidential question had been unavailing. His laconic remark to a friend in Cleveland last Wednesday night, that "my hat is still in the ring—you will have my answer Monday," was the first real indication he had in mind an affirmative answer to the Governors' letter.

Lorne Widmer, a Mille Roches boy, fell with a loaded rifle in his hand and received a fatal wound.

George Patterson and Warren Dennis of East Zorra were arrested on a charge of setting fire to Patterson's barn.

Brookville Liberals propose to lend to Hon. Geo. P. Graham, a public the convention has expressed its pre-determination on the evening of March 4.

SUFFERED TERRIBLE PAINS OF INDIGESTION.

MILBURN'S LAXA-LIVER PILLS CURED HER.

Mrs. Wm. H. MacEwen, Mount Tryon, P.E.I., writes—"For more than a year I suffered with all the terrible pains of indigestion, and my life was one of the greatest misery. It did not seem to make any difference whether I ate or not, the pains were always there, accompanied by a severe bloating and belching of wind. I did not even get relief at night, and sometimes hardly got a bit of sleep. In my misery I tried many remedies said to cure indigestion, but they did me not a particle of good, and I fully expected I would always be afflicted in this way. At this time my brother came home on a visit and urged me to try Milburn's Laxa-Liver Pills, and got me a few vials. By the time I had taken one vial I began to improve, and could eat with some relish. I was greatly cheered, and continued taking the pills until all traces of the trouble had disappeared, and I could once more eat all kinds of food without the slightest inconvenience. I am so fully convinced of their virtue as a family medicine, I have no hesitation in recommending them."

ASSISTANCE FOR NEW ONTARIO

Mr. Henry Rustad, of Swenson's Ltd., has returned from Toronto, where he on Thursday and Friday last attended the meetings of the Associated Boards of Trade of Ontario. Mr. Rustad, who was representing the Lindsay Board of Trade, attended the conference in order to assist the delegates from New Ontario, who are asking the Ontario Government to give a substantial grant of \$5,000,000 and thus assist the farmers in clearing their land and in building good roads. This, the Premier has practically decided to do, under safe conditions.

Mr. Rustad was a member of the committee on Resolutions along with the men from North Ontario, and succeeded in having the various resolutions unanimously passed. The resolutions asking for the \$5,000,000 grant being passed by the boards of trade.

The Associated Boards of Trade also requested that the Government appoint a good live commission with a view of promoting immigration to the north country. The Government will be urged to send to New Ontario those emigrants who understand farming and if possible prevent the young men of Old Ontario leaving for the Northwest by offering them inducements to take up farming in New Ontario.

NEVER DID LIKE OPS.

Mr. Peter Tully, who has been a resident of the Township of Ops for about eight years sold his farm and left for his old home seven miles west of Peterboro on Monday. Mr. Tully, during his stay in the township was well thought of by neighbors and friends in general. In speaking to a Watchman reporter he expressed himself to the effect that he was never content while in this district, or in other words, possessed a homesick feeling at all times. This being his only reason for returning to the place of his birth. He was accompanied by several brother farmers who assisted in hauling his household effects to Peterboro.

Bishop Fallon, of London, Ont., dedicated the new church of the Holy Angels at St. Thomas.

tending the milliner's wholesale open-air "display" being especially "enchanting." Have you any doubts in America?—Yanke: Surely, I married one.

HEART DISEASE CURED

Kingston Girl Saved by "Fruit-a-lives"

Heart Weakness and Heart Irritation are the common outgrowth of indigestion. Gas is formed in the stomach and this accumulation of gas bulges out the walls of the stomach and presses against the heart. Palpitation, pain over the heart, and sometimes a feeling of smothering and dizziness, all are caused by the stomach and not because of any organic heart disease. "Fruit-a-lives" will always cure this weak, irritated condition of the heart by curing the stomach.

91 CLERGY ST., KINGSTON, ONT.

"I suffered for some years with a dangerous form of Heart Trouble. My heart beat violently, and I had pain over the heart and down the arms. I also suffered with Constipation and Indigestion. I was treated by physicians and took many remedies, but nothing did me any good. Then I began taking "Fruit-a-lives", and this medicine completely cured me of all the heart trouble, constipation and indigestion, and gave me back perfect health." (Miss) MABEL TODD, age, a box, 6 for \$2.50, or trial size, 25c. At all dealers or from Fruit-a-lives Limited, Ottawa.

Sing Sing Drug Ring Broken up

New York, Feb. 24.—A figure-clad in stripes shambled toward a guard in Sing Sing prison shortly after roll call. He gazed furtively about, cautiously raised three fingers and shuffled back into-line. The guard, whistling aimlessly, stroled over.

"Nothin' doin'," he articulated from the side of his mouth. "I couldn't get you a 'shot' for a thousand dollars."

It was Sing Sing's way of announcing that the illicit traffic in morphine, opium, cocaine and other drugs, which had been going on for years, has ceased. For almost the first time in the history of the penitentiary scores of pasty-faced culprits went without the daily grain of narcotic that to some means more than life itself.

It became known yesterday that seven of the fourscore guards have been dismissed for bringing drugs, whiskey and tobacco into the prison.

According to Warden John S. Kennedy there has been an organized "morphine ring" working both without and within the prison. This ring, consisted of guards, convicts, ex-convicts and others.

Chief McCabe admitted that thousands of dollars worth of drugs has been illicitly conveyed to the convicts.

"A guard is paid \$55 a month when he enters the service," said Chief McCabe. "He is advanced at the rate of \$60 a year until he receives \$75 a month. It has been a comparatively easy matter for some guards to earn many times their salaries through the illegal smuggling in of dope to the prisoners."

"Many persons outside of the guards and convicts," he says, "are concerned in the traffic. There are ex-convicts and other friends of the prisoners who supply the money, illegal drug stores in New York from which the drugs are procured and certain tradesmen in New York from which tradesmen and others in this town, who, perhaps, unwittingly, have aided in the smuggling."

Chief McCabe explained this last statement by saying that he had discovered a butcher shop in Ossining where mail sent to "John Jones," "Bill Brown," "Sam Smith," etc., was delivered to guards who called for them. These letters and packages contained money and drugs. The money the guards kept, the drugs they smuggled into the cell.

It was discovered that a surprising number of embossed post cards have been sent through the mails to certain prisoners. One day Warden Kennedy was struck with the unusual weight of one of these cards. He slit it open with his knife and discovered a dozen "shots" of morphine within.

"We have had to watch for bulges in postage stamps," said the warden. "A postage stamp, as many of the prisoners have learned, is large enough to shelter a 'shot' of morphine."

About six "shots" of morphine can be purchased in this city for a dollar. An idea of the profit made by certain guards can be obtained when it is said that the cost of a single "shot" within the walls of Sing Sing is two dollars.

Six Lindsay Teams in Tournament

The contests for the Hughes cup in the coming tournament will produce some hockey. The cup is not yet to hand, but will be received by Mr. A. M. Paton early this week. Lindsay will have at least six teams competing, and already Little Britain's entry is in the hands of the executive.

On receipt of the cup the date of the tournament will be fixed and all arrangements, drawing, referees, etc., promptly proceeded with. Town and outside entries should be sent in at once as the season is far advanced.

In addition to the honor of holding the cup one year and the win engraved on its face, it is expected that the winners and runners-up will each receive extra prizes.

Police officers arrested a young girl who was living at a Chinese restaurant at Toronto.

The Toronto Auto Show

(As seen by Warder man).

The 6th annual automobile show at the armories, Toronto, held under the auspices of the Ontario Motor League, is proving a huge success. The value of the exhibits is said to total over \$1,000,000. In order to facilitate exhibits of foreign cars the armories and the St. Lawrence market, where a smaller show is being held, have been temporarily made bonded ware houses. By this means cars which came from foreign countries can be exhibited and returned without expending the enormous amount of money which the duty on these cars would total.

The exhibits are many and varied. The prospective buyer can examine everything from the cheapest motor cycle valued at \$190 to the expensive six-cylinder cars valued at about \$7,000.

The armories were thronged with people all day Friday, Lindsay being well represented. Among others we noticed: Mr. Chas. Sutcliffe, Mr. M. Sutcliffe, Mr. Bruce Wilson, Mr. R. H. Hopkins, (Toronto University), Mr. Dan. Cinnamon, Mr. James Cinnamon, Major F. Holmes Hopkins, Mr. Arthur Beall and Mr. Peter Ferguson.

It would be useless for us to attempt to criticize or even enumerate the cars that are on exhibition, there being about 200. All the makes familiar to Lindsay people, such as the Ford, McLaughlin, Russell, Flanders, E.M.F., Hup, Lozier, Cadillac, Napier, Pierce Arrow, Stoddard, Rayton, Packard, etc., were there, and many others less widely known, which are only commencing to invade the Canadian market. In this connection we should mention the Tudhope-Everett car, made in Orillia. They manufacture a 6-cylinder car, which they offer for \$2,100, including equipment, a remarkably low price for a 6-cylinder car.

The hall was very tastefully decorated, the ceiling being an enormous Union Jack, from which a large golden crown is suspended. Sitting provided in the galleries for those who were fatigued, while an orchestra played soothing music for tired t(y)red nerves. Altogether the show is the best we have had yet.

Kitchen Woman Poisoned Eight Little Babes

New York, Feb. 24.—The mystery of eight deaths of babies in the Brooklyn Nursery and Infants' hospital was solved, the police say, by the confession last night of Winnifred Ankers, a kitchen woman at the hospital admitting she placed oxalic acid in the babies' milk bottles. The alleged confession was obtained by a police lieutenant and detective after two hours examination of the kitchen woman, who had been under surveillance since autopsies developed the probability that the infants had been poisoned.

"On Saturday night after the bottles had been prepared for the babies," the police version of the confession runs, "I put two or three drops of oxalic acid into the bottles. I did not do it with intent to kill the babies, but I wanted to get square with the nurses who were my enemies."

The police believe that the Ankers woman is demoted, her story they regarded as true, however, and it was officially stated that she would be placed under formal arrest on charges of homicide to-day. It was considered advisable to leave her at the hospital last night under surveillance of a police officer.

Winnifred Ankers is twenty-four years old. She came to the hospital last July with her infant and after placing the baby in the care of the hospital she found work in the kitchen. She had been regarded as a phlegmatic sort of character, but occasionally aroused herself with temper, complaining of the small pay and poor foods she said she received. Owing to the fact that she was nursing her own baby the authorities gave her the same diet and was provided for as the other nurses, but still she complained of discrimination.

The woman's confession came after a grilling examination during which she broke down when told that they would take her baby away from her if she did not tell the truth. The Ankers woman then told how the babies had been poisoned.

In her confession to the police the Ankers woman said that she put two or three drops of oxalic acid into the bottles of milk prepared for the babies. She said she removed the stoppers of about fourteen and dropped the acid in. There were thirty bottles of milk in the ice box and she was still dropping the acid in when she heard some one coming. She stopped for fear of detection.

The woman said she felt bitter toward the nurses. They had, she said, snubbed her because she was a poor girl and her feeling of resentment had grown steadily for months and she had determined to get even with them.
