Nine Boils On Neck. Anyone who has ever been troubled with boils can sympathize with poor old Job. There was no Burdock Blood Bitters in those days, so Job had to suffer in silence. Now-a-days no one need endure the misery of boils. All they have to do is take B.B.B. when their blood will be cleansed of all impurities and every boil will quickly disappear. Miss Lydia Moody, Ruscom, Essex Co., Ont., sends the following statement of her case: "Some time ago my blood got so out of order that many boils appeared on my body and prevented me having any rest. I had nine on my neck at different times, and quite a number of small ones came on my shoulders and arms. Our next door neighbor, seeing the condition I was in, told me to take B.B.B. After I had finished the first bottle I found that some of the boils had disappeared, and all the rest were getting much smaller. I then got two more bottles, and by the time I had those nearly all gone there was not a boil to be seen. Besides this, a headache, from which I suffered greatly, left me, and I improved so much in health that I am now a strong, robust girl."

Little Local Lines... Many women have been reproached for living for the sole object of entertaining.
