DON'T LET THAT COUGH ROB YOU OF SLEEP

You probably know all too well bow it goes. Just as you doze off, the tickling starts in your throat. A gentle bough still asleep. A harder cough, and then another. First thing you know, you're wide awake, coughing your head

A few nights of that and you're so worn out and weakened that the cough takes a tight grip on you. But why endure it?

Na-Dru-Co Syrup of Linseed, Licorice and Chlorodyne will soothe that exasperating tickling, loosen the phlegm and cure the inflammation of the mucous membrane. It not only stops the cough quickly, allowing you to get sound, refreshing sleep, but it goes to the root of the trouble and drives out the cold completely. Children willingly take Na-Dru-Co Syrup of Linseed, Licorice and Chlorodyne, because it tastes so good. Your Druggist has it or can quickly get it for you in 25c. and 5oc. bottles.
