Gives Reason Why Doctors Fail to Cure Sick Women

Because they fail to notice exactly what is wrong with many a sick woman, doctors are frequently criticized very severely. For instance, disease in the kidneys is one of the last ailments for which a doctor looks when treating women. This is a great mistake. Women are very prone to kidney trouble and in fact many physicians

attribute a woman's languor and ill health to a derangement af the genital organs, when its simply plain kidney disease, and nothing else. Many so supposed female complaints are either bladder or kidney diseases. Sick kidneys of course make asociate organs sick also. The result is back pains, bearing down sensations, utter weariness and headache. But Dr. Hamilton's Pills go right to the spot. They put life into the kid.

neys that makes a worn out woman feel like new. Indirectly the blood and nervous centres are assisted by Dr. Hamilton's Pills, and the result is a proper performance of the function and a painless fulfilment of nature's command. Thus it is that a woman can gain much happiness and abundant good

health by the regular use of Dr. Hamilton's Pills. You can rely on Dr. Hamilton's Pills with implicit confidence. Their effect is wonderful. Sold by all dealers. Price 25c. per box. Five boxes
