**Twenty Killed in a Huge Cyclone**  
 New Orleans, Feb. 23. — Twenty persons killed and sixty injured by a storm and cyclone, which swept the poorer colored settlements in Louisiana and Mississippi during the last two or three days. Whole villages were blown down and the inhabitants are in a fearful state of destitution and suffering. The property damage will amount any way to half a million dollars.  
 Winter resorts on the beaches of Florida felt the tail-end of this cyclone, so far as is known. State relief trains are being sent to the assistance of the victims.

**Coal Famine in Western Ontario**  
 London, Ont., Feb. 23.—The Canadian Coal Dealers' Association whose headquarters are in this city at a meeting held here to-day, sent an identical resolution to the Grand Trunk, Canadian Pacific, Michigan Central, Wabash and Pere Marquette Railways asking that coal be given the preference owing to the serious shortage throughout the country.  
 London's last supply reached here on Sunday when the Pere Marquette ran a special train from Buffalo via St. Thomas. This contained 23 cars of hard coal and a quantity of soft coal, but this has now been practically exhausted.  
 Local factories are suffering seriously from soft coal shortage, and it is said to be impossible to purchase any quantity.

**BURNSIDE-McCAFFREY.**  
 A very pretty wedding took place at the home of Mr. and Mrs. Chas. McCaffrey, when their daughter Mabel Alice was united in marriage to Mr. George A. Burnside, of Toronto, the ceremony being performed by the Rev. Robt. Burns. The bride carried a bouquet of bridal roses ending the drawing room on the arm of her father, accompanied by the strains of the wedding march rendered by her sister Miss Margaret. She was attended by her sister, Miss Ida, while Mr. C. D. McCaffrey assisted the groom. The couple left on the evening train for their home at 522 Lansdowne-ave., Toronto, where a reception was tendered them by their many city friends. The bride traveled in a tailored suit of navy blue with large picture hat and wearing a beautiful set of Persian lamb furs, the gift of the groom.

**HAD VERY BAD COUGH**  
**And Tickling Sensation in Throat.**  
**Dr. Wood's Norway Pine Syrup Cured It.**

Miss C. Danielson, Bowsman River, Man., writes:—"Last fall I had a very bad cough and a tickling sensation in my throat. It was so bad I could not sleep at night, so I went to a druggist and told him I wanted something for my cold, and he advised me to try Dr. Wood's Norway Pine Syrup which I did, and after taking one bottle I was completely cured. Let me recommend Dr. Wood's Norway Pine Syrup to anyone who suffers from a cough or throat irritation."  
 Dr. Wood's Norway Pine Syrup is without a doubt one of the greatest cough and cold remedies on the market to-day, and so great has been its success there are numerous preparations put up to imitate it. Do not be imposed upon by taking one of these substitutes, but insist on being given "Dr. Wood's" when you ask for it. Price, 25 cents a bottle; put up in a yellow wrapper; these please bear the trade mark; manufactured only by The T. Millers Co., Limited, Toronto, Ont.

**South Renfrew Elections**  
 Fate apparently laughed at the strenuous efforts made by the staunch Conservatives of South Renfrew in the bye-election yesterday, when a fierce two days storm of hail and snow greatly handicapped them in getting out the large absentee vote of 700 in their polling districts. The riding has been Liberal for years, giving the Liberal candidate a majority of over 600 at the last election. However, by getting out the absentee vote the Conservatives expected to not only reduce this majority but overcome it and thus send their candidate Dr. Maloney to the House at Ottawa. But, as stated above, fate intervened, and belated storms tied the roads up completely, the result being that Hon. P. Graham was elected by over 250 of a majority, a considerable reduction. It was the intention of the Conservative workers to get out every man possible from the lumber and construction camps, but only a small number were able to get out. This combined with the fact that there was a slight misunderstanding in the Conservative ranks owing to the famous agreement, and its repudiation by the party leaders, had a great deal to do with the defeat of the Conservative candidate. The campaign from the very commencement has been a bitter one, and a hard-fought one. The extremely cold weather of the past few weeks, the bad condition of the roads, entailed many hardships. But despite these hardships the big guns of both parties were brought into play during the campaign.  
 It is believed by all concerned that had the Conservative party been united that Dr. Maloney would have been elected by a handsome majority. However, some of the Tory leaders, as well as the Tory newspaper controlled by the party leaders, went over to the enemy, and thus Dr. Maloney was fighting against large odds. Considering this he made a good showing.  
 Early in the summer of 1911 when a Dominion election was talked of and before either Mr. Low, Liberal, or Dr. Maloney, Conservative, had been nominated it is said that some Conservatives approached some of the active Liberals of South Renfrew with this proposition: They said, "It looks like an election. We don't think that we can defeat Low. We don't believe that you can defeat McGarry. Why shouldn't we agree to let the 'wo go in by acclamation and thus save 'the trouble and expense of two contests?" Liberals

**Good Prizes For Spring Horse Show**  
 Mr. Albert Ashmore informed The Watchman-Warder that a special prize will be given for the three best yearling colts, with sire, shown at the Spring Horse Show, which will be held in Lindsay during the month of April next.  
 Mr. Ashmore is in receipt of large contributions received by him from outside sources to assist in placing the event in the foremost rank. All horsemen should take a keen interest in this forward march of aspiring greatness, in the horse raising industry, and get these colts and sires ready for exhibition, at what promises to be one of the greatest and best horse shows ever held in Lindsay.

**What the Men Will Like.**  
 Beef tenderloins are sure to prove acceptable to the men of the family who want something "solid" at dinner. A cabbage salad is delicious served with the dinner, the contrast adding to the flavor of the meat.  
 Beef Tenderloins.—Cut from the end of a tenderloin of beef slices about five-eighths of an inch thick and flatten down to three-eighths of an inch. Trim round. Salt on both sides, pepper and place over the fire in a hot saucepan containing a tablespoonful each of olive oil and butter. Cook rapidly seven minutes, arrange on small pieces of toast that have been fried in oil and serve with mushroom sauce.  
 Roast Sweet Potatoes.—Wash and scrub the potatoes. Be careful not to break the skin. Place in a baking pan in a hot oven and bake until mellow. Serve in their jackets very hot.  
 Cabbage Salad.—Shave fine half a medium sized head of cabbage that has been left in water until crisp and drain. Season with salt and pepper. Make a dressing of the beaten yolks of two eggs whipped with two tablespoonfuls of thick sour cream, two tablespoonfuls of sugar, a sprinkle of mustard and half a cup of vinegar. Beat until thoroughly mixed and toss lightly with the cabbage.  
 French Omelet.—Beat four eggs lightly, whites and yolks together. Add four tablespoonfuls of cream, a teaspoonful of salt and a little paprika or white pepper. Put a teaspoonful of butter in a clean hot omelet pan and turn in the eggs. Pick up the cooked egg from the center with a fork, allowing the uncooked to run under. Continue until the entire mixture is soft and creamy. Place over a hotter fire to set and brown, fold and turn on to a hot platter.

**DO YOUR HANDS CHAP**  
**ZAM-BUK WILL GIVE EASE IN ONE NIGHT.**  
 For badly chapped hands, cold cracks, frost bite, etc., Zam-Buk is the best known balm. Wash the hands or part affected in water as hot as can be borne. Dry with a soft towel, and then smear the Zam-Buk well over the part. If it is the hands wear a pair of old gloves overnight. By morning the pain will be gone. Then use Zam-Buk a few more times and the cracks will be healed. Mrs. A. F. Phillips, of Ayers Cliff, Que., says: "I suffered terribly from chapped hands. At times my hands were so sore that I could almost have cried with the pain. I tried Zam-Buk and in a very short time my hands were cured."  
 Mrs. W. M. Balliet, of Port Hawkesbury, N.S., writes: "Some time ago my hands were very badly chapped. Ordinary ointments did not heal them, and I was advised to try Zam-Buk. To my great delight, it healed my hands completely."  
 Zam-Buk will also be found a sure cure for piles, ulcers, blood-poison, varicose sores, cuts, burns, bruises, and skin injuries generally. All druggists and stores sell at 50c. box, or post free from Zam-Buk Co., Toronto, on receipt of price.

**OBITUARY.**  
**EDWARD BURTON.**  
 The death took place on Wednesday, Feb. 21, of Mr. Edward Burton, who resides one mile north of Cambury Village. The deceased gentleman who had been ailing for a few weeks was 68 years, 1 month and 13 days of age and had been a resident of the district for upwards of forty years, being well known and highly respected.  
 The late Mr. Burton is survived by three sons and one daughter, namely: John Burton, of Cannington; William, of Sebright; Samuel, of Cambury; Mrs. Jas. McGahey, of Dunsford. Also three brothers, Robert, of Cambury; Joseph, of Franklin, Man., and George, of Lost River, Sask.  
**RAY OF SUNLIGHT.**  
 A number of disgruntled grunts and out of office men smiled for the first time in months on Friday knots of them could be seen along Kent, and in doorways discussing the Renfrew victory. This little ray of political sunshine may brighten their lives, and thoughts of their future greatness, but it is only a foolish dream.  
 The property of the Brantford Street Railway was seized for taxes, but the company has given security for the amount due.

 Laboratory of Provincial Government Analyst.  
 MONTREAL, 22nd February, 1909.  
 I HEREBY CERTIFY that I have drawn by my own hand ten samples of the St. Lawrence Sugar Refining Co's EXTRA STANDARD GRANULATED SUGAR, indiscriminately taken from four lots of about 150 barrels each and six lots of about 450 bags each. I have analyzed same and find them uniformly to contain 99-99/100 to 100 per cent of pure cane sugar, with no impurities whatever.

**Storm was Bad at Burketon**  
 Out in the vicinity of Burketon, where there are several deep cuts on the Peterboro line, it was ascertained that the road bed was in a badly blocked state, and that the trains experienced considerable difficulty in getting through. No complete tie-ups, however, of either passenger or freight traffic had occurred.  
 The C.P.R. snow plows were out, up and down the line endeavoring to clear the tracks. The abatement of the high wind will mean a general alleviation of the unwelcome conditions. A large snow plow left the track. It was in charge of Mr. W. H. Noyes, of Peterboro. There was a blockade for a short time only as the plow soon pulled into place again.  
 Conductor Jobbitt, in referring to the snow-up in connection with the G.T.R. service, said that the Port Hope and Belleville Divisions are the heaviest sufferers.  
 Among the trains stalled Thursday was the G.T.R. pay train which was expected to arrive in Peterboro about 9.15. It was reported on a siding at Madoc Junction and would not arrive at the local station until after a snow plow had been over the line.

**Church Gives New Dancing School**  
 (Rev. Dr. Chas. H. Parkhurst in N. Y. Journal).  
 Dances are being held in Guild hall, Milwaukee, under the auspices of St. James' church, and it is prepared to extend the scheme by the opening of a free dancing school for the children of the parish. The plan is adopted as a means of combating the public dance hall, which is charged with the ruin of thousands of young girls every year.  
 Their method of saving girls is going to rouse to indignation a certain type of religious sensibility which would rather see the poor things rounded than have them saved by means not provided for by the tenets of a narrow traditionalism.  
 It is unfortunate that there are so many people engaged in the work of salvation that are quite unappreciative of certain native instincts—and quite proper ones, too—that go to compose the personal make-up of the people they are attempting to save. This is no criticism upon their integrity or the sincerity of their convictions. Not is it to forget that safety lies on the side of conservatism rather than on that of a spirit of hasty innovations. But the fact of the case is that there are certain things that young people are going to do; that it is even the law of their physical constitution to do, so that it is a violation of their constitution if they don't do them.  
 And dancing is one of them. It is as much a matter of nature for a young girl to dance as for a calf or kitten to frolic. It is a species of physical appetite. Even an adult's toes will twitch accompaniment to dance music. This appetite is an ordinance of the girl's being, and if it is repressed at a good point it will break out at a bad point.  
 A great deal of young devilry is simply the result of wholesome impulse that has been thwarted. More than half of a boy's mischievousness is due to the abrupt and forcible closing of avenues of egress. Any locomotive boiler will explode if too much pressure is put on the throttle. Now, that is evidently the idea of these Milwaukee church men and church women. The girls of Milwaukee are going to dance. Animal spirits that have no vent to govern them are destined to an explosion, and when it comes it will come in a way that is disastrous.  
 One problem that the church has to solve is how to conduct of accumulated physical pressure in a way, and under such circumstances and with such an environment that the process may result harmlessly. Any comprehensive scheme of salvation will have to deal considerably with the animal impulse as well as with the moral and spiritual ones.

**MURDERED BY SON.**  
 Guelph, Feb. 23.—Mr. H. W. Wallace, the prominent banker who was murdered by his son Rex at St. Paul, Minnesota, was born in Ponsby, Wellington county, and went west thirty-two years ago. Rex visited in this city about two years ago.  
 The murdered man was a brother of Mr. Wallace, reeve of Pilkington township, and a brother-in-law of Mrs. Thacker of Ponsby. Besides shooting his father to death, young Wallace seriously wounded his brother-in-law and then killed himself. The tragedy occurred in the bank of the elder Wallace. It is alleged that young Wallace had written a letter some weeks ago to his father threatening to kill him unless he fulfilled a promise to give him \$25,000.

**BRANCH BANK CLOSES.**  
 Haliburton correspondent to Bobcaygeon Independent: Owing to lack of business the Sterling Bank has given notice that they intend to close the Haliburton branch on March 15. The bank in Haliburton was doing a very good business before the Local Option by-law passed and then it has been steadily on the decrease. The bank was a great convenience to the people and will be much missed and so will the bank clerks for they always made themselves very agreeable both with the boys and girls.
