

"I was Crippled, could hardly walk and had to crawl down stairs at times on my hands and knees. My doctor told me I had an acute attack of inflammatory rheumatism. I was in the hospital for weeks, but was scarcely able to walk when I left it. I read about Dr. Miles' Nervine

Dr. Miles' Nervine bought a bottle and began to get better from the start, and for the past six months I have had scarcely any pain and am able to walk as well as ever." J.H. SANDERS, P. O. box 5, Rockaway, N. J.

Few medicines are of any benefit for rheumatism, but Mr. Sanders tells plainly what Dr. Miles' Restorative Nervine did for it. One ounce of salicylate of soda added to one bottle of Nervine makes an excellent remedy for rheumatism, which is now known to be a nervous disease and therefore subject to the influence of a medicine that acts through the nerves, as does

Dr. Miles' Nervine Sufferers from rheumatism seldom fail to find relief in the use of Dr. Miles' Nervine, with salicylate of soda.

Sold under a guarantee that assures the return of the price of the first bottle if it fails to benefit. At all Druggists. MILES MEDICAL CO., Toronto, Can.

Mr. Angus Gillies, of East Mariposa, who had his arm taken off by a setting bolt some time ago, was in town Thursday for the first time after the accident.

The many friends of Mr. J. A. Williamson, Glenora, will be glad to hear that he is much improved in health to-day. He has been "under the weather" for some time, but his friends, who have greatly missed him, wish "J. A." a speedy and ultimate recovery.

HYMENEAL. QUIGLEY-WORKMAN. One of the daintiest and prettiest of April weddings was solemnized on Thursday at the home of Mr. and Mrs. J. Workman, York-st., when their eldest daughter, Miss Aimee, was united in holy wedlock bonds to Mr. Herbert Stanley Quigley, son of Mr. and Mrs. Edwin Quigley, Madison-ave., Toronto.

The ceremony was performed by Rev. Dr. Shorey, in the presence of the immediate relatives of the contracting parties, the bride, who is one of the popular young ladies of Lindsay, being attired in a neat and pretty navy blue suit and wearing a beautiful Copenhagen hat. The young couple were unattended.

The house was nicely decorated for the occasion with large palms, tulips and daffodils, while a dainty buffet luncheon was served. A large number of beautiful presents were received, many of them being very costly.

The groom's gift to the bride was a beautiful diamond and emerald ring.

Mr. and Mrs. Quigley left on a honeymoon trip to Montreal and other points, and on their return they will take up their residence in Toronto.

QUIBELL-GEACH A quiet but very pretty Easter wedding was solemnized Thursday evening, April 4th, when Miss A. Geach, Queen-st., was united in holy wedlock bonds to Mr. R. I. Quibell, son of Mr. C. A. Quibell, town.

The ceremony was performed at eight o'clock by Rev. D. Balfour, pastor of the Queen-st. Methodist Church in the presence of only the immediate relatives of the two contracting parties. The bride looked pretty in a neat navy travelling suit and was decorated with carnations, the wedding table being also carried out in carnations.

Mr. and Mrs. Quibell are both well known in town and are valuable members of the Queen-st. Methodist Church choir.

How to Cure Horse Distemper

An Experienced Horseman Solely satisfied that Nothing is so Satisfactory as Nerviline.

SAYS NERVILINE IS FINE LINDSAY.

"After fifty years experience in raising horses I can safely testify that no remedy gives such good results for an all-round stable liniment as Nerviline." Thus opens the very earnest letter of J. J. Evanson, who lives near Wellington. "I had a very valuable horse whose temper a month ago was so bad and was afraid I was going to lose him. His throat swelled and hard lumps developed. His nostrils ran and he had a terrible cough. I tried different remedies, but was unable to relieve my horse of his pain and suffering till I started to use Nerviline. I used a bottle of Nerviline and sweet oil and rubbed the mixture on the throat and chest three times a day, and you would scarcely believe the way that horse picked up. Nerviline cured him. I also have used Nerviline for colds in horses and it has earnestly recommended it to every man that is raising stock."

For strains, sprains, swellings, colic, distemper, coughs and colds, no liniment will prove so efficacious in the stable as "Nerviline"—it is good for man or beast for internal use. Wherever there is pain, Nerviline will cure it. Refuse substitutes. Large size bottles 50c, trial size, 25c, at all dealers, or the Cattarhoch Company, Buffalo, N. Y. and Kingston, Ont.

They left New York for Montreal in private cars placed at their disposal by Sir Thomas Shaughnessy, Honorary President of the League.

From here they took the stage to Toronto, some thirty-five miles north, residing there with their uncles, John and William Walker. Some years later she married Alex. Bower, captain of a sailing schooner on the Lake Ontario. With the invention and use of steam they were compelled to seek a livelihood elsewhere, and so settled on lot 9, con. 7, Minto, where she resided until her death. She leaves a family of eight, to mourn her loss: Charles, William and Margaret at home; Helen, teacher, Newark, N.J.; Eric, farmer, Paisley Block, Guelph; John, professor of dairying, St. Paul, Minn.; Robert C., principal business college, Lindsay, Ont.; Barbara, trained nurse, New York.

There was a large crowd of sorrowing friends and acquaintances from Lindsay amongst the mourners who assembled at the home of the Rev. Gibbs moved to his farm near Cameron, from which time he was much interested in the advancement of agriculture, being a lover of good stock and taking particular interest in his herd of Aberdeen Angus cattle.

Some eight years ago he purchased his present home near Peterboro. He was married in 1882 to Miss Alma Eyres, of Cameron, with whom one son Oswald and one daughter Ethel, survives him. The late Mr. Gibbs had been in poor health about a year, but had displayed great patience through his suffering.

DON'T LET THAT COUGH ROB YOU OF SLEEP

You probably know all too well how it goes. Just as you doze off, the tickling starts in your throat. A gentle cough still asleep. A harder cough, and then another. First thing you know you're wide awake, coughing your head off.

A few nights of that and you're so worn out and weakened that the cough takes a tight grip on you.

But why endure it?

Na-Dra-Co Syrup of Linseed, Licorice and Chlorodyne will soothe that exasperating tickling, loosen the phlegm and cure the inflammation of the mucous membrane. It not only stops the cough quickly, allowing you to get sound, refreshing sleep, but it goes to the root of the trouble and drives out the cold completely. Children willingly take Na-Dra-Co Syrup of Linseed, Licorice and Chlorodyne, because it tastes so good. Your Druggist has it or can quickly get it for you in 25c. and 50c. bottles. Ringland Bros May Come To Lindsay

Mr. N. J. Petit, representing the Ringland Bros. circus, was in Peterboro yesterday making preliminary arrangements for their going to Fenelon Falls, Lindsay, June 15, and later to Toronto on Saturday, June 15, and then to Chicago. The show begins its 1912 season on Saturday of this week in Chicago, postponing their opening until that day on account of this being holy week. The circus comes east again and will be shown in only eight or nine cities in the Province of Ontario.

There are 1200 employees with Ringlands this year, an increase since their last appearance in 1907. It now covers 12 acres and will pitch camp at the exhibition park. There are 86 cars of impedimenta and the parade will be three miles long.

The feature of the show this year was a big spectacular ballet entitled "Jojo of the L.C.I." It is given just after the opening entry when the participants swing back and present this ballet. This is a special feature, and the number of rings, stags and usual features are on the same large and generous scale as in the past.

Results He Got Were Perfect

SAM MALLETT'S BRIGHT'S DISEASE CURED BY DODD'S KIDNEY PILLS.

HE SUFFERED TORTURES AND THE DOCTOR FAILED TO GIVE RELIEF BUT THREE BOXES CURED HIM.

Rutter Station, Ont., April 5. - (Special) - "I got perfect results from Dodd's Kidney Pills." So says Mr. Sam Mallette of this place. And he has a reason.

"My sickness started from a strain," Mr. Mallette continues, "and for a year I did not know a well day. My sleep was broken and unrefreshing, my appetite was fitful and my limbs would swell.

"Then rheumatism set in and neuralgia, backache, headache and heart trouble added to my tortures. I was attended by a doctor but he did me no lasting good.

"Finally, when Bright's disease had me in its grasp, I decided to try Dodd's Kidney Pills, and after taking three boxes, I was as well as ever I was in my life. I have had no pain since and advise all my friends who suffer from Kidney Disease to take Dodd's Kidney Pills and be cured."

Mr. Mallette's case shows what neglected kidney disease will result in and what splendid results Dodd's Kidney Pills give.

Mrs. John J. Downey, New Glasgow, N.S., writes: "Just a few lines to let you know what my Milburn's Heart and Nerve Pills have done for me. Victorian Nurse Stationed at Bobcaygeon

Bobcaygeon, April 3.—A young child of Mr. Levi Kimble was taken suddenly ill with appendicitis. Wednesday being a holiday, the child was removed to the Ross Hospital, where he was operated upon and is reported doing nicely.

The reported transfer of business from Miss Orr to Mr. Carter and another gentleman from Lindsay, has fallen through.

A meeting of the book committee of the public library board was held Monday evening, when a list was made out including a number of the latest out, which will make quite a substantial increase to the present large volume.

The committee of ladies appointed under the local branch of Victorian Order of Nurses met last Wednesday and selected their officers, appointed their advisory board and arranged the schedule of fees. The officers are: president, Mrs. Whyte, vice-pres., Mrs. Smith; secretary, Mrs. Belcher; asst.-sec., Mrs. H. O. Boyd; treasurer, J. R. Moyle. There will be a fee of 10 cents per hour for nursing, or 50c. for a full day or night of 12 hours, with other fees for other special cases. The advisory board consists of Mr. M. Boyd, A. E. Bottum, C. E. Stewart, and John Conway, with the two medical doctors. The nurse is expected to take up her duties as soon as arrangements are finally made for her transfer here.

The regular meeting of the Women's Institute was held at Miss Conway's Tuesday afternoon, and proved quite interesting. There was a button-hole contest among the ladies, which was won by Miss Mary Taylor, Mrs. Mills coming second. We understand they propose holding a concert in about a month to raise funds with which seats will be provided for the poor and make it as attractive as possible for our summer visitors. This is a worthy object and no doubt the W. I. concert will prove a success.

What Drainage Is Worth in a Dry Season

During the exceptionally dry season of 1911 land that was under-drained produced on the average about \$16.50 more per acre than land that was not drained, according to data collected by the department of physics at the Ontario Agricultural College.

Reports were received from a large number of farmers, of whom twenty-five more were able to give definite figures on yields on drained and undrained land. Three of the number all the others reported increases. Eleven counties were represented in the reports, from Durham in the east to Essex in the west. The value of increases, including straw, was figured at October, 1911 prices, and March 1912 prices. The former showed an average of \$15.97 per acre and the latter \$17.04, or both together an average of \$16.50. The three who reported no increase were counted in obtaining the averages.

In wet seasons the results are even more marked, but even at \$16.50 per acre, drains more than pay for themselves in two years.

The O.A.C. is again renewing its offer of assisting to farmers in laying out their drainage systems. The department of physics has a special staff of drainage advisors for this week. There is no charge for the services of these men, the only outlay to the farmer being the traveling expenses, which are low. And the railway fare is only one cent a mile for this work, and as several surveys are always made on one trip the expenses are divided among the several parties concerned. Anyone wishing to have a drainage survey made should drop a card to the department of physics, O.A.C., Guelph, whereupon regular application forms will be sent, and later on one of the department's drainage advisors will make the survey.

Water, W.

The rains descended and came with all their accompanying dangers and disagreeable King Sol shone in all his glory and surrounding country away into puddles of water, small puddles leaped into ones and helped to swell the torrents that flowed over land to the town and the evening the creeks were swollen to their natural size and number of the streets southwest part of the town in the north part of the town flooded. Citizens returning home after the day's work found their cars not get through without going one block out of their way, which had to drive home. Sunday the current was swelled downpour of rain and the going citizens were stuck, endeavoring to attend morning ship.
