**St. Patrick's  
Concert at  
Omemece**

Omemece, March 21.—The St. Patrick's entertainment on Thursday evening, in the basement of the Methodist church, was held under the auspices of the Epworth League. Mr. Johnston, the president, was in the chair, and proved himself to be a capable and effective chairman. There was a large attendance. A program of merit, consisting of dialogues, vocal and instrumental music, readings and an address, and the last of all, refreshments were served during the partaking of which much sociability was apparent. The receipts of the entertainment were quite gratifying, and congratulations are due to the Epworth League committee of management.

The basket social on Friday night, in the opera house, under the management of L.O.L. 113, was held, but unfortunately the attendance was not as great as was looked for. However the affair was carried through with the same despatch as a large crowd would have inspired. Worshipful Master Smith occupied the chair, and brought on a pleasing lot of performers in sketches, music, readings, recitations and dialogues. Brother M. Wilson auctioned the baskets off, and secured very good prices for them. A general lunch was next served up and a good time enjoyed in the closing number of the social meeting.

**LIKES THE WEST.**  
A Lindsay citizen has received a short but interesting letter from Mr. S. H. Pollock, of Kindersley, Sask., in which he states that he likes the west fine and is doing well. He receives The Warder regularly and would not do without it. Mr. Pollock formerly lived at Victoria Road and is well known to a number of Lindsay citizens. He also conducted a store at Rosedale during the summer.

James A. Patten, the Chicago wheat king, was hooted and hustled on the Manchester Cotton Exchange by brokers who blamed his manipulation.

**SPRING SKIN TROUBLES**

PIMPLES, ERUPTIONS, AND "SPOTTY COMPLEXIONS."

At this season, scores of people—girls and young women especially—find their faces disfigured by pimples, dark spots, eruptions, etc. The skin needs attention—needs renovating after the trying time it has passed through during the winter.

Just think what it has gone through! You have been out in the rain and sleet and snow. You have been at one moment perspiring from skating, or some other exertion. Then you have stood to "cool off." You have spent hours of the day indoors at a temperature equal to summer heat. Then you have covered up your skin—except your face—and gone out into a temperature away below zero. No wonder that, with all these changes, the skin of the face and neck shows signs of needing attention.

Don't forget that the skin has to do work just as any other organ of the body, and if you overwork it, it gives out. Zam-Buk is the remedy. Smear it lightly over the spots, the eruptions, the scaly patches, at night, and notice how quickly your appearance improves. As the rich, refined, herbal essences sink deep into the tissue, the hard, scurf-like patches are removed. The cells of the skin become transparent. The blood beneath is able to impart its proper coloring to the tissue, and the delicate bloom of health replaces the sallowness and pallor of disease.

Zam-Buk is also of great use for skin injuries and diseases. Eczema, ulcers, chaps, ringworm, acne, yield to its use. For cuts, burns, bruises, children's rashes, etc., it is unequalled, and it is a sure cure for piles. All druggists and stores at 50c. a box, or Zam-Buk Co., Toronto, for price. Refuse harmful substitutes and imitations.

**LIFFORD.**  
Lifford, March 20.—Evidences of an early spring are becoming more and more convincing. Early on Sunday morning we were visited by our second electric storm, though it was not nearly so severe as that of two weeks ago. As your correspondent was out for his usual constitutional on Saturday morning a large flock of wild geese were seen flying north, and later in the day the pretty little song-sparrows were piping their welcome strains to eager ears in a nearby orchard. Cutters are stored away for another year and wheels are being used altogether. The black smoke ascending in the surrounding sugar-bushes conveys the happy tidings that even the trees have felt the touch of the warm sun around their underground branches and the sweet sap is wending its way to the smallest twigs, soon to burst out into the old familiar form, the form dear to the heart of every Canadian—our emblem, the maple leaf. The small boy seems, one would think, to feel the spring in his very bones. Lowing herds, gurgling streams, and the drop in the price of eggs are all heralds of this delightful season. We welcome you, spring.

It is some time since this vicinity has had anything occur to cause a sensation, but what may yet cause serious trouble happened on Friday night last in the way of a dog's mysterious disappearance. Mr. Richard Wilson's faithful canine was last seen on the evening of the above day. The dog was never known to follow a strange rig or to even venture any farther from home than the gate. On Friday last it was thought that he acted peculiarly, but not sufficiently to even arouse curiosity. That night he left his old abode and fears are now expressed that he has the rabies. However, it is to be hoped such will not be the case, yet if he should come back Jeff's return will be looked upon suspiciously and his reception will likely be a ball of lead.

A small congregation listened to an eloquent and deep address on Sunday by Rev. Mr. Edmison on "The Supremacy of Christ," the text being taken from John XIII—13-14. It is to be hoped that when the roads improve the congregation will also improve in numbers to hear this very excellent young divine.

Miss Winnie Wilson visited Fleetwood friend's the latter part of last week.

Miss Ola McMullen, Brunswick, visited her grandmother, Mrs. Graham, last week.

Mr. George Kerr has returned from

The Presbyterian Bible classes were entertained at the manse last Friday evening, the principal part of the program consisting of a Japanese spelling match. This convinced many of those present that they had forgotten how to spell many of the words in the English language since they left school.

Mr. Angus Ferguson will ship his farming implements and household effects to the North-west this week, and the family will leave on Friday, March 25.

Miss Bella Cutrie, who has been in Toronto for the last three months, returned home last Friday.

Mr. Donald Angus McQuaig, of this place, met with a very severe accident last Tuesday night in which he sustained a fracture of the shoulder blade. As Mr. McQuaig is in his 86th year, this is a hard blow to him, and he suffered considerable pain from his injury.

Rev. Mr. Hanna will lecture here in the Presbyterian church on Thursday.

Miss Maggie McCallum is visiting her sister, Miss Laura McCallum.

The village council met on Tuesday evening of last week to open the tenders for the building of concrete sidewalks in the village. The tender of Mr. E. M. Carr, of Cannington, being the lowest, was on motion of Councillors Becroft and Alton, accepted.

**PENIEL.**  
Peniel, March 21.—Mr. Fred Webster from the west, and Miss Lillian Webster, of Oakwood, spent Sunday at Mr. W. J. Wright's.

The wire is being strung on the new branch of the Manilla Northern on the 13th concession, and we soon will have a dozen or more new members on our line.

There is an epidemic of influenza amongst the horses in our neighborhood.

A great many of the children in this vicinity are suffering from attacks of measles.

Master Everett Wright is suffering from an attack of pneumonia.

Mr. Wilbert Wylie and Miss Ethel Wylie, of Oakwood, also Miss Maud Jones, of Omemece, spent Sunday afternoon here.

Collection will be taken up in our S. S. on Easter Sunday for the aid of the Bible Society.

Owing to the uncertain condition of the roads our prayer meeting is withdrawn for the present.

**Does This Interest You?**

Three Great Points We Have to Study to Day Are Economy, Comfort and Health

**ECONOMY** is studied by having a good pair of hand-sewn boots made for you instead of buying three or four cheap pairs.

**COMFORT** is only obtained by having your boots made to your feet.

**HEALTH** by having boots made that are absolutely damp-proof. Maybe you have tried hand-made boots and have got little or no satisfaction. That is quite likely; you cannot expect a blacksmith to be able to trim a hat; so to get satisfactory fit and comfort with your boots, you must go to a practical Boot Maker. Call and see my hand-made boots in the course of construction, from the lightest to the heaviest. I give special attention to corns, bunions, swollen joints, and all kinds of deformities. Bring along your boot repairs, it is the quickest and best store in town. We also repair rubbers and rubber boots in a way that gives great satisfaction. If you are interested in golfing, come and see my samples of hand-sewn, damp-proof golf-boots, at
