# Two Fast Games in

Play for the possession of Hughes cup commenced Wednesday at the Lindsay-st. rink, when four teams battled for supremacy. cup, which is a beautiful one, nated by Col. the Hon. Hughes, Minister of Militia, and the popular representative of Victoria county, has been on exhibition some time past and the teams in the tournament playing last night worked their hardest to gain possession of the silver mug, the result being that the spectators got the worth of their money.

The draw resulted in the Olympias meeting the fast team from Little Britain, the same team which cleaned up everything at the Fenelon Falls tournament, and the Excelsiors versus the C.P.R. Both games were little rough play. Both games recessary to play overtime to decide the winners.

OLYMPIA VS. LITTLE BRITAIN

In the draw the Olympia "Candy Kids" were pitted to play the first game with the fast seven from Little Britain, winners of the Fenelon Falls From the commencement it was quite two teams apparently being evenly matched. The excitement was intense and the spectators were given a splendid brand of hockey. For ten minutes or more both sevens fondled the puck, but neither scored until Paton, of the Kids, made a brilliant rush, evaded the Mariposa defence, and succeeded in landing the rubber disc in nets for the first counter. cheer's which greeted this play had hardly subsided when Sylvester, of the Candy Kids notched the second goal for his teammates. With two goals against them the Little Britain boys began to wake up to the fact that it would be no pink tea walkover, and they entered into the contest with a determination that brought results, and in a scramble in front of the Lindsay goal the puck was finally landed between the gutted strings for their first counter. Bakogeorge's pets again livened up to the game and Preston on a splendid rush circled the Little Britain defence and succeeded in puncturing the nets for the third counter. Very fast hockey was indulged in for a few minutes and the visitors from the country by dint of hard work again tallied shortly before half time, leaving the score 3 to 2 in favor of the Candy Kids at the half

way station. The second half of the contest was even faster than the first with both sevens playing better combination. From the drop of the puck by Referee McConnell the teams entered into the last half with a determination to do or die. One of the Heatley boys secured the puck and on a splendid play beat beat Newton for the first counter of the half, thus evening up the score. The play was repeated a few minutes later, when Heatley dashed up the ice. He was stopped by McMahon, but in the mixup the Little Britain speed artist succeeded in poking the puck out between McMahon's feet and a counter resulted. With the Little Britain boys holding on to the long end the tally string, the Candy Kids settled down to their knitting in real earnest and scored on the result of Lodge a clever piece of combination work executed by Paton and Sylvester, the latter doing the necessary. Both sevens strenuously endeavored break the tie, but it was not accomplished when the final gong sounded,

the score remaining four-all. It was agreed to play five minutes each way and in the first period the Olympia stock lowered considerably when Westlake, the speedy right wing of the Little Britain line, shot a sizzler past Newton, breaking the tie. However, in the second five minutes of play, Metherell (who by the way is also a former Little Britain player) took a hand in the game and left his potition on the defence and began to rush matters on the forward line. The Little Britain goal was bombarded and finally Metherell succeeded in landing safety between the nets.

Still the tie remained unbroken and it was decided to play a further the mucus membrane lining the air tubes ten minutes. Despite the fact that both teams were rather groggy as result of the stiff contest and the extra overtime, they entered into the final stages of the game with speed quite evident that the Candy Kids Wood's Norway Pine Syrup should be had the condition, and when they taken, and thus prevent it becoming many followers fairly raised the Grant, N.S., writes:- "My little girl, roof. This was shortly followed by Dr. Wood's Norway Pine Syrup, I decided a third from Paton, the game sulting in a score of five to for the Olympias.

EXCELSIORS VS. C. P. R.

The second game between King's hair raisers and the C.P.R. provided nore excitement than the first game, and it was quite evident from preliminary work-out that the game would be of the hair-raising brand,

stronger line-up than in any previous game and the manner in which Hughes Tournament Terrian, Carew and a "dark horse," Morgan by name, performed the was good to behold. The dashes teams launched into the fray

The the going was stiff, both teams playing a blocking game. It was near Begg, from away out on the wing, lifted a liner past Gamble.

to playing overtime. In the extra time Morgan scored two goals, his outbursts of speed being hard to beat. This placed the C.P.R. ghead of the score by two goals, the final tally being 5 to 3. and Begg calls for special mention, two putting up a remarkably a good game, However, the fastest evident that the game would be fast, Morgan, the latter man putting up a cure—you can make no mistake speedy and effective game.

Harry McConnell handled the bell in both games and as a judge play was entirely satisfactory to the four teams. His decisions were im
