KING IN BONNIE SCOTLAND

Land of Brown Heath and Shaggy
Wood Gives Hearty Welcome.

First Ceremonial Visit of the Reign to
the North-King Edward and Queen
Alexandra Were Met by Representa-
tive Men, Chief of Whom Was Lord
Balfour of Burleigh, Secretary for
Scotland—Driven to Dalkeith Castle.

London, May 12.—King Edward
and Queen Alexandra, accompanied
by large suites, left London yester-
day morning to pay their first ceremo-
nial visit to Scotland. They ar-
rived at Edinburgh last evening.

Their Majesties were greeted by big
crowds while driving in semi-state to
the railroad station, escorted by a
detachment of the Household Caval-
ry.

The King and Queen arrived at Ed-
inburgh last evening, and were en-
thusiastically welcomed. They were
met by Lord Balfour of Burleigh,
Secretary for Scotland; the Earl of
Furul, Lord High Constable of Scot-
land; Lord Rosebery, Lieut.-Gen. Sir
Archibald Hunter, commanding the
forces in Scotland, and the Lord
Provost, and members of the corpora-
tion in their official robes. While a
salute was fired from the castle the
keys of the city were presented to
the King, who returned them, say-
ing they could not be in better hands
than those of the corporation.

After the ceremony Their Majesties
were driven in a semi-state carriage
to Dalkeith Castle.

DEATH OF MR. A. H. DYMOND.

Was For 20 Years Principal of the Insti-
tute For the Blind.

Brantford, May 12.—After a brief
illness Mr. A. H. Dymond expired
yesterday. For 20 years he had been
the principal of the Institute for the
Blind. Death was the result of
pneumonia. The deceased was an
Englishman by birth, his parents
living at Croyd, Surrey, where he
was born August 21, 1827. Early
in life he was engaged in mercantile
pursuits, which he relinquished to
advocate the abolition of the death
punishment, with which movement he
was long identified, lecturing
throughout Great Britain and writ-
ing many pamphlets. In 1857 he
joined The Morning Star, a London,
England, daily, and later became
its manager. He was closely iden-
tified with the emancipation party in
England during the American Civil
war.

Mr. Dymond came to Canada in
October, 1869, and from that time
until 1878 was an editorial writer
on The Globe. In consequence of his
exceptional power as a public speaker,
he contested successfully North
York in the Liberal interests at the
general elections of 1874. During
his term in the House of Commons
he took an active part in the debates
and assisted materially in the adop-
tion of the temperance measure
known as the Scott Act. He leaves
the following family: A. M. Dymond,
law clerk of the Legislative Assem-
bly; Frank Dymond of the Toronto
General Dymond Corporation; Rev.
Ernest Dymond, Port Hope; Dr.
Bertha Dymond, Toronto; Miss Nel-
lie Dymond, Brantford. The body
will be brought to Toronto for bur-
ial.

CARNEGIE SLAPS CANADA.

Steel King's Vitriol Poured Into The
Ironmongers' Journal.

Montreal, May 12.—(Star cable.)—
London, May 11.—Andrew Carnegie
pours vitriol upon Canada in an in-
terview with The Ironmongers' Jour-
nal in connection with the presiden-
cy of the Iron and Steel Institute.
When asked whether Canada, grown
populous by immigration, spiritually
British, but materially American,
might not bring about a union of
England with America, Carnegie re-
plied: "Certainly not. Canada has
no future except as a part of the
States. Her native population in-
creases more slowly than that of
Scotland. She only added 536,000
to her population in ten years, and
to her population in ten years, and
of these 440,000 came from abroad.
Canada, standing alone, can never
become a great industrial nation.
The steel industry is a figment and
Cape Breton a mirage. Nothing
there need ever trouble the United
States. In no conceivable circum-
stances can your colonies ever have
a population approaching that of the
States, and your colonial Empire,
what is it but politicians' catch-
word."

A well known Anglo-Canadian af-
ter reading the interview exclaimed:
"Don't fancy Canadians will accept
another cent of this man's money."

KILLS QUEEN'S UNIVERSITY STUDENT.

Flyer Runs Down Young Donald Bothwell
at Lancaster.

Lancaster, May 12.—Donald Bothwell
was killed by the Chicago flyer
at the station yesterday morning.
He was riding between the tracks a
few yards west of the station. He
and a companion, Brown Lea, both
students of Queen's University, came
from Kingston Saturday intending
to canvas the Township of Lan-
caster and Charlottetown with stere-
opticon views. They separated in
the village, each to take the course
suited to his canvas. Bothwell's dis-
tress was evidently to be Charlot-
teter, and as the railroad afforded
burg, and as the railroad afforded
good wheeling for about a mile of his
journey he started westward on the
track, riding between the rails, when
he was overtaken by the limited. A
strong wind from the west was blow-
ing at the time, and Bothwell evin-
gently did not realize how near the
train was. His friends have been
communicated with, his home being
in Perth.

Donald G. Bothwell had just com-
pleted his first year in Arts at
Queen's and was well known here.
He was nephew of Rev. D. G. Mc-
Phail, formerly of Finton, now at
Frank, N.W.T.

TRIBUTE TO DEAD JURIST.

Service at the Ottawa Residence of Late
Mon. David Mills.

Ottawa, May 12.—The death of
Mr. Justice Mills was recalled three
times yesterday. In the morning,
Chief Justice Taschereau made an
address, which in its fine and dis-
criminating praise and felicitous
language reminded the listeners of
the best speeches of Laurier. Its
chief interest of course lay in its ap-
preciation of Mills as a judge. A
more conscientious and upright judge
the country never had, he said.

Service at the Residence.

Service was conducted at the house
at 8 o'clock last evening, by Rev. A.
A. Cameron, after which the body
was conveyed to the Union Station,
for transportation to Ridgeway.
The Government car "Montreal"
was placed at the service of Mrs.
Mills for the purpose. At Toronto
the Grand Trunk Railway took
charge of the body, and from Lon-
don it was transported on the Mich-
igan Central to Ridgeway. From
there the final journey to the cem-
tery will be made by road on Wed-
nesday morning. Rev. Mr. Walker
will conduct the burial service at the
grave side. A floral wreath from the
Judges of the Supreme Court stood
at the head of the coffin, and at the
foot reposed a floral anchor, sent by
the Press Gallery.

Program Was Not Executed.

In the House of Commons it was
generally expected that Laurier and
Borden would make addresses of
some length, but at some point the
arrangements miscarried. It was ap-
parently intended that routine busi-
ness should be carried on until about
half an hour before 6 o'clock, but
when 6 o'clock came, there was only
time for the briefest possible refer-
ence to the man who had played so
large a part in public affairs for a
third of a century.

At 8 o'clock last night there was a
gathering at the house on Concession
street. The choir of the church sang
one of Mr. Mills' favorite hymns, "I
am Kneeling at the Threshold." Mr.
Cameron, in his address, referred to
Mr. Mills' conscientious discharge of
duty, to his sincere Christianity and
his careful study of the Scriptures.
The pall-bearers were: Sir Wilfrid
Laurier, Chief Justice Taschereau,
Hon. William Paterson, Charles Fitz-
patrick, Mr. Justice Sedgwick and
Sheriff Sweetland.

Nearly all the Ministers were pre-
sent, with Speaker Power of the
Senate and Speaker Brodeur of the
Commons. After the service, the cof-
fin was conveyed to train for the
West.

Condolence From Many.

Many messages were received yester-
day. Miss Mills, daughter of the deceas-
ed judge, was on her way to Mexico,
but was intercepted at Chicago by a
telegram announcing her father's
death. She arrived here yesterday.
The other children are Mr. David
Mills, Port Arthur; Mr. Blake Mills,
barrister, Ridgeway; Mrs. Fraser of
Mapimi, Mexico, and Mrs. Watts of
Chihuahua, Mexico.

Fully 500 were present at the fun-
eral, including a large representation
of the members of the House of
Commons, Senate, Supreme Court
Judges, and officials, leading mem-
bers and officials of the First Baptist
Church, of which deceased was a
member, and many other prominent
citizens of Ottawa, and the members
of the press gallery.

The Montreal Strike Over.

Montreal, May 12.—The big strike
is over, and by to-day probably 4-
000 men will be at work loading
and unloading the 30 steamers now

tling the strike is given to Sir Thom-
as Shaughnessy, Hon. J. Israel
Tarte, Mr. Robert Bickerdike, M.P.

London Cigar Makers Strike.

London, Ont., May 12.—Yesterday
morning the local Cigar Makers' Un-
ion went out on strike, that is,

ployed in factories where the scale
of players refused to pay the scale
prices included in the fixed scale
which has been introduced. Over 100
hands and five factories are affected.

1,000 Bridge Men Strike.

Chicago, May 12.—One thousand
men employed at the Lessig Bridge
and Iron Works, a branch of the
American Bridge Company, struck
yesterday for recognition of the un-
ion. Two hundred electrical workers
in eight centers also struck for in-
creased wages.

IMPERIOUS CHINA.

No Further Discussion With American
Commissioners on Article 12.

Shanghai, May 12.—The Chinese
treaty revision commissioners have
received from the Chinese Foreign
Office instructions to decline further
discussion with the American com-
mission on article 12, of the proposi-
tion on article 12, of the proposi-
tion on article 12, which refers to the
opening of points in Manchuria to
foreign trade.

A Switchman's Death.

Windsor, May 12.—Milton Dunn, a
Grand Trunk switchman, was run
over in the company's yards here at
5 o'clock yesterday morning and ter-
ribly mangled. The unfortunate fel-
low died at 8 o'clock at the Hotel
Dieu.

Turkish Troops Murder Christians.

Constantinople, May 12.—Consul-
despatches received here from Mon-
sieur, European Turkey, say the Mur-
sultans and Turkish troops murder
Christianity in the suburbs of the
Christian quarter of the town.
