

HAPPENINGS ABOUT TOWN

Little Local Lines
The Band concert at the Academy tomorrow (Friday) evening.
The Victoria Spring Brewery band in Canada.
A record run last week. Two crews were run off. There is an increasing demand for Cornell's ale porter. Every hotel in town now carries his goods.

Little Local Lines
—Servant wanted for general house work. Apply to Mrs. S. J. Fox, Brickville, or to Mrs. A. B. Terry, town.—16-2.
—Barders Wanted—Comfortable rooms, good board. Terms reasonable. Situation central. Apply to 72 Russell-st., west.—17-5.
—Young lady, pupil of Convent, writing shorthand with fair speed, wants practice in office as typewriter. Apply at this office.—14-1f.
—The Tarbox Pillow Sham Holders, Clothes Dryers, Carpet Stretchers, Tack Hammers and other useful articles can be purchased at Timmins' restaurant, 16 William-st. north.—15
—Prof. J. H. De Silberge, the eminent German Eye Specialist, will be at the Benson House, Lindsay, from Monday, April 29th, to Wednesday, May 1st. Consultation free. Keep the date in mind. 15-2
—Complaints are being made that lunge are being speared in large numbers in the vicinity of Cobocok. People who enjoy fishing at the proper time deserve to be protected against the law breaker at this season. An inspector ought to be put on the water up there.
—On Friday evening last five head of cattle belonging to Mr. Hutton on the old O'Keefe farm, got into the granary and ate a large quantity of chop. One of the cows valued at \$45 died on Saturday night from the effects of the over-feed, while two of the others are hardly expected to recover.
—Mail and Empire, Monday: Lieut. Col. Sam Hughes, M.P., lectured in Seaford on Friday evening under the auspices of the Collegiate Institute Board on "Scenes in South Africa." After the lecture a banquet was tendered the colonel by the citizens of the town and surrounding community.
—In this issue an illustrated article on homemade lightning rods appears. The descriptive lines under the illustrations should be reversed in order. The earth terminal is the one with the coil, and the point for the rod top, the one with the split ends.
—Mayor Ingle has shown us a copy of an English sporting paper called The Field. It is almost a volume in itself for it contains about 50 pages of heavy paper, with four columns to the page. It is one of the greatest papers of its class in the world and its advertising and reading columns are replete with everything in British sporting life. The Mayor also has several copies of the Birmingham Weekly Post, Mr. Chamberlain's chief journalistic support. Its news columns contain world articles of great variety while its comments on the war are interesting and ingenious.
—Dr. McCullough, eye, ear and throat specialist, at the Simpson House, Lindsay, every Wednesday from 2 to 4 p.m.—5-1-yr.
—Queen Blend Coffee, superior to all others. W. E. BAKER, Sole Agent.
—An item appeared in last issue about a dray horse being ill-fed and abused. The owner of the horse objects to that, item and declares that the animal is well-fed. On that point we judged from appearances and are willing to take his word for it. He says that the sort of driving the horse gets is necessary to catch the train. It is only fair to say that the other horses kept by the owner of this one and the enterprise he has shown are a credit to him and we should be sorry to have our comment on this animal in any way injure him with the public. At the same time we direct his attention to the treatment this horse sometimes gets at the hands of its driver.
—The recent heavy rains have flooded the roads in low places in this section. A gentleman who drove into town from Valentia Tuesday reported the roadway so badly flooded at Mr. Hugh Ray's that his team for a while refused to face it. The water was fairly alive with suckers, carried down from a neighboring stream.
—The Fort Francis Times of the Rainy River district says: Capt. F. Crandell, resident manager for Seaman & Co., bridge and tie contractors for the Canadian Northern railway, arrived in town Tuesday on a trip of inspection along the line. To a Times representative Mr. Crandell said the fall complement of ties, bridge timber and telegraph poles were now scattered along the right way from Rainy River to the Annetokan, ready for the graders and bridge builders. Some idea of the immensity of the work can be gathered when it is stated that the road between Vincent's Point, east of Fort Frances, and the present end of the track will require 250,000 ties, 20,000,000 feet of bridge timbers, in addition to large quantities of piling, telegraph poles, and other construction timbers.

Little Local Lines
The Indians were in town the past few days delivering muskrat skins. The animals have been caught in large numbers.
A meeting of people interested in boating is called for Thursday evening at the Club Boat House at 8 o'clock. It is proposed to reorganize the club.
Mr. A. B. Terry is showing a beautiful collection of potted plants in full bloom. They include the most popular varieties at low price. See them.—17-2.
While the engine of the G.T.R. pay car was on the turntable at Stouffville last Monday morning, quicksand under the foundation allowed one end of the table to sink. The engine was thrown into the pit. Driver Bain had his ankle dislocated.
The band concert at the Academy of Music to-morrow (Friday) evening, April 26th, should be largely attended. The 57th Band is a grand concert band. It will be a treat. Popular program. 50, 25, 25 cents. Plan at Porter's.
Mr. Ed. Burns of Ops enjoys the winter months because he has both time and opportunity to exercise his sporting proclivities. He has had more fun than a little during the past season in hunting Reynard. He has been fairly successful in the chase, having captured no less than nine "brushes." The best one was knocked over at eighty-five yards with the fox sailing along at top-most speed, hotly pressed for a time by the baying hounds.
At a meeting of the Finance Phelan and Mr. Kingsley appeared. Committee on Tuesday night. Father to claim that a refund of \$181.86 is due to the Separate School on last year's taxes. The contention is that the supporters of that school pay a school rate of 6 mills on \$8-25000 assessment. The funds really used by the school equal the revenue from only \$300,000. The taxes from the \$25000 are claimed for the school. If the refund is made for last year the representatives were willing to waive the claim with regard to previous years. No action was taken.
To realize the best results, progressive farming requires not only the best methods of enrichment and cultivation of the soil, the best system of rotation, the best of their kind in seeds and grain sown and planted, but also the best methods of realizing the most out of the produce, whether grain or forage. Regarding the latter, the silo on the farm has become a necessity with many and is rapidly becoming so with most of our stock farmers, if the experience of the Rathbun Company at all indicates the trend of opinion among them. This firm tell us that the demand for silo lumber is continually on the increase and never satisfied. They make a specialty of this material and are this season preparing to fill a goodly number of orders. They claim that their great success in pleasing silo lumber customers is owing to the particular attention they give to true sawing and careful dressing.
Hymeneal
McElroy—Jewell
The residence of Mr. J. Jewell, Linden Valley was the scene of a happy event on Wednesday, 17th inst. when his eldest daughter, Florence and Mr. John McElroy were married. Rev. J. W. Macmillan B. A. of Lindsay performed the ceremony. Among the bride's presents were a handsome hall lamp from her Sunday school class and a chair from the officers of the Friends' Church. Mr. and Mrs. McElroy will reside in Midland. Congratulations.
Baker—Lynch
Peterboro Examiner of Tuesday says: The marriage took place at 8 o'clock this morning, at St. Peter's, of Miss Catherine Lynch, youngest daughter of the late John Lynch, of Peterboro, and Mr. W. E. Baker, of Lindsay. The ceremony was performed by the Venerable Archdeacon Casey. The bride was attended by her sister Miss Margaret Lynch and Mr. F. Killen of Lindsay acted in the capacity of best man. A sumptuous wedding breakfast was served by Long Bros., at the residence of the bride's mother, No. 4 Elm-st., and the newly-married couple left on the noon G.T.R. train on their honeymoon trip, followed by the best wishes of their host of friends for a prosperous and happy future.

Stock Notes
—Mr. W. A. Fanning of Cambray has purchased a handsome Clydesdale.
—Messrs. S. Dunn and J. Capstick have purchased a grand two-year-old Clydesdale from Mr. Samuel Devitt of Cadmus. This is one of the finest colts in the province. It is royally bred and has an unbroken show ring record.
—Messrs. Robertson and Skuce have sold their great Clydesdale McClinker to Mr. Samuel Staples of Ida, Cavan. Mr. Staples has been in the horse business for over forty years and during that time has invested over \$20,000 in equines. After visiting noted breeders and importers, he decided that McClinker came nearer to filling the requirements of his district than any imported sire he had seen. It therefore did not take him long to negotiate a deal and he is now the happy owner of McClinker. There is a scarcity of really high class sires in this district and the loss of McClinker will be felt.
—Mr. John Aldous of Fenelon Falls is the happy possessor of the only Electioneer in this district in Anteanu 30258. Anteanu is a beautiful brown in color with white markings, and was sired by Antevolo 7648, dam Lucy by Black Hawk Morgan. The pedigree fairly shines with producers and performers in the extreme speed list. Next week we will name some of the sensational performers sired by the mighty Electioneer 125.

The N. HOCKIN SHOE STORE
OUR NOCTURNAL VISITORS
We are exceedingly obliged to the large number of leading citizens who have called to express their regrets and indignation over the daring robbery committed upon our premises on Saturday night last. While the loss is a serious one it will in no way interfere with our business, and we rather take it as a compliment that these gallant "Knights of the Dark Lanterns" should have selected this store as being the only shoe store in Lindsay worth robbing; evidently they were gentlemen of good judgment, men of extensive travel who know a good shoe on sight.
MR. GEO. A. SLATER is rushing along another lot of his famous Shoes, all sizes will be in stock again in a day or two for your inspection.
Several days ago a shipment of the World Renowned HUMANIC SHOES for men was made for us from Boston, the goods are here to-day.
We have also in stock another large range of our popular EMPRESS SHOES for ladies in several new styles.

The N. HOCKIN SHOE STORE, WHITE'S OLD STAND.
Just a Word About Mixed Paints
Our "ANCHOR BRAND" Mixed Paint is giving our customers entire satisfaction. We guarantee every can as represented or money refunded. A full assortment of colors for inside and outside use. Also a Special Floor Paint. Try a can and you will be pleased.

A. HIGINBOTHAM, NEXT TO DALY HOUSE

CONSTIPATION
Permanently Cured and all its Ill Effects Removed by Burdock Blood Bitters.
If you've suffered from constipation for years, tried all the remedies you ever heard of or read of, without getting more than the relief the one dose of the medicine afforded—if you've been subject to all the miseries associated with constipation, such as sick headache, nausea, biliousness, pimples, eruptions, blood humors, blotches, piles, etc., wouldn't you consider it a blessing to be cured of your constipation so that it would stay cured?
Constipation Blood Bitters can cure you—cure so that the cure will be permanent. It has done so in thousands of cases during the past twenty years.
Just one statement to prove what we say is right.
Mrs. G. Gashy, Portage La Prairie, Man., writes: "For over two years I was troubled with sick headache and constipation. I tried many different pills and patent medicines, but they only gave me slight, temporary relief.
"A lady friend of mine induced me to try Burdock Blood Bitters, and sent me half a bottle of it to start with. I derived so much benefit from that that I continued to use it, and took in all three bottles, which completely cured me.
" That was ten months ago, and as my health has been splendid ever since I have only my kind friend to thank who advised me to take B.E.B."
