Prints

A full assortment of Potters English Cambrie Prints in spots, stripes, checks and floral patterns. Wear and color guaranteed, per yard ...

O'LOUGHLIN & McINTYRE Cash and One Price

Bank of Montreal

ESTABLISHED 1817

Capital Paid Up \$14,400,000 Reserve Fund \$12,000,000 26,400,000

The Bank of Montreal at the end of its fiscal year, October 31st, 1908, added another \$1,000,000. to its reserve fund, thus further emphasizing its great strength and stability.

With a Saving Department at every one of its many Branches, it offers the opportunity for all, who so desire, to avail themselves of its many advantages, by opening a Savings Account.

A Savings Bank account is the best safeguard against misfortune, being always ready and available, and earning interest all the time.

Consideration for one's family demands that all heads of households should provide against the day of adverse conditions, and there is no simpler way than by laying by systematically from time to time a portion of income or earnings in a Saving account.

Deposits can be made from One Dollar up, and withdrawals can be made at any time, without notice or delay.

Office Hours: H. B. Black, 10 to 3 o'clock. Saturdays 10 to 1 o'clock. Manager Lindsay Branch

British Columbia's Future --The Coming Province

British Columbia is the banner Province of Canada and its natural wealth, its productive soil, the clemency of its climate all unite in making the Province eminently suitable as a country to live and prosper in. Mr. G. R. Pascoe, of Oakwood, who with his sister, Miss Alberta Pascoe, have been visiting throughout the West and down the Pacific coast as far as California, expressed these sentiments this morning while conversing with a Warder reporter. Mr. Pascoe was firmly convinced that a magnificent future is before the most westerly Province of the Dominion has reached such a stage of development that nothing in the world can surpass it.

Mr. Pascoe and his sister spent an intensely interesting three month's visit throughout the western part of the continent. They left on November 20, and just got back on Monday last.

Vancouver was the first city that a stay of any length was made. Mr. Pascoe was particularly impressed with the city, and, though business is a little dull at present, believes that inside a very short time everything will be booming once more.

The climate delighted the visitors from Victoria county, though it was foggy for a time. In December the sheep and cattle were grazing around the neighborhood and the grass was of as pleasant a green as it is in the spring in Eastern Canada.

The real estate business is one of the most numerous occupations of the business class and land is sold and re-sold with surprising rapidity.

Prices for particular lots are some times realized. For example a lot of six acres in English Bay, and ideal site, was sold for the sum of \$7800.

The land in British Columbia is extremely fertile and easy of cultivation. Mr. Pascoe related of splendid gardens and orchards filled with fruit and trees of every description.

The soil is wonderfully adapted to the needs of the fruit farm and walnuts, almonds, apples, grapes, and dozens of other varieties of fruits are grown abundantly.

In the more mountainous regions where one would not expect much vegetation of any kind a person will come across a beautiful garden filled with delicious fruit.

Irrigation is necessary in many places to assist the growth of the crops. To illustrate the marvelous growth of the vegetation Mr. Pascoe cited an instance where a maple leaf had grown to the size of twenty-two inches across.

The climate is an ideal one in which to live and this alone attracts many to British Columbia. It is very temperate and seldom gets very cold.

From British Columbia Mr. and Miss Pascoe took the boat across the sound to Seattle and from thence went on board the City of Puebla for San Francisco. The Pacific be-

Constable John Short Assaulted by Ruffians

Night Constable John Short was attacked and brutally assaulted last night shortly after twelve o'clock, as a result of which he now lies in the Ross Memorial Hospital, terribly bruised and gashed and suffering extreme pain.

The ringleader of the dastardly assault was none other than "Mick" Carlin, a notorious character, who at one time terrorized the citizens of Lindsay, especially those living in the east ward, as being the leader of a lawless gang in that ward some years ago.

Four other young men, all residents of the east ward, were mixed up in the affair, but to what extent cannot be ascertained. It is stated, however, that Carlin and one of the other four were the assailants, while the three other young men stood by and witnessed the unmerciful pommeling without endeavoring to interfere.

They stood by as severe eye witnesses to the cowardly assault, and as far as can be ascertained did not lift a finger to help the enforcement of the law. It is thought by some that they (knowing the vicious temper of the man Carlin) were afraid to interfere.

HAPPENED AT MIDNIGHT. Shortly after twelve o'clock last night Constable Short left the Big 20 restaurant, after having finished a meal, and proceeded to traverse his boat, going up the north side of Kent to Cambridge-st.

He noticed a number of men standing on the street immediately in front of the Moore House, and walked across to them, greeting them with the usual police salutations, "move on, gentlemen." Instead of doing so, the men told by one of the number in no polite language, in fact in language unbecoming a gentleman, to move on himself, or words implying a warning Carlin stepped forward and struck Constable Short a stinging blow on the face, which sent the minion of the law to the ground.

TWO TO ONE. Immediately Carlin jumped on top of him and proceeded to use his fists. However, Constable Short, who has a reputation of being a hard man to overpower, became disoriented and got on top of Carlin. But not for long was he on top, for as soon as it was justice, Carlin, another of the young men jumping into the fracas and helped Carlin. They kicked Constable Short until he was compelled to let go his hold, and even after the constable had been overpowered, he unmercifully kicked and abused him unmercifully about the head and shoulders, while the other three men stood by and refused to interfere.

After pounding the night constable into a semi-conscious condition the gang took to their heels and ran down Kent-st. to William-st., and were lost sight of.

FOLLOWED ASSAILANTS. With a heroic effort Constable Short pulled himself together, and although half dazed, he got to his feet and went back to the Big 20 restaurant, where he secured his revolver and immediately set in pursuit of his assailants. He went down William-st. to Durham, and then spied three of the men running east on Durham-st. He gave chase, and shot two or three times at the fleeing men, but they turned south on Lindsay-st. and ran for the open country.

Constable Short, who was suffering extreme pain, and who had lost considerable blood, was becoming weak and faint and, at the corner of Lindsay-st. and Durham-st. he decided to return to town and notify the other constables of the direction taken by the fugitives.

About this time Mr. J. H. Sootheran and other citizens were returning home from a party, and as Mr. Sootheran was about to enter his house he met Constable Short returning on Lindsay-st. He was bespattered with blood and his face was a mass of ugly bruises. Mr. Sootheran gleaned the story from Constable Short.

LET ONE MAN GO. When they reached Glenelg-st. they ran across one of the gang, and he was taken in hand by Constable Short, but was later let go by the same official, as he was merely part in the fracas, he did not take any part in the assault. However, when this same young man was sought for by the police this morning he was not to be found. It is supposed that the two assailants left town, but that the other three eye witnesses are around town. Warrants have been issued for their arrest and they will likely be summoned this afternoon.

Constable Short had displayed wonderful nerve in remaining upon his feet so long, up to the present, but now showed signs of collapsing from the effects, and Mr. Sootheran assisted him back to the Big 20 restaurant. Chief Vincent was summoned and Mr. Short was removed to Dr. Brown's office, where his wounds were attended to. But as he was in a pretty serious condition, Chief Vincent secured a cab and the ill-treated constable was removed to the Ross Hospital.

SEARCHED THE TOWN. There was no sleep for the minions of the law with such a serious case on their hands, and Chief Vincent rang up Constable Thornbury on the phone and they started out on a search for the men wanted. They made a thorough search without finding any of the men implicated. The police authorities in the surrounding towns and villages were at once notified of the affair and were given instructions to be on the lookout for the assailants.

WERE NOT DRUNK. Constable Short stated this morning that none of his assailants were drunk, and that they were not under the influence of liquor at all, and this statement is borne out by other citizens who saw Carlin and the other men earlier in the evening. What was the motive? The assault is supposed to have been pre-

John Campbell Had Hand Torn Off

From Friday's Daily. A distressing and very painful accident occurred yesterday afternoon on the farm of Mr. Norman Campbell about two miles west of Lorneville, when his son, John Pearson Campbell, who is well known in Lindsay, lost one of his hands by getting it caught in the gearing of the fast revolving windmill machinery.

The details of the accident were telephoned to The Watcher this morning by our own correspondent at Woodville, and it appears that Mr. Campbell, who was grinding feed with the windmill, when it got beyond control. The high wind made fans of the wind mill travel faster, and the faster the fans went around, the faster revolved the machinery.

Mr. Campbell called to his son and John, for help, and they both endeavored to throw the machinery out of gear, but this they could not do. The car then attempted to stop the machinery by over-feeding it, and while doing this he unconsciously and unthinkingly put his hand on the fast revolving shaft, and as he had a mit on, the mit was torn and he could not extricate his hand it was pulled into the cogs and twisted painfully around the shaft.

The arm was almost instantly torn off below the elbow and a stream of blood flowed from the gash, ugly wound, while the remainder of the limb was left in the machinery.

Despite the painful nature of the wound, the young man walked to the house, leaving the hand in the machinery, and doctors were immediately summoned. Dr. Galloway and Dr. Grant of Woodville, soon arrived on the scene and they dressed the wound. The wounded young man is now resting fairly well, but is suffering a great deal of pain.

The many friends of Mr. Campbell in Lindsay will regret to hear of the distressing accident. Mr. Campbell attended the Lindsay Collegiate Institute. He is a nephew of Mr. John Campbell, of Fairview Farm, near Woodville.

HARD, SOFT OR BLEEDING. No matter what kind or where located, any corn is promptly cured by Putnam's Corn Extractor; being purely vegetable it causes no pain. Guarantee with every bottle of Putnam's. Use no other.

TWO HEAVY HORSES. W. A. Weese shipped yesterday a car-load of very fine horses, weighing from 1400 to 1700 pounds. One pair of colts coming three-year-old weighing 3150. Mr. Weese still has another car-load to ship. Back to Weese shipped six horses for the speed sale on March 11 in Toronto.

TO USE HARD COAL. There has been a lot of dissatisfaction caused in the use of soft coal at the Peterboro Collegiate Institute. The smoke, as everyone knows, is very dirty, and it is almost impossible to keep the school clean, and it is equally difficult for the pupils to keep themselves and their books clean. The soot can be seen on the walls, ceilings, floors and furniture. It gets into the books and on the students' clothes. At a recent meeting of the Board it was decided to use hard coal in future.

THREE ARE IN JAIL. Three of the gang who are charged with the assault of Constable Short, and who were pals of Carlin on that evening, were arrested this morning by Chief Vincent and County Constable Thornbury, at their respective homes in the east ward. They were given a hearing before Police Magistrate Jackson at 11.30 o'clock and remanded until Friday, March 12th, at 9 o'clock, without bail. Two of them have never been in police court before, but the other fellow has appeared on many times.

They were taken to the jail and placed in charge of Governor Jackson and Chief Vincent. Bail will not be given under any consideration. The police expect that to-morrow morning the gang will be rounded up.

MARCH HOME JOURNAL. The Home Journal for March contains a most startling article on the "White Slave Traffic," by Hon. E. T. Sims of Chicago, in which the inner working of this nefarious trade in young girls is laid bare. "Western Women and the Boyer" is the subject of a most interesting discussion by Lillian K. Beynon of Winnipeg. This with a quaint description of the Life of a Prairie Settler by an Englishman, gives an insight into conditions in the Great West.

The March number is of course Irish in tone and contains in addition to the two of Thomas Moore's Irish melodies, an historical reference to St. Patrick, Ireland's patron saint. There is the usual amount of story matter with interesting departments on fashions, fancy work, sick room, women's institutes, household, etc.

For the boys some interesting coin tricks are explained. An increase in size and an advance in subscription price is announced for June 1st, but in the meantime subscriptions are being taken at the old rate of fifty cents. The Home Journal has developed wonderfully and is a credit to Canadian journalism.
