Winners of Club Championship of Lindsay Curling Club for 1911-12--They are Good Curlers All

A. B. TERRY (Skip)

For all the games beneath the sun, Man or invention, lost or won, We're agreed that there are none To match the grand and rare curling game.

Above will be noticed the portraits of four of the best curlers in Lindsay, family spoken of in the "Chamber of Horrors" as Skip Terry's "Cream Puffs." During the season drawing to a close the "Cream Puffs" have won 22 rink games and lost 5, thus laying claim to the championship of the club for the year. It is a remarkably good record and could only be accomplished by good curling. The four members of the rink are enthusiastic curlers and good sports; they play the game fair and play to win.

Skip A. B. Terry's first stone player, Mr. Harry Brimmell, learned the game under the tuition of Mr. T. Burke about six years ago. The following year he played second stone for W. R. Widdess, whose rink were runners-up for the club championship, receiving four stick pins, curling emblems. After

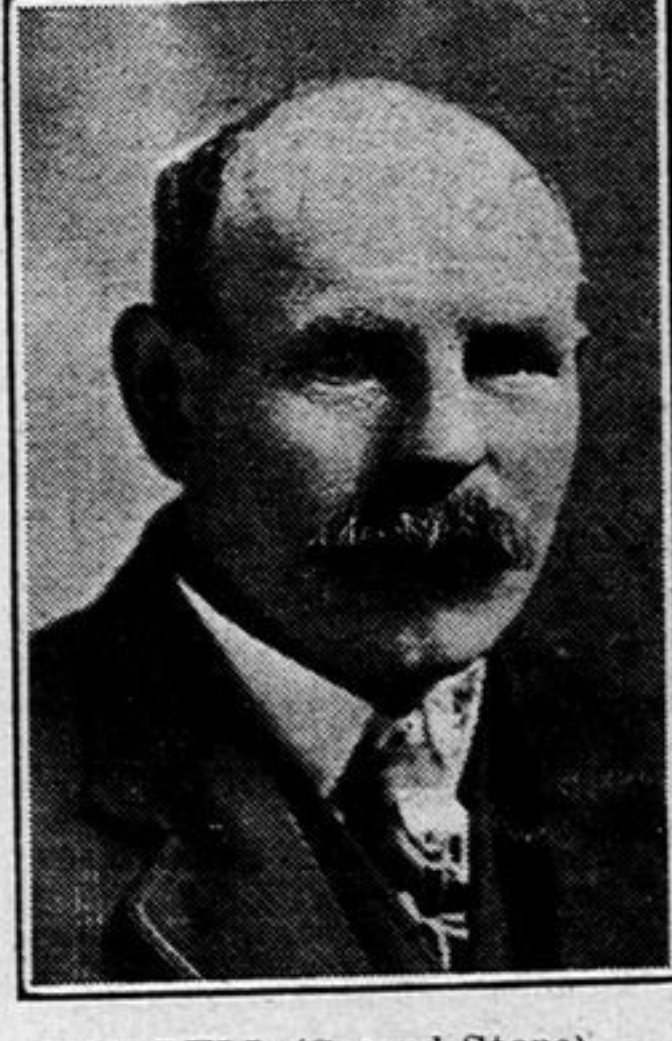

J. L. PRIMEAU (Vice-Skip)

an absence from the game for several years, Harry jumped into the harness again this year as lead for Skip Terry, and put up an excellent game at all times. He had very few "off" nights, and could always be counted upon to place his rocks on the first circle.

Second stone George Bell has been at the curling game for years, having learned the rudiments of the game at Bobcaygeon, where good curlers are born. Mr. Bell was always considered a steady player, and in the year 1896 he figured on the Ontario rink which won the Ontario Tankard, the highest honor in Ontario curling. He still retains in his possession a silver stick pin, which he won on the above occasion, and which acted as a sort of lucky "rabbit's foot" during the games Skip Terry's rink played this season. He wore it at every game.

Skip Terry's able vice-skip, Mr. J. L. Primeau, is one of the "Colts" at the game. Four years ago he commenced curling as lead for Father O'Sullivan, now of Port Hope. He did not play for two

Geo. BELL (Second Stone)

years, but the grand old game could not be shunned and "J. L." returned to the fold, playing lead for Mr. T. J. Tilly and last year second stone for Mr. L. V. O'Connell. As vice-skip this year he played a good consistent game, and about the curling rink is one of the popular members and an all around good fellow.

Skip Terry has played a remarkably good game this winter in fact as a skip he handles a rink well. This year particularly, he had a strong, steady rink, which worked like well oiled machinery. Between him and each man on his rink there appeared to be a wireless telegraph. He, as becomes a good skip, realizes that his players are mortal like himself, and so expects that there will be some mistakes, some misses, but when they come he is not heard condemning or complaining, but rather encourages. He has been curling for eight years and has been skipping a rink for three years. For two years he was vice-skip for Mr. G. A. Little and was fortunate in being on two championship rinks with Mr. Little, winning a gold locket and a

H. BRIMMELL (Lead)

beautiful cut glass dish. He also won a fountain pen one year while curling with Mr. T. Gage in the President-Vice-President contest. Skip Gage's rink being the runners-up against Skip Little in the final game. Mr. Terry was playing third stone for Skip Gage in this competition. Mr. Terry also played second stone for Mr. W. R. Widdess. He played third stone for Mr. T. A. Fisher in the District Cup games last year and also third in the same competition with Mr. R. Butler the year the cup games were played at Guelph. In the season of 1910-11 he played second stone for Rev. Mr. Welch in the District Cup games. This season he skipped one of the District Cup rinks. The "Cream Puffs" never lost one game this season when playing their regular rink. They play well together and their win of the club jewelry this year is a popular one. This season Skip Terry's rink were runners-up in the Patron-President bonspiel, winning four fine kodaks. Skip Terry's rink also had the honor of winning the club bonspiel event this year.

Toronto Man Took Hammer to Subdue His Wife--Helpless Woman was Almost Murdered

weeks ago, keep a grocery store at 145 Sumach-st., which was the scene of the assault. After she had vigorously attempted to defend herself against the attacks of her husband she succeeded in throwing a flatiron through a window in the kitchen, which attracted the attention of neighbors and they came to her rescue. Since their marriage the couple have been constantly quarrelling over petty matters. Both have been looking after the grocery business, and, according to Cordwell, the attack made upon his wife was the culmination of a quarrel which took place on Saturday in the store in the presence of some customers. It appears that after Cordwell had measured out a gallon of coal oil for delivery his wife reprimanded him for washing his hands in cold water instead of hot water. When Mrs. Cordwell awoke yesterday morning and found that her husband was up, she dressed and went down stairs. She called to her husband and he replied that he was in the basement taking the ashes out of the furnace. Mrs. Cordwell then proceeded to prepare breakfast. She was standing over the gas range cooking when Cordwell, the police say, came quietly from the basement and struck her a blow on the back of her head with a piece of oak board. She was inflicted with an ordinary claw-hammer, a piece of oak board weighing about three pounds, and a steel nail-drawer. Mrs. Mary Anne Cordwell, aged 56, is in a precarious condition in the General Hospital. James Cordwell, aged 66, her husband, is under arrest, on charges of wounding and attempted murder. She pleaded board, which felled her. She pleaded with him to release his hands. He did so. His next move was to look for the piece of board which he had dropped behind some packing cases. Losing sight of this, he picked up a claw hammer, which was on the counter. For three minutes he is said to have battered the helpless woman on the head with it. The woman, still conscious, and with her face and clothing covered with blood, regained her feet and rushed to the sitting-room, pursued by her husband, who in the meantime had thrown the hammer behind the piano. Arming himself with a nail-drawer, weighing about two pounds, Cordwell is alleged to have made a final attack upon his wife. While he was wielding the weapon the woman shoved a chair in front of him. It struck him on the ankle and caused him to stumble. She saw her chance to grab the flatiron, which she hurled through the window. Mrs. Henry Hines and Henry Barnaby, neighbors, rushed to her assistance. Cordwell put on his hat and coat and walked to the Wilton-ave. police station. "I just made an unsuccessful attempt at killing my wife," he said as he approached Sergeant McCarron.

Mother and Daughter Lose Lives in Fire--Gallant Rescue of Younger Girl by Firemen

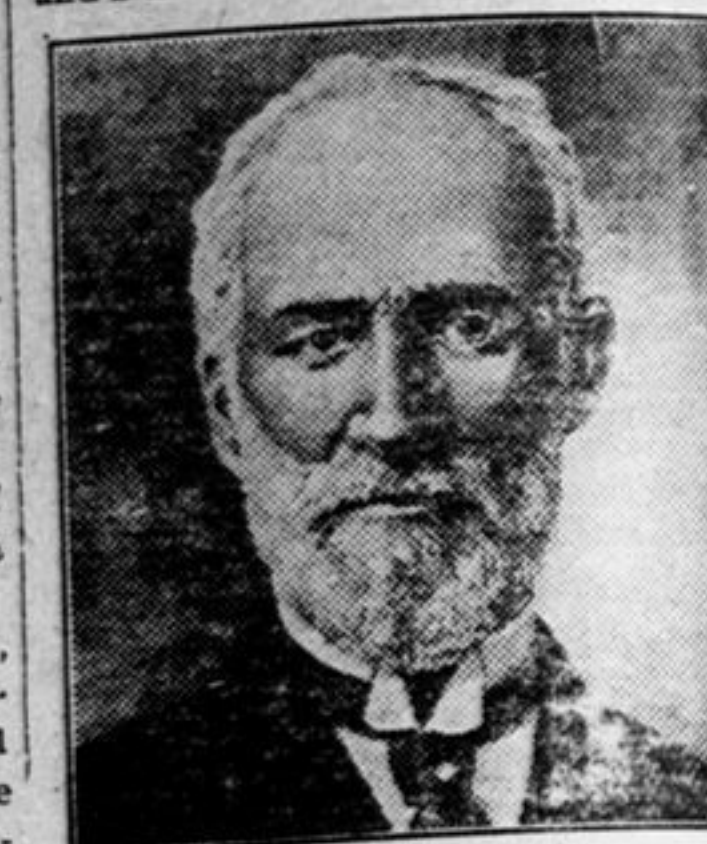

Niagara Falls, Ont., March 17. — Fire, believed to be of incendiary origin, early this morning completely destroyed the interior of the brick block at Nos. 28 and 30 Erie-ave., badly damaged the Hewson block adjoining, caused the death of two women, and a third in a precarious condition at the General Hospital, and caused a property loss of between \$15,000 and \$20,000.

THE DEAD. Mrs. Charlotte Pattison, 77 years old, suffocated in bed. Miss Metta Patterson, her daughter, 36 years old, an invalid, died five minutes after being rescued. The third woman is Miss Ella Pattison, a daughter and sister respectively, of the victims. The fire was discovered shortly after 3 o'clock by W. J. Dawson, proprietor of the Palms, an ice cream parlor, a block away from the scene of the fire, who was on his way home. Dawson saw a woman rush across Erie-ave. screaming "Fire, Fire," and turning, saw the rear of Conner's shoe store a mass of flames. He sent in an alarm and then ran to the fire-hall and assisted in bringing the apparatus through the slush-filled streets to the scene of the flames. When the firemen arrived they saw the white form of a woman leaning out of one of the windows on the top floor of the burning building. It was Ella Pattison. The firemen called to the woman to lean forward and hold her head below the smoke, that they would rescue her as soon as they could get a ladder placed. The street at this point is a network of overhead wires. Immigration Inspector Fred Carter, who was one of the first to reach the scene, mounted a pole right outside the window and cut the wires so that the ladder could be placed, and, as it was hoisted, swung from the pole to it and climbed to the window. By this time the woman was unconscious, and taking the form in his arms, Carter descended the ladder, collapsing from the smoke as he reached the ground. As he was coming down the ladder Carter told the men on the ground that there was another woman in the room, and Robert Barr, man in the room, and proprietor of an exempt fireman, and proprietor of a hotel, rushed up the latter. He found a woman on the floor under another window, and carried her out, himself sinking to the pavement while assisting in carrying the woman to the Hotel Tremnick. This was the invalid, and she died shortly after being carried into the hotel. Barr was taken to his home. Standing on the roof of the building at No. 32, Capt. Wood saw a form on a set of springs in the front room of the building, and he descended the ladder and mounted the one down which the two women had been carried. As he climbed through the window on to the piece of floor remaining, shouts of warning were given by the crowd below. Woods continued to the corner of the room and picked the charred body of Mrs. Pattison from the bed-springs and carried it to the street. It was frightfully burned.

When I Tried "Fruit-a-Lives"

HARDWICK, N.B., Jan. 17 1910. "I feel it my duty to give you a statement in respect to the wonderful cure I received by taking 'Fruit-a-Lives'. Chronic Constipation was the complaint I suffered from for years. My general health was miserable as a result of this disease, and I became depressed and alarmed. I was treated by physicians without the slightest permanent benefit, and I tried all kinds of pills and tablets.

"I saw the strong testimonial in favor of 'Fruit-a-Lives' by New Brunswick's 'Grand Old Man' Senator Costigan, and I knew that anything he stated was honest and true and given only to help his fellow-men. I tried 'Fruit-a-Lives' and the effects were most marvellous, and now I am entirely well from all my Chronic Constipation that I suffered for years. 'Fruit-a-Lives' will cure you, just as they cured Mr. Williston. Get a box today—take them—and begin to feel better. 50c a box, 6 for \$2.50, or trial size, 25c. Don't blame the child, the chance are it can't help it. This treatment also cures adults and aged people troubled with urine difficulties by day or night.
