Clover \$9.00 per bush. Alkali clover \$9.50 bush.

Mr. Elliott A Teacher of Teachers

The Toronto Star Weekly in an article about the largest public school in Canada, the Kent School, of Toronto, refers as follows to Mr. W. Elliott, one of the genial inspectors of the public schools in the Queen City, who is well known in Lindsay, having attended the Collegiate Institute in his younger days. He also attended school at Omemee: "Inspector Elliott was on hand some time before the first gong sounded. He is a clean-shaven, clean-cut man, very alert and active. The dusty air of detachment, which gathers about so many educationists, doesn't do much gathering in his immediate neighborhood. High competence, thorough knowledge, ease and courtesy of manner—they are all his. Mr. Elliott has occasionally been referred to as "an outsider." His career has been brief: this is Dorn in Victoria County, he taught in Public Schools, and in the

Hamilton Collegiate Institute. He was made principal of the training school for teachers in 1893. In 1899 he was brought to Toronto by the Government as vice-principal of the Normal School. In 1908 he was appointed head of the Stratford Normal School, the position he resigned to become a Toronto inspector at the end of the same year. So it turns out that nearly every assistant teacher in Toronto has at one time or another been a pupil of Mr. Elliott.

MARRIAGES.

HARRIS-GOHEEN.—At the Methodist parsonage, on March 22, by the Rev. Mr. Balfour, Walter Harris and Bella Goheen were united in the holy bonds of matrimony.

Very few men require as comfortable seats at a poker table as they expect when listening to a sermon.

Shiloh's Cure quickly stops coughs, cures colds, heals the throat and lungs. 25 cents.

You can use it and get your money back if not satisfied. 50c at all dealers of EDWARDS, BATES & Co., Toronto. DR. CHASE'S OINTMENT.

In the Sugar Bush

Below will be found a few extracts from various Warder correspondents re the work being done in the sugar bushes throughout the country. A good run of sap is reported. Dundas, April 11.—A number of people in this vicinity are making maple syrup and report a good run of sap. Hurry's Green, April 11.—Some of our farmers have commenced plowing this week. These who have recently tapped their trees report sap to be running fairly good, owing to the frosty nights and sunny days which we presume will be very hard on the fall wheat and fresh seeding of clover. Islay, April 10.—Few of the residents have gathered sap this year, as the trees did not show much productivity, and the days were unpropitious. Kinmount, April 10.—Spring has come at last, after a long, steady winter, and by appearances we may get some of the sweet juice of the maple yet. Lorneville, April 11.—Mr. Phil Sproule is at work in the sugar bush laying in the season's supply of maple syrup. He boiled on Monday for the first, and reports a good run and an excellent quality of syrup. Omemee, April 12.—The run of sap has been quite liberal, but no great quantity of syrup has been offered for sale yet. Haliburton, April 10.—The present week is supposed to be the best week for syrup making. Many are busy in the sugar bush, and report a good run of sap. SPRING BACKWARD. The question oftentimes repeated on Lindsay streets these days is, "Well, how does this weather suit you?" and invariably the reply is, "Terrible," "horrible," "here," etc. Spring has been very "backward" in coming forward, and a well known Lindsay citizen who visited at Toronto the latter part of last week, stated to a Warder man this morning that he saw very little evidence of spring operations in any of the farms along the railway between Lindsay and Toronto. In fact in only one place, Claremont, did he notice any sign of plowing having been commenced, and in that one case the farmer had evidently started to plow, but apparently changed his mind, as very little sod was turned.

Pretty Wedding at Mount Horeb

Mount Horeb, April 15.—The home of Mr. and Mrs. Wm. Skuce was the scene of a very quiet wedding on Wednesday, April 13, when their daughter, Margaret, was united in marriage to Mr. Jas. Walker, of Peterboro. The ceremony was performed at 2 p.m., by Rev. Thomas Snowdon, of Janetville. The bride, who was unattended, wore a traveling suit of navy blue with hat to match. Later in the evening the happy couple left for their new home near Peterboro, amid showers of rice and good wishes. The bride is well known here, having spent her lifetime in this vicinity. She will be greatly missed in the church, where she has been organist for many years as well as an earnest worker in all other church work. The many friends here wish her and her partner a long and happy married life. The members of the Methodist church presented her with a beautifully engraved silver tray and tea service as a token of their regard. Mrs. Moore read the address, and Mrs. Jackson made the presentation. Mrs. Dickson, sr., is very low at present. Her sister has arrived to assist in taking care of her. We extend our sympathy to Mrs. R. Nugent, who received word this week of her father's death in Manitoba. She has just returned from caring for a sick sister at Janetville. Miss McCordick, of Keswick, who has been teaching the village school here for some weeks past, went to Gooderham to spend Easter, and goes from there to her new school at Kinmount. We wish her every success. We are sorry to hear that Mrs. Win. Elliott is very ill, but we hope for her speedy recovery. Mrs. Fielt, of Oakwood, and Mrs. Southam, of Bury's Green, have been visiting their parents here for the past week. The public school pupils treated their teacher and themselves to a maple taffy pull on the closing day of school. Mr. R. Nugent has been remodeling his house. Messrs. William and Wesley Skuce and Jos. Magahay, were at Peterboro for a couple of days.

Prefer Ontario To The Northwest

Although there are not many immigrants coming in at the present time, the officials at the Ontario Immigration office, at Toronto, are being kept busy, attending to those who have arrived during the past two weeks. The majority of these are staying in Ontario as there is plenty of work for them here. Farmers in need of help, not only for farm labor but also domestics, are taking men and women away every day, and are very much pleased with the class that has been brought to Canada. A number there are that will go right through to the west and plan which most of them intend following is to work a year or two on a farm and then take up a homestead. The Brantford tax rate for 1911 is to be 2 3/4 mills.

Peruna Secret, You Should Know Golden Seal Root. Golden Seal, the root of the above plant, is a very useful medicine. Many people gather it in our rich woodlands during the summer. Few people know how valuable it is in dyspepsia, catarrh, and as a general tonic. Many thousand pounds of this root are used each year in the famous catarrh remedy, Peruna. This fact explains why everybody uses Peruna for catarrh.

Fire Insurance That Insures Several companies that I am agent for have been paying losses to their policy-holders for nearly 200 years and still have Assets enough to be amongst the strongest Fire Insurance Companies in the world. Ask for my rates before renewing your policy—security considered—they are the lowest obtainable and the difference in cost between good and bad is so infinitesimal when spread over three years for furniture or dwelling policies that the wise insurer will choose the best.
