O'LOUGHLIN & McINTYRE

Annual District Meeting of the W.M.S. Held

The thirteenth annual convention of the Women's Missionary Society of the Lindsay district, met in Cambridge, Sunday school Thursday, with about thirty present.

Bobcaygeon reported 14 members. This year \$12.50 was raised which is not up to the amount of last year as they had not as yet held a concert as was done last year.

After the devotional exercises, led by Mrs. Geo. Turner, of Bobcaygeon, the meeting appointed Mrs. J. Parkin, secretary of the meeting. Mrs. Littleton and Mrs. Mulligan were appointed as courtesy committee.

The mission band of Bobcaygeon reported that the society was not at present in a prosperous condition as two superintendents had left during the year.

LARGE HATS. Cambridge auxiliary reported 18 paid members. The society provided the supper at the laymen's banquet. At a meeting of the auxiliary a resolution was passed that women wearing large hats in churches had a detrimental effect on the service and should remove their hats.

Cambridge-st. band is divided into junior and senior bands. The senior girls have been taking up the study of Northwest mission work. They are sewing quilts and expect to make a good amount out of the sale of their quilts, besides the funds from a concert to be given.

Children Cry FOR FLETCHER'S ASTORIA and STRENGTH of Children thrive on "EPPS'S" COCOA COMFORTING

CRADLE ROLL. The convention thought that the cradle roll was a splendid idea and were pleased to see Dunsford with so large a cradle membership. Mrs. Wilson in speaking of how people are apt to neglect the work of missions, told a story of how one old lady, with little means, had given at least \$200 to the mission work in order to keep a covenant made with God.

THEIR DEPARTURE IS REGRETTED

Eldon Residents Are Remembered by Their Friends

Argyle, Feb. 17th—A very enjoyable time was spent at the home of Mrs. Andrew Calder, and Mr. Thos. Calder, when about seventy-five of their friends and neighbors assembled to bid them farewell before leaving for their new home in Midland, when the following address was read by Mr. Farquhar McEachern.

Dear Friends,—We have learned that you are about to leave our midst, regret that the time has come when we must break the bonds of social relationship which have existed between us for years past. We are glad, however, that there are bonds of true friendship which your removal from us will not change.

When it is considered that four large and regular catalogues are issued every year, and that it costs 11 cents to mail each one besides the cost of issuing the catalogue (probably 25 cents an issue) citizens will readily see that an enormous amount of money is being spent by the departmental firm in distributing their advertising literature.

A CATALOGUE BOMBARDMENT

The mails arriving in Lindsay from Toronto were heavier by several thousand pounds Tuesday as the result of a catalogue bombardment from a well known departmental store. The mail carrier noticed that the mail bags were very weighty when he had them hauled from the train to the post office; the local post office staff had an exceedingly busy as well as wearisome time, sorting them, and the citizens of town and county are obliged to truck the bulky advertising literature of a foreign merchant home.

There are citizens in Lindsay who periodically visit Toronto for the purpose of laying in a supply of goods—goods purchased at the big departmental store. Have the citizens of this town ever reflected on the situation?

This large Toronto concern yesterday forwarded to Lindsay some 500 "Spring and summer" catalogues, and it is customary to distribute in this town and country anywhere from 1500 to 2500 of these catalogues, so that the balance of the shipment were expected Wednesday. Just imagine 2500 catalogues in Lindsay and district!

The merchants of Lindsay have the opportunity of combating with the departmental store by doing more advertising, and getting the town and country people to BUY AT

HOME. Attractive advertisements do not fail to catch the eye of the buyer, and when he is mailed a large catalogue advertising the wares of the large advertiser and fails to see the local merchants using the space of the home newspaper, he concludes that he will try his luck at the Toronto store.

It must pay to send these catalogues into this district, even at a cost of \$5,000 a year. Surely, it would pay the home merchant to advertise systematically and regularly and capture his share of the business that he rightly should have, but which is going elsewhere.

To sum up: If it pays the Toronto departmental store to extensively advertise their so-called "bargains" when they are situated 76 miles away, surely it would pay the Lindsay merchant to advertise right here at home.

As to whether "bargains" can be secured in Toronto is a question. Some person must pay for the catalogues and postage and the express charges they offer to pay if you buy a certain amount. Merchants should advertise their wares regularly and the citizens of Lindsay will then be cultivated to buy at home. Both merchant and citizen would then become very valuable residents of Lindsay and the community would soon feel the benefit which would accrue from the extra change in circulation here.

Lindsay Boy Resigns Principalship of School

Lindsay citizens, and also the many friends of Mr. Patrick Leddy, of West Ops, will be interested in the following article concerning Mr. Leddy's son, Mr. J. J. Leddy, of Ottawa, recognized as one of the most brilliant educationalists in the Capital City. The Ottawa Citizen says:

Mr. J. J. Leddy, who for the last twelve years has been principal of St. Patrick's school with brilliant success, has resigned to go into commercial life. This step must cause deep regret among those who have the educational interests of Ottawa at heart, and is another instance of the deplorable fact that educational bodies have not yet realized the importance of paying sufficient remuneration to those in the profession to retain good men.

The resignation was dealt with at a special meeting of the management committee at which the following resolution was passed, on motion of trustees Lanigan and Genest: "That Principal Leddy be granted the request as set forth in his letter of the 20th instant, and that in view of his long, faithful and eminently creditable services to the separate school board, he be granted an honorarium equivalent to the payment of three months of his present salary. That this committee express the profound regret it has felt on learning of Mr. Leddy's retirement from the principalship of St. Patrick's school, and that, while it pleases the committee to learn that his merit has been recognized outside of his profession, it cannot but deplore the great loss it will suffer by his retirement and the still greater loss to the larger educational interest to which his activity and ability have already contributed so much."

Ontario Farmer in the West, Speaks Favorably of the Western Prairies

(To the Editor of The Watchman-Warder.) Dear Readers,—As there are a great many different reports relative to the hardship endured by the settlers of this western country this winter, I thought, being a settler myself, perhaps I could say something that would not be so discouraging to contemplating settlers. Now, I would like to say a word or two in regard to this south part of Saskatchewan. I have been through parts of Manitoba, Saskatchewan and Alberta, and I feel safe in saying I have never seen as large a tract of good, tillable land, as that of this south country. The land as a rule, is rolling prairie, with here and there a range of small hills. There are very few stones, and in most places there are none. First-class water can be obtained at a depth of from thirty to sixty feet.

A RUNAWAY ON SATURDAY

Two well known farmers of Janetville were in town on Saturday, and before starting out on the homeward trip in the evening they frequented some bar room, the result being that they were fairly well "canned" when they boarded the bobs for home. It appears that just south of the swing bridge on Lindsay-st., a pitch box was struck with sufficient force to cause the happy occupants of the sleigh to lose their balance. They fell out, while the team of horses, realizing they were free, bolted up the highway. The two men were picked up by a passing rig, but the horses no doubt reached home many hours before the two intoxicated drivers.

Manvers Man Fractured His Hip

A serious accident occurred in Manvers yesterday when Mr. John Sinclair, of the fourteenth, about four miles from Janetville, slipped and fell off a straw stack to the hard ground below, the fall resulting in a dislocated hip. The fracture was a very painful one.

OBITUARY

LATE MRS MCKEON Referring to the death of Mrs. McKeeon, formerly an employe of the Lindsay branch of the Bell Telephone Co., who was buried Sunday at Port Hope, the Guide of that town says: "It is with the deepest regret, and with sympathy for the sorrowing relatives that we refer to the death of Mrs. Hugh McKeeon, which took place at Noblesville, Indiana, on Wednesday. The deceased lady was the only daughter of Mr. Wm. Smith, College street, and it is just two months since she and Mr. McKeeon had visited her home. The cause of her death was acute dilatation of the heart, having been sick only one week, and the news of her demise came as a great shock, and has caused widespread regret throughout the community, where she was so well known. The heartfelt sympathy of all goes out to the bereaved husband, Mr. and Mrs. Smith, and her two brothers, in their sudden and sore affliction. "Asleep in Jesus, blessed sleep! From which none ever wake to weep!"

The question of international arbitration was discussed in three parliaments. Rodolphe Forget, M.P., of Montreal, has given \$100,000 to Notre Dame Hospital, making \$250,000 in all to that institution.

WHAT EVERY WOMAN SHOULD KNOW

Dodd's Kidney Pills the Sure Cure for All Aches and Pains.

MRS. VAILLANCOURT ADDS HER EXPERIENCE TO THE GREAT MASS OF PROOF THAT DODD'S KIDNEY PILLS ARE WOMAN'S BEST FRIEND.

Laford, Alberta, February 24. (Special.)—That the women of the west are finding in Dodd's Kidney Pills a sure relief from those aches and pains that only women know, is becoming more evident every day, and Mrs. Agnes Vaillancourt, of this place, gladly gives her experience as an addition to the mass of proof that is being piled up.

"For three years ago," Mrs. Vaillancourt states, "I had pain everywhere. I only used six boxes of Dodd's Kidney Pills and I am completely cured of all my aches and pains. I am in perfect health today." Woman's health depends on her kidneys. If they are not in perfect order the impurities are not strained out of her blood, and she cannot be healthy. She feels it in every part of her body, and the result is that she is weary and worn and full of aches and pains. What every woman should know is that there is sure relief and perfect health for her if she used Dodd's Kidney Pills.

SIGN OF SPRING.

First citizen—"Well, I see spring is coming." Second citizen—"How do you know?" First citizen—"Well, I noticed that the roasted peanut man was out for the first time Saturday."

IS PROMOTED

Mr. James D. McDonald, of the Grand Trunk Railway, who is well known in Lindsay, has been promoted from District Passenger Agent to Assistant General Passenger Agent. His headquarters will be at Chicago. Mr. A. E. Duff, General Agent for the company at Wingham, will come to Toronto in place of Mr. McDonald.

and for the sum of \$10 160 acres of just such land can be obtained.

Now a 160 acre farm in Ontario is considered a large farm, well readers, it is just as large here, and will produce just as much grain. Perhaps it is not worth quite as much money, but there is no reason why it should not be in the near future, and again I hope you will agree with me in saying, that although there are a few drawbacks, this country offers greater inducements than any other country under the British flag, and I for one feel like sounding the old cry, "Come west, young man, come west."

Again thanking you, dear editor, I remain yours truly, WILBERT DAVIDSON, Morse, Sask., Feb. 18, 1911.

Infantile Paralysis

A GERM DISEASE WHICH IS BAF-FLING THE DOCTORS AND ALARMING THE PEOPLE GENERALLY.

It may be said that doctors are only agreed on two points regarding this much dreaded disease. First, that it is a germ disease, and, second, like all germ diseases, can only be fought with pure, rich blood.

Prevention is always the better way, and that is why we are always talking about the wisdom of keeping the blood pure and rich and the nerves healthy and strong by using Dr. Chase's Nerve Food. Rich, red blood is a deadly foe to disease germs, whether they are germs of infantile paralysis, of colds, of consumption, or any other disease.

Don't let the blood get thin and watery. Don't let the nerves get exhausted. The risk is too great. Every dose of Dr. Chase's Nerve Food goes to the formation of a certain amount of pure, rich blood. For this reason you are certain to benefit by this treatment.

You need not wait until you have some form of paralysis before testing this great medicine. Be warned by headaches, sleeplessness, irritability, failing memory and power of concentrating the mind. Restore the system while still you have something to build on.

Get new energy and vigor into the system by using Dr. Chase's Nerve Food. 50 cents a box, 6 boxes for \$2.50; at all dealers or Edmondson, Bates & Co., Toronto.

Plenty of men are capable of turning a sharp trick, but few have the self restraint to keep from boasting of it. If we had all the money we have spent foolishly a great big piece of foolishness would be pulled off immediately.
