# Burdock BLOOD BITTERS

## Turns Bad Blood into Rich Red Blood.

This spring you will need something to take away that tired, listless feeling brought on by the system being clogged with impurities which have accumulated during the winter. Burdock Blood Bitters is the remedy you require. It has no equal as a spring medicine. It has been used by thousands for a quarter of a century with unequalled success.

HERE IS PROOF.

Mrs. J. T. Skine of Shigawake, Que., writes: "I have used Burdock Blood Bitters as a spring medicine for the past four years and don't think there is its equal. When I feel drowsy, tired and have no desire to eat I get a bottle of B.B.B. It purifies the blood and builds up the constitution better than any other remedy."

### NO COAL TO BE MINED.

General Miners' Strike Goes Into Effect in Pennsylvania.

Scranton, Pa., May 12.—There will be no coal mined in the Scranton end of the anthracite region this morning. Some of the companies, however, propose to keep a few, at least, of their washeries running to insure a supply of culm. The strike has already made itself seriously felt in other lines of work. The railroads have laid off four-fifths of their coal train crews, in all about 800 men, and the Erie shops at Dunsmore, where mine cars and machinery are repaired, will shut down indefinitely, beginning to-day, throwing 300 men out of employment.

### RAILWAY FIRE-GUARDS.

Mr. Scott's Proposed Amendment to Railway Act—Losses by Fire—Matter to Be Threshed Out Next Session.

Ottawa, May 12.—The process of clearing up the business of the session progressed with fair rapidity in the Commons Saturday. The morning sitting was devoted to private legislation with the result that seven of the nineteen private bills on the order paper were put through their final stage and the remainder advanced. The public bills were taken up. The Yukon Representation Act was put through, with amendments providing that immediately upon the issue of the writ the clerk of the Crown in Chancery shall immediately notify the senior judge of the Yukon, who shall forthwith appoint the enumerators. These are to lose no time in beginning the preparation of the voters' lists and finish them in thirty days. Provision is also made for posting up these lists and revising them.

The bill to amend the Exchequer Court was dropped. The bill giving the Government power to remit fines in certain cases was passed. Then Mr. Blair's bill to amend the Railway Act was taken up. The Northwest members took the opportunity to insist that a fire-guard provision be attached to it; while Mr. Demers (Iberville) moved to tack on an amendment making a railway company liable for fire caused by their engines, without regard to precautions the company may have taken.
