THE NEW RAILWAY

Hon. F. E. Latchford on the Route—Drove Out Fifty Miles North Bay—Great Progress

Just before the opening of the new railway, the Hon. F. E. Latchford returned from a tour along the Temiskaming and the progress of the work. He has proceeded through the whole of the route, and has no difficulty in handling the work. Between 1,900 and 2,000 men are now at work on the grading completed to the February is about 22 1/2 miles covers some of the heaviest of the work. Grading is progressing north of Boyceville, north of North Bay, and northerly point I was able to see. The contractors have a large depot for supplies the winter from 150 to 200 men have been continuously employed on drawing in constructed over a road constructed by the Government. At Boyceville large work has sprung up in the month. Five large warehouses have been erected, and a sixth is under construction. Sixty cars of construction. Sixty cars of construction. Sixty cars of construction.

Progress So Far Made

The line along Trout Lake, the North River, which is three or four hundred feet, is being worked. The work is being done in a very satisfactory manner, and the progress is being made.
