## We are Exposed to Tubercular Germs

every day. Post-mortem examinations often show that tuberculosis had been arrested by strengthening the lungs before the germs gained mastery.

You can strengthen your resistance-power by taking **Scott's Emulsion**. It contains available energy in concentrated form, which quickly nourishes all the organs of the body. *It repairs waste—makes rich, active blood and supplies energy to the starving cells. It's timely use enables the body to resist tuberculosis.*

For stubborn colds and bronchitis nothing compares with **Scott's Emulsion**. Refuse substitutes—insist on SCOTT'S.

## EASTER

### THE KINGDOM OF EASTERLAND.

Do you know where the kingdom of Easterland lies?  
Is it north, is it south, little man? Scan the east and the west with your mischievous eyes. Thrust your hands in your pockets and try to look wise. And tell where it is if you can. Do you know is this kingdom far off or quite near?  
Now, please tell me that, little maid.

Can you see it at night when the moon's shining clear?  
If you were to sail there which way would you steer?

Does it lie in the sunshine or shade?  
But, dear little men, little maids, this you know—  
'Tis the loveliest land ever seen.

With fields full of rabbits and lilies like snow.  
And houses of sweet cats wherever you go.

With bridges of eggs in between. There are chimings of bells and music most sweet.

And sometimes most beautiful toys. New frocks and new bonnets trimmed so fine and neat.

And drums and trumpets, an outfit complete—  
That is, if you're good girls and boys.

And this wonderful land with such joy and such cheer,  
A land you would love to explore,  
That sends you remembrances once every year.

Let me whisper a secret quite close to your ear—  
It lies at your very own door.  
—Edith Sessions Tupper, in New York Herald.

### Old Time Shanty Man Now Curiosity

The lumber camps have all broken up for another year, and many of the boys have returned to town within the past week. They are all looking in the pink of condition, and one would naturally infer that the life of a lumberman has many pleasing features in connection therewith.

The days of fat pork and beans mixed with molasses has passed away, also the log hut by the lake with a fire in the centre of the encampment and the smoke ascending to the blue dome of heaven through an opening in the roof of the shanty. Now the average lumberman furnishes his men with the luxuries to be obtained in a modern hotel, with sanitary surroundings and first-class sleeping accommodation. The shantymen is not the wayward, reckless man of thirty-five years ago, who often followed that life for the amount of fun and frivolity it furnished more than the monetary reward which he received. That has passed away, and like the Western cowboy, a real simon-pure shantymen of the old school would be as great a curiosity at the present day as the big-footed boy from Ohio.

The season was a prosperous one, though many weeks elapsed before any timber was cut or drawn to the lakes. With the opening of navigation many of the men will return to the north country to engage in floating the logs down creeks to the waters where steamboats can reach them and tow them to the sawmills.

### WILL MOVE.

It is understood that Mr. C. E. Weeks, manager of the Victoria Loan & Savings Company, will shortly move from his present residence on Colborne-st., east ward, to Bond-st., having decided to move into the Blackwell residence, formerly occupied by Mr. D. Adams.

## ROYAL PURPLE Stock & Poultry Specifics

### Neuralgia's Burning Pain

Checked—Then Cured

**STRONGER PROOF OF CURE**  
**COULD SCARCELY BE FOUND**  
**THAN THIS.**

### WORST CASES CURED AT HOME

"To be really cured of Neuralgia is a marvel to me," writes Davidson E. Plummer, from Kingston. "During the six weeks Neuralgia held me in its grip I suffered agony. When I had used almost every remedy, hope fairly died within me. Twice every day the attacks would recur. Had the pain been persistent I could not have borne it. I was away out in Alberta when the attack came, and was probably not robust enough for the conditions of life in that new country. I just had to suffer, as nothing seemed to relieve that awful burning pain. But suffice to say that in six miles, for some new people came in from the Maritime Provinces, and they brought with them a number of the Catarrhoxone Company's medicines, among which was a dozen bottles of Nerviline. Hearing of my sad plight, they sent me two bottles. At first the effect of Nerviline seemed to fluctuate. Hope would rise, then followed despair, but within twenty-four hours Nerviline's victory was assured. The first bottle cured, and I am still well. The second bottle, I have also used for colds, earache, toothache, sick headache and other internal disorders. I will never be without Nerviline again."

No home is either safe or complete without Nerviline. Family size bottles, 50c; trial size, 25c., at all storekeepers and druggists, or The Catarrhoxone Co., Buffalo, N.Y.

### Parents Will

Receive \$2050

Andrew Ridpath, and his wife, of Lakefield, have settled their claim against the G.T.R. for the death of their son, William Ridpath, a Lindsay brakeman, who was killed in a collision near Midland in December last. The amount of the settlement is \$2,050, and Mr. F. D. Kerr, of the firm of Peck, Kerr & McElderry, of Peterboro, acted on behalf of the Ridpath family.

William Ridpath was a brakeman, and at the time of his death had only been in the employ of the Company one week.

### BARREFIELD CAMP.

Lieut.-Col. John Hughes, commanding the 9th Infantry Brigade, will be in command of Barrefield Camp this summer. Colonel Hemming will be at Petawawa camp.

## Neurasthenia

**THIS** is the fancy name which scientists give to the disease commonly known as nervous prostration or nervous exhaustion. It is an ailment peculiar to this age and this continent.

The placid, contented life of our ancestors has been left behind, and everywhere there is rush and strain, whether on business or pleasure bent. Sometimes it is the cares and worries of business, but oftener the strain of attending the round of society and amusement, which brings on collapse of the nervous system. It may be the lady in high society who is the victim of it, or it may be the girl in the factory.

You lose interest in life, feel tired and languid, find your daily duties a burden, cannot get proper rest and sleep, have headaches and indigestion, are nervous and irritable over little things, some of the vital organs fail in their functions, and you become down-hearted and discouraged.

Any treatment to afford you more than mere temporary relief must increase the nerve force in the human system. The food you eat has failed to do this, so Nature must receive help from outside, just such help as is supplied

by Dr. Chase's Nerve Food, because this food cure is composed of the ingredients which go to form new, rich blood and new nerve force.

This idea of nourishing the nerves back to health and vigor is comparatively new. It has proved to be the only means of rebuilding and revitalizing wasted nerve cells.

While Dr. Chase's Nerve Food is put up in pill form, you should look upon it as a food rather than as a medicine, because of its building-up influence on the system. Natural and gentle in action and yet wonderfully potent in its reconstructive influence, this treatment is admirably suited to the needs of women who are pale, weak and run-down.

It fills the body with rich, red blood, restores the appetite and improves the digestion, thus enabling the body to get the benefit of the food you eat. It rekindles the vitality of the nervous system, and through the nerve fibres carries vigor and energy to every organ in the body. You soon feel better and look better. Hope and confidence are restored. The organs assume their natural functions and you find yourself well on the way to health and happiness.

—Mr. W. S. Blackwell, of Finland, Sask., has returned to Lindsay, and will in future reside in town. Mr. Blackwell, who is a brother of our esteemed fellow townsmen, Geo. F. Blackwell, went west some six years ago and since that time farmed one of the best sections in that part of the province, Finland being situated a short distance from Regina. However, before returning east Mr. Blackwell sold his farm with the intention of remaining in this section of Ontario for some time.
