business is advertising.

There are various ways and means used in this, but by far the best and therefore the most popular and profitable is the Weekly Newspaper.

The weekly newspaper covering the best and biggest area in this district, reaching the most people and bringing th most trade to the advertising merchant in Lindsay, is the one which should be used most by advertisers.

The Watchman-Warder can easily lay claim to this and it only requires trial to convince the thoughtful merchant of this.

We will be glad to quote \$ our advertising rates to any enquirer. We believe in treating
