Has Spring at last arrived? Despite the fact that Spring, according to all the laws of nature and to the calendar, arrived some time ago, yet the weather during the past week has been such as to create a number of "doubting Thomases. Good Friday, it will be remembered, was a day fit for all kinds of out door sports, and the female sex galavanted about in their new spring suits and new millinery creations, but the following Faster Sunday the maidens were doomed to disappointment, yesterday the weather had not improved and the new styles had poor chance. However, despite the disagreeable weather Sunday last a large number of the youth and leauty of the town could be noticed on the streets attired in their very best and newest styles.

The fashions this season seem to be strangely assorted and a serie of colors paraded the main thoroughspending the past few months at his fare Saturday and Sunday. The Spring hats go to the extremes both West to take up his former appoint- as to size and style. Large ones, which put one in mind of a moving ostrich farm are equally as styllish ious illness of Mr. W. McEachern's and as popular as the diminuitive ones. There is class to both, while the smart hats in the medium size The district school re-opens. Mon- also come in for a large share popularity. In fact, the foxy mil to liners wisely have hats of all kinds the and sizes for people of all manner and tastes and fancies. This year the combination effects

are striking. If you see a young maiden with a particularly striking in demand, rubbers to match.
