The Best Treatment for Itching Scalps. and Falling Hair

To allay itching and irritation of the scalp, growth and beauty of the hair, the following special treatment is most effective, agreeable and economical. On retiring, comb the hair out straight all around, then begin at the side and make a parting, gently rubbing Cuticura ointment into the parting with a bit of soft fiannel held over the end of the finger. Anoint additional partings about half an inch apart until the whole scalp has been treated, the purpose being to get the Cuticura ointment on the scalp skin rather than on the hair. It is well to place a light covering over the hair to protect the pillow from possible stain. The next morning, shampoo with Cuticura soap and hot water. Shampoos alone may be used as often as agreeable, but once or twice a month is generally sufficient for this special treatment for women's hair. Notwithstanding Cuticura soap and ointment are sold everywhere, those wishing to try this treatment may do so without expense by sending to "Cuticura" Dept. 4M, Boston, U. B. Continual Change of Diet and the Lesson III.—Second Quarter, For April 21, 1912.

THE INTERNATIONAL SERIES.

Text of the Lesson, Mark iii, 7-19. Memory Verses, 14, 15-Golden Text, John xv, 16, R. V.-Commentary Prepared by Rev. D. M. Stearns.

The first part of this lesson is found in Matt, xii, 15-21, as well as in Mark, and the record of the choosing of the twelve is found in Matt. x and Luke vi and in our lesson verses. Our meditation is upon the record as found in the several gospels. When Jesus knew that they had determined to kill Him He withdrew with His disciples to the sea. When people resist the gospel and will not hear of our Lord Jesus our instructions are to let them alone and withdraw from them (Matt. x, 14; Acts xiii, 46; II. John x, 11). As then multitudes followed Jesus because they needed what He had to give, so there are multitudes now hungering for they know not what, but it is Himself they need. In those days they heard what great things He did, and they came to Him from all parts, even from Tyr countered. I often meet men on the and Sidon, as well as from beyond cast out unclean spirits (Matt. xii, 15) and charged the healed ones not to make him known. The crowd so thronged Him that He bade his disciveloping a speed of seventy-five miles per hour. It has seats down each sires from and through us to make the glad tidings known, but few seem

When he called these potatoes, onions and canned vegemen He had in mind not merely the tables. before He left them, He also said, "I have yet many things to say unto you but ye cannot bear them now" (John xv, 16; xvi, 12). He called them that they might be "with Him." He wanted them not only in His company, but to be wholly one with Him, seeing how we fail, and how we must grieve Him by our unbelief and our own thoughts instead of His! He wanted them with Him that He might send them forth to preach and to heal. Whom He blesses He desires to make a blessing to others, and He has left us here in His stead, saying to His Father, "I am no more in the world, but these are in the world." He also prayed that through us the world apostles, but for all who should bewho denied Him is first, and the one ed, molasquil. who betrayed Him is last, and it is the same in Matthew and Luke, while the order of the others varies just a littic.
