## HERE ARE THE GAMEY CHARGES AS SET FORTH FOR THE TRIAL

They Involve the whole Liberal Cabinet and Cover Several Misdemeanors

### BRIBERY AND CONSPIRACY

The Alleged Wrong Doings Date from Shortly After Election of Mr. Gamey

On Thursday the prosecution's version of the Gamey charges was made known. It involves every member of the Ross cabinet and alleges a very wide range of wrong-doing. The text of it published below will be of interest and some will likely be glad to keep this copy to refer to as the trial goes on. The full text is as follows:

1. Robert Roswell Gamey, a member of the Legislative Assembly of the Province of Ontario for the electoral district of Manitoulin, make the following charges under the Royal Commission, dated the 26th day of March, 1903:—

1. That on the occasion of the elections in the Province of Ontario for the Legislative Assembly of the said province, holden on the 22nd and 29th days of May, A. D. 1902, I was a member of the political party known as the Conservative party in the Province of Ontario, and an opponent of the political party known as the Liberal party, which for some time past has controlled the affairs of the Province of Ontario, and as such I became a candidate at the said election for the said electoral district, and was duly elected a member of the said Legislative Assembly for the said electoral district.

2. That by constitutional law and usage it is necessary that a political party should have and possess the support in the Legislative Assembly of a majority of the members of the said Legislative Assembly in order to their continuance in office as a Government and members of the Executive Council of the said province.

3. The result of the general election was that 51 supporters of the Government, or Liberal party, were declared elected, and 47 (including myself) supporters of the Opposition or Conservative party, were declared elected.

4. Within a short time after the result of the election became known and pending certain recounts of votes which took place one of the members (the late Mr. J. W. Munro) who had been elected as a Government

supporter died, and his seat (North Renfrew) was thereby vacated, and is still vacant.

5. In the electoral district of Lennox the result of the recount in that constituency (which was concluded on or about the 8th day of July, 1902) was to declare the Conservative candidate (Mr. T. G. Carscallen) elected instead of the Liberal candidate (Mr. M. S. Madole) and the relative strength of the said political parties was altered when all returns were in for 97 of the 98 electoral districts in the province to 49 declared supporters of the Government and 48 of the Opposition, which majority of one on the election of the Speaker would leave the Government without a majority.

6. Under the circumstances above described the position of the Government and the tenure of office of the Ministers thereof was most critical and precarious, and they were left practically on the result of by-elections or the procuring of one or more of those who had been elected as members of the Opposition to change their allegiance and support to the Government, or to rely on the unseating of some of the Opposition members and endeavoring to have Government supporters elected in their stead.

7. For the purpose of carrying the elections in favor of the government and procuring the continuance in office of the then Executive Council, a large fund, amounting to many thousand dollars, the exact amount of which is unknown to me, was contributed by supporters of the Government and others and paid over to nominees of the members of the Government to be by them expended under the direction of the members of the Government, or some or one of them, and others in procuring the defeat of Conservative candidates or the unseating of Conservative candidates elected and the election of Government supporters in their stead and to be used if necessary in bribery and obtaining members who had been elected as supporters of the Conservative party to change their allegiance and support the Government.

8. The sum in the preceding paragraph mentioned was collected, paid over, held and disbursed for the purposes aforesaid with the full knowledge of every member of the Government and was utilized for the illegal purposes aforesaid or some of them with the knowledge of every member of the Government and in order to maintain themselves in office.

### CHARGE OF CONSPIRACY

9. That between the said 29th day of May and the date of the opening session of the said Legislative Assembly, to wit, the 10th day of March, 1903, and at sundry times and places, the Provincial Secretary; the Honorable George W. Ross, Premier and Provincial Treasurer; the Honorable John Morrison Gibson, Attorney-General; the Honorable Frank R. Latchford, Commissioner of Public Works; the Honorable Richard Harcourt, Minister of Education; the Honorable Elihu J. Davis, Commissioner of Crown Lands, and the Honorable John Dryden, Minister of Agriculture, members of the said Executive Council of the said Province; Frank Sullivan and Elgin C. Myers, officials or employees of the said Government of the said Province; Robert A. Grant, solicitor for the said members of the said Executive Council, and Capt. John Sullivan, all of the said city of Toronto, and D. A. Jones of the village of Beeton, together with divers other persons did unlawfully conspire, confederate, and agree together, or some or one of them, with some or one of the others of them, unlawfully conspire, confederate, and agree together to endeavor to procure myself and other persons who were known as the Conservative party, and who as such had been elected as members of the said Legislative Assembly, to be unseated and disqualified by the judges of this province trying election cases, by procuring evidence of convictions, criminal and others paid to give false evidence, and having filed a petition against me and threatening to prosecute with the trial thereof, the said parties attempted to induce me to say that I had cast in my lot with the said political party to which they belonged and which they represented, and to influence me in my proceedings as a member of the said Legislative Assembly by, among other means and methods, the following:—

(1) By filing, or causing to be filed a petition dated the 6th day of July, 1902, against my said election as member of the said Legislative Assembly, charging me with gross acts of bribery and corruption.

(2) They also paid, or caused to be paid into the Canadian Bank of Commerce at Toronto, on or about the 11th day of July, the sum of \$1,000 as security for costs of the said election petition, such sum being part of the fund hereinbefore mentioned in paragraph 7.

(3) They also arranged for and paid out of said fund, the expenses of certain individuals, to wit, James Vance, Captain John Sullivan, and B. Lancy, of Toronto, and J. P. Stanton of Hamilton, and others

whose identity is at present unknown to me, to go into the said electoral district to forward their objects in connection with the said election petition.

(4) They also arranged for and paid the expenses of James M. Fraser, and A. J. Murray, of Gore Bay, and R. A. Grant of Toronto, and others whose identity is at present unknown to me to perform the services connected with the preparation and conduct of the said election petition.

(5) Having commenced with proceedings against me, in order to influence me and secure my support, through the said Captain John Sullivan, Frank J. Sullivan, and D. J. Jones, statements were made to me as to evidence which they could adduce at the trial of the said election petition, and for the purpose of intimidating me, represented that the effect of such evidence would be to unseat and disqualify me.

### THE BRIBING OF GAMEY

(6) In or about the month of August, 1902, the said parties, representing the said Stratton and the members of the Government hereinbefore mentioned, offered to pay me the sum of three thousand dollars cash between the 3rd and 5th of September, 1902, and the further sum of two thousand dollars at the close of the first session of the said Legislative Assembly, and to appoint me to public offices in the gift or recommendation of the said Government, and also the expenditure of public money in the said electoral district from that time forward, and also to withdraw the said election petition filed against me.

(7) On or about the 10th day of September, 1902, at the Parliament Building, in the City of Toronto, aforesaid, in pursuance of the said scheme, the said Stratton acting for himself and other members of the Government, and with their knowledge, paid, or caused to be paid, the said sum of three thousand dollars in money out of said fund, and at divers times appointed persons recommended by me to places of emolument in the administration of public affairs in the said electoral district, according to my demand.

(8) Before payment of the said money the said Stratton, acting for himself and the other members of the Government, procured me to sign a letter addressed to the Hon. G. W. Ross, announcing my intention of supporting the Government of which he was the Premier, and stating that I had received no consideration therefor.

(9) The said Stratton, acting for himself and the members of the Government, procured the withdrawal and dismissal on or about the 25th day of October, 1902, without costs, of the said election petition.

(10) On or about the 20th day of January, 1903, the said Stratton, acting as aforesaid, in pursuance of the said scheme, paid the sum of one thousand dollars to me out of the said fund.

8th April, 1903. R. R. GAMEY.

### ONE SHOT OTHERS HURT AS RESULT OF LABOR RIOT

Non-Union Employees of Windsor Factory Severely Handled in Detroit

On Thursday evening the trouble which has been brewing for several days between the striking employees of the Canadian Bridge Works at Walkerville and the non-union men who were slowly, but surely, filling their places reached a climax, when the strikers and the non-union men indulged in a riot, in the course of which one man was shot and half a dozen injured. The trouble occurred shortly after six o'clock, while the men were on their way home to supper. Escorted by a strong guard of special patrol men composed of members of the 21st Essex Fusiliers, a squad of twenty non-union men left the works and marched to the ferry landing at the foot of Second-ave., where they went aboard the ferry Ariel. On the way to the dock the men were hooted and jeered by the strikers, but nothing serious occurred, the fact that the entire Walkerville company of militia were out in civilian clothes apparently having the effect of keeping the crowd in check. When the ferry landed at Joseph Campeau-ave., a large crowd of strikers and sympathizers had gathered, and as the non-union men carried their dinner pails walked past the Customs House the crowd closed in on them. The one or two policemen in the vicinity were powerless to do anything towards stemming the tide of feeling which seemed momentarily to be growing more acute. Suddenly a shot rang out followed by another and then another, and in a moment the non-union men were overwhelmed by an avalanche of sticks, stones or any other kind of missile which could be picked up. A riot call was quickly sent in, and in a very short time several patrol men were loaded with officers were only dispersed after half a score of arrests had been made.

Geo. Kennedy, the shipping clerk of the bridge company was kicked in the face and a revolver and fired. Two he drew a revolver and fired. Two he drew a revolver and fired. Two he drew a revolver and fired. Two he drew a revolver and fired.

He was immediately taken to the Emergency Hospital, and will live. James Ladue, a Walkerville man, but employed in Detroit, was seriously injured by being struck on the head by a heavy iron bar, while a number of others were cut and bruised by the flying missiles.

### ONE VERSION OF THE CULTURE AMERICANS HAVE TO OFFER

Some Features of the Civilization that is Being Extended by Butchery

W. R. Andrews, of Grand Rapids, Mich., at a recent toast, got off the following appeal to the Filipinos: "You Filipinos don't know what you are missing by not wanting to become citizens of this grand country of ours. There isn't like it under the sun. You ought to send a delegation over to see us—the land of the free—land of fine churches and 40,000 licensed saloons; Bibles, forts and guns, houses of prostitution, millionaires and paupers; theologians and thieves; libertines and liars; politicians and poverty; Christians and chain gangs; schools and scallawags; trusts and tramps; money and misery; homes and hunger; virtue and vice; a land where you can get a good bible for fifteen cents or a bad drink of whisky for 5 cents; where we have a man in congress with three wives and a lot in the penitentiary for having two wives; where some men make sausage out of their wives; and some want to eat them raw; where we make bologna out of dogs, canned beef out of horses and sick cows, and corpses out of common people who eat it; where we put a man in jail for not having the means of support, and on the rock pile for asking for a job of work; where we license bawdy houses and fine men for preaching Christ on the street corners; where we have a congress of 400 men to make the laws and a supreme court of nine men to set them aside; where good whisky makes bad men and bad men make good whisky; where newspapers are paid for suppressing the truth and made rich for teaching a lie; where professors draw their conviction from the same place they do their salaries; where preachers are paid \$25,000 a year to dodge the devil and tickle the ears of the wealthy; where business consists of getting what you in the penitentiary; where trusts hold up and poverty holds down; where men vote for what they do not want, for fear they won't get what they do want by voting for it, where "niggers" can vote and women can't; where a girl who goes wrong is made an outcast and her male partner flourishes as a gentleman; where the patriotic statesman; where men vote for a thing one day and cuss it 364 days; where we have prayers on the floor of the national capitol and whisky in the cellar; where we spend \$500 to bury a statesman who is rich and \$10 to put away a working man who is poor; where to be virtuous is to be a lonesome and to be honest is to be a crank, where we sit on the safety valve of energy and pull wide open the throttle of conscience; where gold is substance—the one thing sought for; where we pay \$10,000 for a dog and fifteen cents a dozen to a poor woman for making shirts; where we teach the 'untutored' Indian eternal life from the bible and kill him off with bad whisky; where we put a man in jail for stealing a loaf of bread and in congress for stealing a railroad; where the cheque book talks, sin walks in broad day light, justice is asleep, crime runs amuck, corruption permeates our whole social and political fabric, and the devil laughs from every street corner. Come to us, Filipinos! We've got the greatest aggregation of good things and bad things, hot and cold things, all sizes, varieties and colors, ever exhibited under one tent."

### MY DEAR MAGGIE

A Pretty Little Accident in Which a Legislator Figured

Representative A. D. Morris of Schuyler county had an experience in the house the other day that was somewhat mortifying to him for a short time. He had been writing a letter to his wife. In his haste to prepare an amendment to a resolution that was pending he mistakenly wrote it on the back of a sheet of paper in the letter and sent it to the clerk's desk. He arose at the same time and said: "Mr. Speaker, I wish to offer an amendment." The gentleman from Schuyler, Mr. Speaker offers an amendment." "Read it Mr. clerk." Clerk Jeff Pollard, with a quizzical voice: "My dear Maggie— I and myself awfully lonesome here without you—" "Hold on there, Mr. Clerk," yelled Morris. "That's not right. That's the wrong side." The house held its sides to laugh, while Morris sunk into his seat with a very red face, and Clerk Pollard turned the paper and began to read the resolution.—Kansas City Journal.
