MENT EVER MADE IS NERVI-

After the healing of the leper great multitudes came together to hear Him and to be healed by Him of their infirmities. We can hardly imagine the innumerable happy homes, because where once sickness and suffering ruled now all is health and peace because of Him who, being anointed with the Holy Ghost and with power went about doing good and healing all that were oppressed of the devil, God being with Him (Acts x. 38). See in this verse, as in so many others, the Father. Son and Holy Spirit, all for us, and compare Rom. viii, 26, 31-34. In Luke v. 16, we read that He withdrew Himself into the wilderness and prayed. There was always a conscious oneness with the Father which we do not experience, because He always in all things pleased the Father (John viii, 29; Matt. xvii, 5). The healing of today's lesson is recorded in Matt. Having returned to Capernaum, the people soon found it out, and such crowds gathered as to prevent all access to the house in any ordinary way. Pharisees and doctors of the law from Calilee, Judea and Jerusalem had gathered to hear Him, and He preached the word unto them, and the power of the Lord was present to heal them

(verse 2; Luke v, 17). But in their own estimation they needed no healing, for they did not know that with all their learning they were wretched and miserable and poor and blind and naked (Rev. iii, 17). The religious god of this world, the devil, had blinded their minds lest the light should shine unto them (II Cor. iv, 4). What a contrast to their proud self sufficiency and indifference to the welfare of others is seen in these four men who brought their palsied friend to Jesus, no doubt fully persuaded that if they could only reach Him with the sick one they would not need to carry him away, for he would certainly be healed. I have met people who were afraid that they had not come to Jesus in the right way, but did ever any one come to Him in so strange a way as this? have often wondered what the Pharisees and doctors thought of having the roof broken up over their heads, yet we cannot help laughing within us, no matter how they might scowl, for the friends succeeded in getting him "into the midst before Jesus" (Luke v, 19). In each of the three accounts it is written that Jesus saw their faith, the faith of the four who brought him. So in Matt. viii, 10; xv, 28; John iv, 50, it was the faith of another that brought health to the servant, the daughter and the son. May the words in Ps. xx, 4, 5, "Grant thee according to thine own heart and fulfill all thy counsel. . . all thy petitions," strengthen some to lay hold upon God for others. In Matt. ix, 2, we have the first "Be of good cheer" from the lips The funeral will leave the family of the Lord. See other four in Matt. ix, 22; xiv, 27; John xvi, 33; Acts xxili, 11. The four words are in the Greek,
