

Making Stock PAY

Most people who have stock know that keeping it in good condition is money in their pockets. Condition Powders are widely used—often with poor results. The ordinary kind are an old mixture of good and bad—gotten up in the "hit-or-miss" fashion. Remedies for stock should be as scientific as those for the human family, and on this basis Old English Condition Powder is compounded. **Per pound - 20 cents. 6 pounds - \$1.00.**

...LITTLE LOCAL LINES...

News of Town and Country Briefly Told

—Several government officials were in Fenelon Falls last week inspecting the dam there, and as a result it is expected a new concrete dam will be built this summer.

—Remember the sale of high-grade horses, cattle and implements (nearly new) at lot 16, con. 6, Ops, on Monday, March 5th, the property of Foster Thompson. Sale at one o'clock and without reserve.—S-2.

Sunlight Soap is better than other soaps, but is best when used in the Sunlight way. Buy Sunlight Soap and follow directions.

—The annual meeting of the Lindsay Branch Upper Canada Bible Society, will be held in St. Andrew's school room on Thursday evening next, March 8th, at 8 o'clock. Rev. Bernard Bryan, rector of the church of the Epiphany, Toronto, will deliver an address.

—Peterboro County Council have decided to purchase the Preston property of 100 acres at Lakefield as a site for the new County House of Refuge. The price was \$8,500. There was great rivalry between Norwood and Lakefield for the location. The new institution will cost \$30,000.

—Mr. Frank Scully, of this town, is making arrangements preparatory to moving his family and effects to Saskatchewan between the 5th and 20th of March next. Mr. Scully has been engaged in farming in that district for the last three years, and has prospered beyond his highest anticipations. He has also invested in town property in Battlefield, some of which he has since sold, realizing three and four times the amount invested. Since going there, he has received an appointment from the government as a weed inspector, of which like in Ontario there are many varieties. Wild oats give much unnecessary work to the farmer being brought in mixed with the seed. Water is scarce in some localities, settlers have to drill several hundred feet before striking a spring. Supplies of drinking water are produced from spring lakes of which there are many. All varieties of grain can be grown and it is the intention of Mr. Scully to take some fancy peas with him and test their adaptability to that soil and climate. Should success attend his experiment a fortune can be amassed in this line of husbandry in a few years. Pease, beans are unknown and the pomme de terre brings one dollar a bushel if it were put under the hammer. His many friends around Lindsay wish him much success in his new home.

—That valuable parcel of land, containing 231 acres, situated partly in Ops township and partly in Emily and owned by Mr. Frank Scully, of Lindsay, was purchased by Mr. Geo. Winsor, of the latter township for the sum of \$8,700 last week.

—About forty little boys turned out on Saturday last to institute a search for 3-year-old Jimmy Kimball who strayed from his home on Glenelg-st. The youthful search party were not long in locating their friend, and returned with Jimmy in advance, followed by a crowd such as might be seen when Uncle Tom's Cabin strikes town.

—Mrs. Crowe, aged about 65, widow of the late Thomas Crowe, committed suicide at Lakefield on Saturday evening, by deliberately walking into the river. Two boys on the bridge saw her. The body was soon recovered but life was extinct. No cause is known for the rash act.

—Two weeks ago was celebrated in Dumfries, Scotland, the 60th anniversary of the seizure by Robert Bruce of the Royal Castle of Dumfries, an act which began the war which obtained Scottish independence. A telegram was despatched to the King assuring His Majesty of loyal devotion. The principal oration was delivered by Sir George Douglas, Kelso, the poet historian. He spoke of the toils, privations, and reverses of Bruce, and of his gentle virtues of patience, steadfastness and devotion. The battle was not to the strong; it was to the right, free, temperate, devout. All honor to Bruce! Great was his service rendered to the country, and great was the magic of his name. To Scotland, his countrymen, was bequeathed this noble heritage—his memory. Let them preserve its lustre, and guard jealously the honor of that land for which Bruce fought and bled.

—There were several mix-ups at the Lindsay station after the hockey game with Port Hope, and only for the large numbers from Port Hope, there would no doubt have been trouble. As it was just as the train was pulling out, a Lindsayite threw a piece of coal striking Mr. Victor Hagerman on the nose, breaking it badly. Peterboro were treated the same way when they played there two weeks ago.—Port Hope Times.

—Mr. John Campbell, of Fairview Farm, Woodville, Ont., who has been attending Farmers' Institute meetings in five western Ontario Counties, finished his work in that connection on the 22nd of February. He was telegraphed by the Agricultural Department asking him to speak at Ottawa on "Markets and How to Supply Them." The talk will be given at the Eastern Fat Stock Show.

—Hon. Chas. Fitzpatrick, received last week a delegation of County Wages from districts of Northwest Ontario, comprising Judges H. O'Leary, Thunder Bay; Valin and Leask, Nipissing; F. W. Johnston and O'Connor, Algoma; A. B. McCullum, Manitoulin; McCurry, Parry Sound; Chapple, Raily River; and Mahaffey, Muskoka, Muskoka. They asked for an increase in travelling expenses. Owing to the higher cost of living in New Ontario and the greater expense in travelling long distances that had previously been receiving \$2,900 salary, so that the augmentation of stipend to them was only \$100, while their travelling allowance was cut down much below what is claimed to be the actual outlay.

Corry and Leander, contractors for the Peterboro lock, having built according to the specifications, the repairs will have to be carried out at the expense of the Government.

—In the various municipalities which adopted local option at the recent elections, the following parody on an erstwhile song will no doubt meet with favor with the "Nonody drinks but father, He-boozes round all day; But we have one consolation left, 'Twill be stopped on the 1st of May. Then mother won't take in washing. Neither will sister Ann. When nobody drinks round our house.

Not even my old man.

—Gravenhurst Council last week raised the hotel license fees from \$150 to \$250—within \$20 of the limit.

—The last issue of the London, (England) Lancet, contains an article on "The Medical Treatment of Appendicitis and Allied Bowel Troubles," from the pen of Dr. Palmer Burrows, of this town. It is certainly a compliment to Dr. Burrows and a credit to his journal, that his paper, that a journal, known as the highest medical authority should have given space for its publication. The views he has given are certainly in a large degree new, and now appearing in the Lancet, becomes a property of the medical profession throughout the known world.

—A protest from the Congregational Minister at Peterboro, Ontario, will be laid before the Legislature against the introduction of legislation legalizing horse-racing at county fairs, as asked for by the Ontario Association of Fall Fairs and Exhibitions, which requested the repeal of the law prohibiting it on the ground of its being practically a dead letter. A resolution embodying such a protest, presented by Rev. Dr. Chown and sent to the several Ministerial Associations, was adopted by the Congregational ministers on Monday and a copy ordered sent to the Minister of Agriculture. A similar resolution was adopted by the Presbyterian ministers, who appointed a committee to cooperate with similar committees from the other associations. The Congregational ministers also decided to request the government to change Thanksgiving Day from Thursday to Monday.

—Crossley and Hunter, the well-known revivalists, have been recently conducting a series of meetings in Midland with the result that that town is being petitioned for total prohibition of the sale of liquor on the same in the near future. The revivalists are now in Barrie, where it is expected their efforts will be similarly rewarded. Orillia will be next, and then comes Lindsay. The present feeling of a great number of prominent citizens in this town, is that if Local Option was voted on it would carry. Time, however, will show.

—The return game to decide who should meet the Woodstock team in the final Junior O.H.A., was played last Friday at Port Hope, between the juniors and the Lindsay Midgots. The home team won by 4-0 thus spoiling Lindsay's chances for this season. The game was well contested, but the ice being soft, the Midgots could not get in any combination work. The rink was crowded with spectators, about 200 of whom were from Lindsay, a special train being run for the occasion. The final game between Port Hope and Woodstock was played last night, the result not reached us at the time of going to press. To-morrow (Friday) the Midgots play an exhibition game with Fenelon Falls, and a splendid game should result.

—A most enjoyable concert was given in the Opera House last Thursday under the auspices of the Ladies' Auxiliary of the Ross Memorial Hospital. The performers were the Toronto Ladies' Trio, Miss L. D. Adamson, Miss Lois Winlow and Miss Eugenia Quehen, assisted by Mr. Robert Stuart Piggott, baritone vocalist. The program proved a delightful one, each number being very warmly received. The ladies of the Auxiliary deserve every commendation for providing such a musical treat, and it is to be hoped that their future efforts will be rewarded by larger audiences and more cordial support.

—A banquet will be given by the Board of Trade on March 8th at the Benson House. Invitations have been extended to Messrs. Wm. McKenzie, J. W. Leonard and F. H. McGuigan, not that any of the parties are in the nature of a speech, but to have them grace the Board with their presence. The members of the Board hope that the membership will be as large if not larger than during the past year.

—A meeting of the Poultry Association is called for Friday, March 2nd.

—It is rumored in town that the Gas Company that was to locate in Lindsay, and for which a by-law was passed, is in liquidation.

—An Orillia exchange says forty-six trains were locked up since last Thursday. This is an average of nine a day. "Do we feed them?" said Chief Goodman last night, "not much. They used to do that here, but we've cut it all out. They may sleep in the lockup, but they have to find their own provender."

—The Minister of Railways has received resignation from five engineers and inspectors held responsible for faulty work on the Peterboro and Kirkfield liftlocks. The resignation, will not, however, take effect until March 31st, as it is desired to give sufficient time to those affected to finish the work they have in hand.

—A piano recital and concert is to be given at Fenelon Falls tomorrow night under the auspices of St. Andrew's church of that town. Hamilton, of Lindsay, and Miss Evelyn Hill, of Deseronto, will also contribute to the evening's entertainment.

—According to a prominent citizen of Peterboro, if that city is favored with one of the new Normal Schools, the Council will build it on some great bit of property of about sixty acres. On this site the property they also propose erecting the new isolation hospital.

—Great indignation has been caused among the citizens of this town at what is termed "utter lack of judgment" on part of our night constable in arresting a youth in the east ward of this town on Sunday night of the Port Hope hockey match. The case is not yet concluded and it is altogether probable Mr. Short will hear further regarding the matter.

—A local canoeist, whose veracity up to the present has never been in question, stated on Sunday, he saw a flock of six wild ducks swimming on the river near Cornell's point.

—Sunday several canoeists paddled to Lake Scugog, the channel on the river being open to that point. Owing to an unusual mild weather, and the water muskrat trapping has been going on for some time. The indications are for very early opening of navigation.

—The annual meeting of the Lindsay Cheese Board, will be held on Tuesday, March 6th at 1 o'clock p.m., in the council chamber.
