Mrs. Martha Pohlman of 55 Chester Avenue, Newark, N. J., who is a Rewark, N. J., from the graduate Nurse from the School at Philadelphia, and for six years Chief Clinic Nurse at the Philadelphia Hospital, writes the letter printed below. She has the advantage of personal experience, besides her professional education and what she has to say may be absolutely relied upon. Many other women are afflicted as she was. They can regain health in the same way. It is prudent to heed such advice from Mrs. Pohlman writes:

"I am firmly persuaded, after eight years of experience with Lydia E. Pinkham's Vegetable Compound, that it is the safest and best medicine for any suffering woman Martha

# Accept My Thanks

I cannot neglect the performance of a duty I owe to the citizens of Lindsay and the County of Victoria, a duty it gives me a great pleasure to fulfil, namely the giving of thanks to them for their continuance and ever increasing support-a support without which it would be impossible for me to prosper. My business grows day by day, each succeeding week scoring a greater business success than its predecessor. Each year of my business experience gives me lessons how best to please the people and I promptly learn to apply them. The success of my store is simply phenomenal. There must be some cause for this, and the cause rests on the fact that my efforts to please the people have been successful, and that success I attribute entirely to the fact that I have always told the truth about my goods and prices. I have the confidence of the community and I will not abuse it. From the first to the last I promise to sell you reliable merchandise for lower prices than will be named by any other responsible house in this town. My new stock has arrived and I would like showing novelties in men's new Suits and up-to-date Spring Coats, while the new things in boys and children's Clothing, Caps and Furnishings are perfectly be-

wildering in variety. I shall depend on a large volume of trade rather than on large profits to support my business and with your co-operation I shall quote prices right at the beginning of the season that are low as those usually named at its close. In short, I promise you the lowest prices ever named in Lindsay for a good goods. In the past I have done all I could to command success and if the public will continue to give me their support I promise with every increase of patronage a corresponding lowering of prices. My only wish is for my business to net me a comfortable living, therefore the more I buy the cheaper I can buy, and the more I sell the cheaper I can sell. I firmly believe that the volume of my trade this season will reach that point in magnitude where I shall be justified in selling all goods

fully, your obedient : ervant. The highest price paid for all kinds of Furs.
