### A LITTLE OF EVERYTHING

Gleaned from our Exchanges  
The guests of the Oriental Hotel, Peterboro, were awakened by a loud crash and a sound of falling glass shortly after seven o'clock Thursday morning. With visions of Carrie Nation and her little hatchet in their mind's eye, it didn't take long for clothing to be donned and in a very few minutes there was a big crowd sizing up the bar room. No tornado attired in petticoats, however, was visible, although damage had been done to the extent of smashing the handsome plate glass window in the front. It appears that two early callers were wrestling in fun and one of them jumping out of the way stepped through the window.

The estimates for the Orillia Asylum for the coming year are to hand and the amount required to run institution for the year is estimated at \$61,577, of which about \$20,000 is for salaries. In addition \$5,000 will be spent on repairs and improvements this year.  
Mr. Crawford Goffatt of Orillia went to Buffalo on Thursday last for the purpose of renting a hotel or boarding house during the Pan-American exposition. He returned on Monday after successfully negotiating for the Hochelaga House on Franklin street. The house has a capacity of about 40 people and Mr. Goffatt will take possession in a month. It looks like a good speculation.

The Mayor of Toronto has been requested by the Canadian Manufacturers' Association to call a convention of three delegates from each of such organizations as the Board of Trade, Manufacturers Association, of Trade, the Trades and Labor Architects and Guild of Civic Art, and school boards, to "consider the best idea for planning out beautification of the city" as a Victoria memorial.

Toronto Star: It's all very well for Dr. Sheard to talk of quarantining an hotel, but in a country place such an action is an awful blow to the inhabitants, who were not in the place at the time.

A contemporary remarks on hearing of the denial of the report that Mrs. Maybrick had been pardoned: "It looks as if poor Mrs. Maybrick was destined to stay in prison." That is so; and it looks as if the poor poisoned Mr. Maybrick was destined to remain dead.

It is stated that a company will be organized in Cleveland, Ohio, within a few days composed of eastern and Cleveland capitalists, and capitalized at \$1,000,000, to erect a system of sanitarium in large cities of the country for the cure of consumption by electricity. It is alleged that a positive cure for the disease has been found. Col. William S. Rogers, of the Brush Electric Company, is one of the promoters of the company. He said: "The company is financing a new invention. An absolute cure for consumption has been found. Electricity will play a most prominent part in the cure we are advancing, and we anticipate that the ends we aim at will be attained. Medicine plays no part whatever. A site has been chosen, and the first sanitarium will be built in this city at a cost of \$180,000.

A special from Chardon, Ohio, says that William Beckwith, a farmer there, is the owner of a gander known to be over a hundred years old. Beckwith's father brought the gander with him from Connecticut. The bird is named Socrates and is still leader of the flock.

Uxbridge Journal: Aurora will get the Markham shoe factory. Only 7 voted against the proposed bonus of \$10,000. We think Aurora will pay for its whistle. In the face of the law we do not see how Aurora can bonus a running concern from another town.

Toronto Star: If the Irish party is short of funds, as reported we know of a coincidence, for an Irish party stopped a man in King-st today and confessed to being in the same predicament.

The capital of the United States Steel Company will be \$1,154,000,000.

The War Office has made a contract with an American merchant to supply 8,000 felling axes for the British troops in South Africa.

In Italy it has of late become so much the fashion for people to throw themselves in front of the railway trains with suicidal intent that the authorities have had "catchers" fixed to the engines, that the would-be self-destroyers may be scooped up and carried to the nearest station.

Great Britain gives £3,000,000

more to the war expenses. When it is all over, it will be interesting to divide the number of Boers into the total cost, and thus ascertain how much it costs to lick a Boer.

Will the Buffalo News kindly institute a search throughout its own country and see if it can find an Admiral Dewey, who was once a greater sailor than Nelson.

A baby was born Friday on the cars between Toronto and Owen Sound. It may be said that its training commenced early in life.

The preparation of human hair for the market gives employment to more than 7,000 Parisians.

Wood-pulp paper as military clothing is used by the Japanese troops. It is marvellously tough and has a neat appearance.

Uxbridge Journal: It has been the custom for some winters here to send a boy with a good pair of lungs around town with a bell on the evening of a hockey match to remind the public of the game. The boy does not proceed far before being joined by other boys. The other boys are willing to take turns at the bell or help shout, and generally the result is a lung contest from which the general public can understand little. But it serves the purpose. Some person stops the crowd to ask them what they are saying, and learning that there is a hockey match on, passes the word around. Long live the boys!

The German Emperor has issued a decree that the English language shall be taught in all the higher schools of the German Empire.

The trustees of Mount Auburn cemetery, Cambridge, Mass., say in their annual report that cremation seems to be growing in favor.

The difference between the tallest and shortest races in the world is 1 foot 4 1/2 inches, and the average height is 5 feet 5 inches.

A salmon has been known to produce 10,000,000 eggs. Some female spiders produce 2,000 eggs, while a queen bee produces 100,000 eggs in a season.

It is calculated that 10,000,000 photographs of the Queen and the Prince and Princess of Wales are produced annually, and find a ready sale all over the world.

An automobile travelling van, an improvement on the parlor car, has been ordered for King Leopold of Belgium. It will cost \$30,900 and will contain a parlor, a bedroom, and a servant's room. It will have a 30 horse-power engine that can send it along at the rate of 45 miles an hour.

Britain brews 36,500,000 barrels of beer in a year, and drinks them all but the odd half million.

New York city consumes 5,200,000 tons of ice a year, of which 4,500,000 tons are natural ice.

More steel is used in the manufacture of pens than in all the sword and gun factories in the world.

Some of the screws used in watches are so small that it takes 380,000 of them to weigh a pound.

If the whole water-power of Niagara were used it would be worth \$1,500,000 a day.

Over £200,000 worth of diamonds are stolen every year from the South African diamond mines.

Coal is worked so easily in China that in Shansi it sells at less than one shilling per ton at the mines.

On the top of Ben Nevis, 126 inches of rain fall in a year, in London 25 inches, in Ireland 35 inches.

The United States has a lower percentage of blind people than any other country in the world.

**Piles! Piles! Itching Piles**  
SYMPTOMS—Moisture; intense itching and stinging; most at night; worse by scratching. If allowed to continue tumors form which often bleed and ulcerate, becoming very sore. SWAYNE'S OINTMENT stops the itching and bleeding, heals ulceration, and in most cases removes the tumors. At druggists, or by mail, for 50 cents. Sample free. LYMAN SONS & CO., Montreal, wholesale agents.

### VIGOROUS OLD AGE

Obtained Through the Use of Dr. Williams' Pink Pills.

MR. WILLIAM GRAY, OF NEWMARKET, TELLS HOW HE BECAME HALE AND HEARTY AT THE ADVANCED AGE OF SEVENTY AFTER HAVING SUFFERED GREAT TORTURE FROM SCIATICA AND RHEUMATISM.

From the Express, Newmarket, Ont.

Mr. Wm. Gray, who is well and favorably known in the town of Newmarket and vicinity, is rejoicing over his release from the pains of sciatica and rheumatism through the use of Dr. Williams' Pink Pills. A reporter of the Express called upon him for the purpose of obtaining particulars of the cure when Mr. Gray gave the following story for publication:—"About two and a half years ago I was seized with a very severe attack of rheumatism. The pain was simply torturing. At times the trouble was seated in my knees, then in my hips. For nearly a year I suffered along, working as best I could, in the hope of being able to overcome the disease. During the day the pain was less severe, but at night it was just as bad as ever. To increase my torture I caught cold which resulted in an attack of sciatica in my right leg. If I walked a short distance I would be seized by sharp pains in the hip and in time I became a used up man; my appetite failed me, and I could not rest at night on account of the pain. I tried one medicine after another without avail. I also consulted doctor's with no better result. I was beginning to think that I was doomed to suffer the rest of my life when one day a friend strongly advised me to try Dr. Williams' Pink Pills. I took his advice and procured a supply of the pills and began taking them according to directions. Before the third box was finished I noted a change for the better, so I continued the use of the pills till I had taken ten or twelve boxes when my trouble had entirely disappeared. To-day I am free from pain and feel that life is worth living, even at the ripe old age of seventy. I can now do a day's work with many men who are twenty years younger than I. I thank God for my restoration to health through the agency of Dr. Williams' Pink Pills, and I trust other similar sufferers will give them a trial, for knowing that these pills have done for me I am sure that they cannot fail as beneficial to others similarly afflicted.

If the blood is pure and wholesome disease cannot exist. The reason Dr. Williams' Pink Pills cure so many forms of disease is that they act directly upon the blood and nerves, thus reaching the root of the trouble. Other medicines act only on the symptoms of the trouble, and that is the reason the trouble always returns when you cease these medicines. Dr. Williams' Pink Pills make permanent cures in kidney troubles, rheumatism, erysipelas, anaemia and kidred diseases. But be sure you get the genuine which bear the full name Dr. Williams' Pink Pills for Pale People on the wrapper around every box.

A horrible story was revealed at the Coroner's inquest into the cause of the death of Mrs. George Maynard of No. 2 Desjardins lane, Montreal. Maynard, who is in the employ of the C. P. R., went home very drunk on Thursday night and found his wife lying on the floor dead and covered with blood, but did not tell anyone until next morning. That was the story he told, but it seemed incredible, and he was naturally under suspicion. The evidence at the inquest, however, corroborated him. The four medical men who examined the body agreed that there was no evidence of murder, but that the wounds appeared to have been caused by an animal's teeth, and not by any instrument. It was shown that Mrs. Maynard kept six dogs in the house, and often when she was on a spree left them un-fed for days, and they became ravenous. On the day of her death she was particularly drunk, and it is supposed that the dogs in desperation, attacked her. At any rate, the jury rendered a verdict that Mary Maynard died from nervous shock or fear, caused by the bites of dogs, while in a state of intoxication. Two of the jurors dissented from this verdict and asked the police to investigate the case.

**TO CURE A COLD IN ONE DAY**  
Take Laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. 25c. E. W. Grove's signature is on each box.
