—The summer time table of the Quebec & Lake St. John railway and Saguenay Navigation Co., setting forth the advantages of sport and recreation in their territory and announcing the opening of the new Lake St. Joseph hotel, which is situated on Lake St. Joseph, 22 miles north of Quebec city. The trains will run over the road. This is the line by which the trans-Canada railway will enter Quebec.

—Upholstering, repairing and picture framing done promptly and reasonably at M. E. TANGNEY'S.—15-t.

—The Peterboro Examiner reports the installation of 29 machine telephones, mostly in residences, recently in that city, and the company is making arrangement to extend lines through the district.

—At the meeting of the Ontario Educational Association in Toronto last week, Inspector Stevens of Lindsay, was elected President of the public school inspectors' department.

—A small fire started by a spark, started in the tool house near the G.T.R. freight sheds occasioned the G.T.R. and town fire brigades to take a run on Friday night. It was extinguished easily.

—The patient getting discouraged with his physician's treatment, asks his opinion of Dr. Roscoe's Rheumatic Remedy. He replies, "it is a good medicine but it would kill you." In his present condition he may well be dead, "kill or cure," he takes the medicine and is perfectly well in a few days. We have frequently heard this.—16-2.

—On Friday night last Rev. Geo. W. Dewey, delivered a lecture in Queen-st Methodist church, entitled "A Love Story." Mr. Dewey is an interesting speaker and fills many lecture engagements besides being pastor of Davenport Methodist church Toronto Junction. He possesses one of the finest baritone voices in this country and his singing adds much charm to his work. He sang several selections on Friday night. Mr. Dewey is instrumental in building Queen-st church, and many of his old friends enjoyed renewing friendship.

—Mr. William Clendennan, of Lindsay, has sold his residence to Mr. Isaac Laidley of Omemee, and leaves for the west.

—Mr. J. D. A. Tripp, the famous Canadian pianist, will give a recital in the Academy of Music to-night.

—The management of guests of Mr. Darcy's fine new hotel at Burleigh Falls, were shocked last Thursday morning when Mr. Patrick Kelly, a well-known and respected resident of Burleigh, was found dead in bed.

—He was forty-one years of age, and had been in good health until Tuesday evening, when he complained of feeling slightly ill. Nothing serious, however, was feared. He retired to his room as usual and yesterday morning was found dead in bed, having expired during the night, presumably from heart disease. Mr. Kelly is survived by two sisters, Mrs. Thos. Darcy, of Burleigh Falls; the other resides in Cleveland, Ohio. Mr. Kelly was an uncle of Mr. Fred E. Darcy, the well-known hotelkeeper of Young's Point. He was well known in the district where he resided, and his sudden death will come as a great shock to his many friends.

—Reports agree that the immigrants the Salvation Army is sending from England are an exceptionally fine-looking lot of people. The probability is that there is no better agency at work for Canada in the immigration line than the Salvation Army.

—We are now ready with our spring stock of bedroom, dining-room and parlor furniture; also a large stock of baby-carriages and go-carts. The assortment is large and prices are reasonable. M. E. TANGNEY.—15-t.

—The production of "The Holy City," to be given at the Academy of Music on Tuesday next, will be an agreeable surprise even to those who expect the most from the play, and the presentation will be one that will live for years and receive, constantly increasing, praise and patronage at the hands of the public. It is certainly a daring attempt to give a play founded on some of the most stirring and tender incidents in the Holy Word, and only by the most careful avoidance of anything like sacrilege could the play be made as successful as this has been accomplished by the author and the dialogue does not breathe a single word but what is pure and elevating in its tendencies. The play is founded on the incidents of the Biblical story on Calvary and immediately after the crucifixion and the scene after the painting of Michael Angelo. The presence of Christ is frequently referred to, but obviously it would be impractical and offensive to attempt to represent the Master on the stage, and this is not done. But many of those intimately associated with Christ during His time on earth, are presented with a fidelity to the best conceptions of their characters and appearance, and the result is a play which is absorbing in interest and elevating in its teaching. Great care has certainly been taken in the selection of the cast, and the leading parts will be taken by artists of exceptional ability, who will give to the portrayal that skill and intelligent conception which makes an enjoyable performance. The costuming and stage accessories will be truly magnificent in every detail, and the costuming especially will be modelled the historical records of the times in which the play is supposed to be given. The harmonic splendors of the court of Herod are contrasted with the simple costumes of the fishermen, Galileans and followers of the Son of God.

—Taylor Parkin, of Cameron, sold at four year old horse, weighing 1,500 lbs., to Mr. Wm. Weese, on Saturday for \$175.

—Robert Wilson, of Silver Lake was brought before the magistrate on Tuesday afternoon on a charge of stealing a mower from the executors of the Henderson estate, Galway township. It appears the mower had been offered for sale with other goods, etc., but was withdrawn, the price bid being deemed insufficient. Wilson made an offer which was refused and afterward took the mower away. On appearing at court, Wilson promised to return the machine and pay costs of the case.

—Inspect Clark the Tailor's stock of tweeds before ordering your spring suit. He makes an up-to-date suit for \$16, fit and finish guaranteed. Opposite the Benson House.—17-8.

—There was an announcement in Montreal on Monday that Mackenzie & Mann intend to begin in the date the building of a grain line from the mouth of the French River to Ottawa, and thence to Hawkesbury, where it will connect with the Great Northern, which runs from that point into Montreal. The distance from French River to Hawkesbury is 375 miles, and from the latter place to Montreal about 60 miles. The terminal at French River will necessitate wharfage equipment, elevators, etc.

—IMPORTANT NOTICE. Tin-smithing and general repair work promptly attended to at Cinnamon's, Lindsay.

—The Peterborough Board of License Commissioners at a meeting on Monday night cut off two hotel licenses absolutely. —Patrick McAuliffe, of Emily township, was on Tuesday found guilty of manslaughter, with a recommendation for mercy. —Three broken hearted young women sang and danced for the amusement of the audience at the Academy of Music last Saturday evening when the "Yankee Consul" was presented. All three were waiting in dreadful suspense for further news from San Francisco, where those near and dear to them reside. Not knowing whether they are with the living or the dead, they are compelled to sing and dance assume cheerfulness, while the hearts of the audience are torn by the instance of tragedy behind the mask of pleasure.

The three ladies are Miss Vera Michelson, the prima donna soprano of the company, whose beautiful presence and brilliant voice are equally charming; and Misses Ethel and Mabel Cramer, members of the chorus. Miss Michelson is of a family of singers, her father having been a well known operatic tenor some years ago, now engaged in teaching. Her father, mother and younger sister lived just of Vaunness street in the heart of the downtown district. She has made every effort to get into communication with her people, but no private messages have apparently reached the ill-fated city.

The father of the Misses Cramer is a city hall employe in San Francisco and lives with their mother and brother on Turk street, also in the stricken district. They too feel the situation keenly and are barely able to keep up under the strain.

The company played in San Francisco a couple of months ago and has been touring the East since.

Seismograph Records

Toronto, April 18.—A very large distant earthquake was recorded this forenoon by the Seismograph at Toronto Observatory. The first reached Toronto at 8.13 eastern standard time, or 5.13 Pacific time, and by 8.33 the pendulum was swinging right across the paper.

Ottawa, April 18.—The vibrations resulting from the big earthquake at San Francisco were reported by the seismograph at the Dominion Observatory at the Central Experimental Farm. The preliminary tremors began at 8 hours 9 minutes 30 seconds in the morning. The principal part of the disturbance occurred at 8 hours 30 minutes 30 seconds and the maximum disturbance at 8.55. When the shock was taken off at 9.50 quakes were still being recorded, but not so violent.

Washington, April 18.—The San Francisco earthquake has reached across the entire continent.
