Mr. Hancock of Peterboro has been visiting friends in this neighborhood recently.

Miss Ida Colwill of Sonya is visiting under the parental roof at present.

Mr. Dan McLean has purchased a house and lot from Mr. John McLean. The next move will be securing the bird to put in the cage, quite likely. Success to you Dan in all your undertakings.

Mr. Geo. Colwill still remains very little improved in health.

Mrs. Rodman has returned home after spending a few pleasant days with her daughter Mrs. Cornil at Taylor's Corners.

While sawing wood at Mr. Tripp's the other day Mr. Tripp had the misfortune to break both the crown wheels of his horse power besides a few other slight breaks of some of the pinions.

KINMOUNT

Builders' Hardware at Cinnamon's. It is with sorrow that I this week report the death of Mr. Wm. Caldwell's third daughter Elsie from that dreaded disease diphtheria. Elsie was a dear little girl and a favorite with everybody who knew her.

She developed diphtheria about a week ago and was quarantined in the hall attached to Scott's hotel. Despite the skill of Dr. Frost she died on Thursday morning and was buried on that afternoon. Her seat in St. James' Sunday School was draped in mourning on Sunday last.

Much sympathy is felt for Mr. Caldwell and family in their sore bereavement. Gilbert Watson, son of Alex. Watson, is ill with diphtheria and is being attended to by Dr. White. We hope that the Board of Health will be a little more strict and not allow anybody to leave a placarded house.

If things go on as they have been an epidemic of this disease is sure to follow.

Mr. Jno Scarlett is out again having got over the injuries received when his team of horses ran away.

Our new tailor Mr. Coleman has secured the hall over McDougall's blacksmith shop, where he is now ready to take your measure for a new spring suit. Prices right and guaranteed. Give the old gentleman a trial. There is also some talk of Mr. A. Clarke of Fenelon Falls opening a tailor shop and gentlemen's furnishing store in Mr. A. Watson's old stand.

Mr. Jas. Gertchell was married to Miss Tessie Cline, daughter of David Cline of this place, on Wednesday evening last. Congratulations Jim.

Mr. A. E. Bryson, principal of Robey's schools and formerly of Kinmount school, was a visitor here on Friday, Saturday and Sunday last.

Miss Ina Scott who has been in Toronto some time learning dress and mantle making, will be home shortly and start a dress making shop in our village. We wish her success.

Mrs. Joy and child of Fenelon Falls were in Kinmount on Saturday last for a few hours. Mr. Joy will shortly move his family here. All are welcome.

The trustees of S. S. No. 3 have about decided to build a new school in the village this coming summer. It is expected that it will be ready after the summer vacation. It will be a two storey building about 30x50 inside, brick veneered lined inside with half inch grained basswood and heated with hot air furnace. In fact it will be an up-to-date building and a credit to the section.

Miss Mabel Soward is again laid up with a severe attack of bronchitis.

The Tories carried North Bruce in spite of two grit governments and the infernal "West Elgin Machine."

G. W. Ross and his tottering oligarchy will get the same dose.

Puley & Joy's flour mill is running in excellent shape and turning out a splendid grade of flour. Arrangements are being made to supply the farmers in this vicinity with the right kind of seed wheat at a reasonable figure. The car of Manitoba wheat which arrived here a few weeks ago is nearly all used and several more are expected shortly. Our village is booming.

Mr. Fred Bravender, manager of the Kinmount Cooperage Co. is laid up with a severe dose of grip.

JANETVILLE

Cinnamon's for Paints, Oil, etc. It has been rumored around here this while back that our temperance house was going to be closed. Upon enquiring of the proprietor we were informed that the report is true and that he is going out of the business in the next month. We are very sorry that Mr. Stinson cannot see his way clear to still continue the business as it will be a great setback to our village not to have a public house. If we were allowed to express our opinion it would be that some of the church and temperance people would do less talking and support temperance a little more there would be a better chance for a living in the temperance business here.

Miss Maud Bradburn gave a select party to a few of her friends on Thursday evening last in honor of Trooper Paul's safe return from South Africa.

Owing to Wednesday evening last being so wet quite a number of our people were disappointed in not getting to the basket social at Mr. Laidley's.

The Rev. Mr. Adam, who has been very sick, is improving. We hope to soon see his smiling face out amongst us again.

FAIRBAIRN

Cinnamon's for Paints, Oil, etc. Mr. A. J. McKinnon of Toronto gave our town a call renewing acquaintances.

Miss Gertie Tiers spent a few days recently visiting her sister Mrs. Alf. Northey at Fenelon Falls.

Mr. David Oliver visited the home of Mr. P. Barker last Sunday.

Mr. Wm. McGee of the Yukon formerly of Cameron, is visiting friends around Fairbairn.

Some of our young men took in the tea meeting on Monday evening where a good time was enjoyed. One had the misfortune of an upset while going down.

A surprise party visited "Camp Buzz" last Tuesday night. A very enjoyable evening was spent. 'Twas a sad trip coming back.

Our jolly Walter has returned to these corners. When is the "hot time" going to be.

Mr. E. Tiers had the misfortune while getting out lumber for a drive shed to fall off a log and break some of his ribs. We hope he will soon be out again.

The many friends of Mr. Samuel White are pleased to hear of his recovery from a severe attack of grip.

Mr. Charley Found and Miss Bessie Davey were united in the bonds of holy matrimony on the 13th inst. More expected to follow soon.

A couple of dudes from Oakwood paid a visit to our town on Sunday last. They were a picture of joy and sorrow. While one appeared at church with his lady friend the other was compelled to take a back seat. All through the interference of a local man Graham bread seemed to be the favorite.

Mr. Wm. Suggitt, our worthy merchant and ex-councilman has been used up since he attended a session of the new council. It gave him such a pain to see the way they did business that it settled in his left leg. He thinks that by a diligent application of liniment and Shier's

CAMERON

Pure mixed paints at Cinnamon's. The sun and rain is making the snow scarce out our way and as a result of it the roads are very bad and almost impassible.

We are all prepared for spring work now, our wood is all put away and our machinery ready for use. The most important part is, the men are in first-class condition to begin work.

Our dancing is very near over I guess we will have to wait till 1st of July or 12th, or maybe next winter. Oh! dear.

There was a slight mistake in our last issue concerning that party where it said fifty or sixty being present it should have been five or six.

Those who haven't got their ice stored away better get at it or give it up for a bad job.

Having read in local and other papers of Col. Sam Hughes bringing before the Dominion government the necessity of giving ammunition, rifles etc. for the use of our local battalions as well as those of other battalions must thank him in this way in behalf of our surrounding community as well as myself. Better rifle shots, and more of them is what we want and this is plainly shown by the present war. Keep on Colonel; you're the right man in the right place.

In the Drawing Room.

Jinks (at a party) - I don't see what's the matter with that pretty woman over there. She was awfully dirty a little while ago and now she won't have anything to do with me.

Stranger - I've just come in. She's my wife. - Life.

A Contrast.

The man who so gaily a short while ago Of "sweeping the country" would talk Now curses and kicks when he has to go out And shovel the snow off his walk.

The Chief "Difference."

Tommy - Say, paw, what is the difference between an amateur poet and a professional?

Mr. Figs - The amateur poet, my boy, is the one that keeps the professional starving.

For Example.

"I shall order a modest luncheon," said Tenspot as he scanned the bill of fare. "What is your idea of a modest luncheon?" asked Bunting. "Well, for example, I shall have dressed tomatoes."
