**COVERED WITH SORES.**

B.B. cured little Harvey Deline nine years ago and he has never had a spot on him since.

It is practically impossible to heal up sores or ulcers, especially the old chronic kind, with ordinary remedies. No matter how large or of how long standing they may be, however, they heal readily and stay healed permanently when Burdock Blood Bitters is used.

HARVEY DELINE.

Mrs. E. Deline, Arden, Ont., proves this in the following account she gave of her little boy's case: "When my little son Harvey was one year old he broke out in sores all over his body. They would heal up for a time, then break out again about once a year, till he was past four; then he seemed to get worse and was completely prostrated. When doctors failed to cure him I gave him Burdock Blood Bitters, and besides bathed the sores with it. "It is nine years ago since this happened and I must say that in all this time he has never had a spot on his body or any sign of the old trouble returning."

A very pretty wedding took place at the residence of Mr. and Mrs. A. McNabb, Mariposa, on Wednesday, April 18th ult., the occasion being the marriage of their eldest daughter, Miss Tena, to Mr. Alex. Cameron of Eldon. The bride was assisted by her cousin, Miss M. A. Gillies, while the groom was ably supported by his brother Archie. The knot was skillfully tied by the Rev. Mr. Duncan of Woodville in his usual happy manner.

After the usual congratulations were extended to the bride and groom, the company of guests sat down to a sumptuous repast. The presents to the bride were useful and valuable, testifying to the high esteem in which she was held. The evening was spent in pleasant amusement to all present. We extend to the happy couple a pleasant future and much happiness.

**LORNEVILLE**

Seeding is general. Manitoba weather the last few days. The roads have dried up finely, and the amateur bicyclist is abreast the times in taking advantage.

The swallow has made its appearance on the barn top, and the carol of the sweet warblers of the air, and the budding trees of the wood unitedly proclaim the advancement of spring-tide.

Fall wheat and rye have wintered well in this locality and have a very promising appearance. Red clover has in many instances succumbed to the ice and winter frost, especially so where it was near-eaten by pasturage in the fall, but on the whole the prospects of the meadows are favorable.

The Columbia and Hartford bicycles are acknowledged by experts to be the most perfect and up-to-date wheels on the market. Cinnamon & Everson, Lindsay's hardware men, have just received a large shipment of these high grade wheels, all fitted with the celebrated Dunlop tires, and are offering them at greatly reduced prices. Subscriptions are being solicited to raise money to buy a flag. The move is in the right direction, but a little more steam would do no harm. We would like to see the flag hoisted so that when Pretoria reckons Lord Roberts among its citizens we shall be able to celebrate the event in a worthy manner.

Mrs. Banks died at her late residence here on Sunday morning. Her death was caused by a severe attack of pneumonia, the illness not extending over a week. Her death was a surprise to everyone, as few knew that she was sick. Deceased was a daughter of Mr. Neil Patterson, 7th con., Mariposa, who is in his 90th year.

The Chosen Friends and Foresters are arranging to have an excursion down the lakes in June. This excursion is usually well patronized, and it is expected the trip this year will not be behind former years. The particulars will be given later on. The announcement is made now so the public will have an opportunity of getting ready to take the day when it comes.

Mr. Philip Meagher of Hogan's Island lost a valuable horse on Friday last through an attack of congestion of the lungs. Veterinary Kenny was called in, but was late as the animal dropped dead on being led into the yard, from the stable on his arrival. An examination by the vet. disclosed the fact that the lungs were in a gangrenous state and the heart was enlarged to the size of a wooden ball. Had medical aid been summoned at the first symptoms death would not likely have occurred. It is easier to prevent disease than cure it.

Many residents of McAssey's corner will remember the bare knuckle contest which took place on the quarter line last winter, when one of the pugilists got his jaw dinged in during the mix up. The fight was declared off just then, as one of the contestants was bound to the post till the fifteenth of May. The time is nearly up now and both are in good fettle, so look out for an exhibition about the 16th. Keep the date and place of meeting in mind. No roped ring. A rail fence is sufficient to keep back the crowd. Tickets for sale at the White Onion hotel. Boxes for the ladies.

There was a time in the history of this township when a class of farmers existed who could feel at ease with a stump fence flanked by a fringe of burdock and berry bush enclosing their broad acres; but thank providence the earth contains a great number of them and now they are almost an unknown quantity. Our young men seem to keep pace with the onward procession, and at times one takes a brisk clip as Mr. Jno. Hickson did this spring. After getting his fence in shape he secured the services of J. Shannahan, who planted a row of hard maple trees around the farm which makes it look as handsome as Phoenix park, Dublin.

When one sees the feathered songsters twittering on the house tops we know spring is hovering around somewhere. And when you see Mr. Jno. Shannahan looking serious and smoking very hard, carrying a sharp pointed shovel and a reaping hook, look out for him, as the tree planting season is at hand. A past experience will prove he is one of the most successful planters known, and every place he inserts a root rapid growth and a luxuriant foliage follows. He is still a great favorite with the gentle sex and gains their undivided affection with his ease of manner.
