Mr. Wm. Sherman of Lindsay and his foreman Mr. J. S. Windrum of Burnt River, loaded several cars of telegraph poles here last week.

Mrs. Wm. Caldwell has recovered from her attack of diphtheria. Quarantine has been removed.

Again the grim reaper has appeared and taken away an estimable farmer in Galway Mr. John Scarlett.

Mr. Scarlett got up on Monday morning feeling alright and shortly afterwards took convulsions and passed away. On Wednesday, April 3rd, a large concourse of sorrowing friends followed his remains to the Kinnmount cemetery.

Much sympathy is felt for Mrs. Scarlett and family in their sore bereavement.

Mr. Henry Smith of Fenelon Falls, agent for McCormack Farm Implementations, paid us a flying visit on Tuesday last.

We noticed Mr. Prust of Haliburton here on Tuesday last.

Mr. T. Joy has purchased the residence of Dr. R. S. Frost.

Oh say, "Bee," how do you like cookies frosted with emulsion of cod liver oil? Mean trick, "Mab."

JANETVILLE

Tinware repaired at Cinnamon's. It is our very painful duty to have to record the death of Mr. Robt. Ingram, which sad event took place on Thursday.

He had been ailing for some time and was under the skilful treatment of Dr. C. H. Brecken, and all that medical aid could do he succumbed. He was followed to his last resting place in Mt. Horsh cemetery on Saturday by a large concourse of sorrowing friends and acquaintances, showing how highly he was respected in this vicinity.

The farmers in this township and surrounding townships, are going into the Canadian Cordage Co. of Peterboro very strongly.

Several hundred dollars worth of stock has already been subscribed for, and their agent, Arthur Graham of Bethany, is kept busy answering inquiries and filling out application blanks.

He has just been through this village and has met with good success, as several of us saw the large list he had in his possession.

In looking through the columns of last week's issue of the Millbrook Reporter, I find a paragraph which runs like this: "Moved by Councillor Evans, seconded by Councillor Stanton, that the sum of \$400 be voted by this council for the purpose of roads and bridges; not more than \$100 to be expended by each commissioner; and the commissioners be as follows: Wallace Bruce, divi-

sion 1, Lotus; Thomas Stanton, division 2, Ballyduff; Heber Preston, division 3, Bethany; James Stewart, division 4, Fleetwood; John Evans, division 5, Janetville. — Carried. Now the question is: There are \$400 to be divided into five shares of \$100 each; Please give the readers of this paper a receipt for making \$500 out of a possible \$400 and I have no doubt several ratepayers would be very grateful for the advice.

This puzzle is a mystery. I'd like to see it solved; If this game is continued, This council must be dissolved; Evans being the mover, And Stanton gave the sign; The other two have carried it, Poor Heber must resign.

If Harry had been elected, And Benny at his back, This motion would be rejected, Which looks so very slack; If Joe had been a member, And Barney at his side; This motion would be transacted, More as a business guide.

Gilbert having consented, New men should try their hand; Tom Clarke he made a venture, But was beat throughout the land; Billy carries the boodle, And thinks his job is fine; And Joe is quite contented With everything in line.

FAIRBAIRN

Builder's Hardware at Cinnamon's. Mr. Jas. Heaslip is visiting his daughter, Mrs. Jas. Howard in Lindsay.

A few of our farmers have tapped their maple trees, but as yet very little sugar or syrup has been made.

Miss Skitch is spending her Easter vacation at her home in Campbellford. The school will re-open on Tuesday Apr. 16th.

The roads in these parts are in a terrible state, so much so that the farmers do as little travelling as possible. One of our fair braves found it necessary to go to town recently notwithstanding the condition of the roads.

Before reaching the destination the horse grew weary and bowed down to rest, to the great injury of the cutter shaft. The damage is very slight, however, and there is a ready workman near at hand.

The crows are cawing, the robins fitting about, the snow has disappeared and instead of the musical sleigh-bells we hear the rattling of carriage wheels. These are all true signs of spring. Moreover the busy housewives are at their housecleaning and long for the time to come when the cheese factory will be reopened and Mr. Mulligan will ply his daily route.

Our cheese-maker Mr. Jack Patterson of Campbellford, is expected back this week. He will be accompanied by his brother James who will assist him in his work.

INDIGESTION

If you have it, you know it. You know all about the heavy feeling in the stomach, the formation of gas, the nausea, sick headache, and general weakness of the whole body. You can't have it a week without your blood being impure and your nerves all exhausted. There's just one remedy for you—

Ayer's Sarsaparilla

There's nothing new about it. Your grandparents took it. 'Twas an old Sarsaparilla before other sarsaparillas were known. It made the word "Sarsaparilla" famous over the whole world. There's no other sarsaparilla like it. In age and power to cure it's "The leader of them all."

After suffering terribly I was induced to try your Sarsaparilla. I took three bottles and now feel like a new man. I would advise all my fellow creatures to try this medicine, for it has stood the test of time and its curative power cannot be excelled. I. D. Good, Jan. 30, 1899. Brownstown, Va. Write the Doctor. If you have any complaint whatsoever and desire the best medical advice you can possibly receive, write the doctor freely. You will receive a prompt reply without cost. Address: Dr. J. C. Ayer, Lowell, Mass.

Miss Moore is spending this week at her home near Lindsay.

We are glad to report that Mr. Thos. Kittle, who has been laid up for the past two weeks with puerisy has recovered.

Mr. Thos. Mulligan is adding a verandah to his dwelling, which no doubt will be a marked improvement.

Miss T. Abbott is visiting at the home of her sister, Mrs. W. Oliver.

Held up by a Mouse.

Huntsville Forester: Mr. James Lucy has just returned from the woods, where he has been working in a camp some 38 miles north east of Huntsville, and where he had rather an exciting time with a bull moose. One evening when returning to camp following the old main road, he happened to look suddenly up and within 20 yards distance there stood one of the monarchs of the forest, a magnificent bull moose, his head lowered and bristles erect. Jim had no weapon of any kind other than a small tomahawk. The moose then came forward pawing the snow and earth up with his feet and shaking his head. Our friend then dogged behind a tree, and repeated the precaution several times, the moose still watching him. Finally Jim gave three or four unearthly yells, but they had no effect on his lordship as he only shook his head more fiercely and threw up more clouds of snow and dirt, until Jim could scarcely see him. Then Jim says he saw his chance of escape as just behind him was a thick growth of small hemlock, into which he took a header. He then made up his mind to take tracks in another direction, which he did, causing him to make a circuit of some 2 1/2 miles further than he otherwise would have done. Jim says there is no doubt in his mind about a moose tracking a man at certain seasons of the year. Jim is not a coward, far from it, for on more than one occasion he has saved life from drowning and wears a medal presented by the Royal Humane Society for conspicuous bravery in saving life, but upon this occasion he thought discretion the better part of valor.
