LITTLE LOCAL LINES...

News of Town and Country Briefly Told

—An alarm of fire aroused the town on Saturday morning about 5.45. First it rang five, then six, and then seven. The wagon went out to discover that someone had been trying to play a practical joke by ringing the alarms from the five and six boxes, where the glasses had not been replaced since the last alarm from them. There is a heavy penalty for this kind of a joke, and the culprit may be called upon to suffer if he can be caught.

—Mr. Robert Preston, formerly of Lindsay, now foreman of the Grand Trunk round house at Midland, fell whilst getting off an engine and had his arm taken off.

—The council chamber and market hall is engaged for the use of the Oddfellows on degree night, May 10, when visitors will be here from Toronto.

—On Wednesday evening of last week, Mr. Patrick O'Connor, of Ops, says, that while driving into town he was met by two wagons, the last one of which in passing dashed into his buggy, breaking his harness in several places. He called on the driver to halt, but no attention was paid to him. After following them for a distance, he told some neighbors of the occurrence.

—We are now ready with our spring stock of bedroom, dining-room and parlor furniture; also a large stock of baby carriages and go-carts. The assortment is large and prices are reasonable. M. E. TANGNEY.—15-1f.

—The Herren brothers have been successful in the past few days in hoisting quite a large number of tuskbone over the locks here. On Tuesday night for diversion they turned their attention to eels. A line was stretched below the wharf at Carey's box factory, baited with crawfish, and they got a catch of fourteen eels on the one line. Some of them were very large.

—A meeting of the executive of the fish and game club will be held this evening in the offices of Messrs. Moore & Jackson, at 8 o'clock, for consideration of suggestions for amendments to the fish and game laws and transaction of other important business.

—Fishery inspectors Bradshaw and Watson, while patrolling the waters on Sunday last saw in a marsh near Bobcaygeon a very large female lungfish. She appeared to be fully six inches across the back, and must have weighed some 30 pounds. The fish was covered with slime, which would be an indication of the retardation of the natural process of the fish owing to the previous cold weather.

Two jacks were following her, evidently bent upon securing her as a mate. The prospects of favorable spawning season are improved by the recent warm showers.

—Dr. McLean, V.S., late of Collingwood, is assisting Dr. Broad in his practice, which has increased very much of late.

—The Ops spring show will be held in Lindsay on Saturday, May 5, at the agricultural grounds. The usual fine display of horses is expected.

—Remember the entertainment in aid of the Ross Memorial Hospital in the Academy of Music on Friday evening, May 11th.

—The large gang of telephone men who have been in town for the past three weeks moved last Saturday to Bobcaygeon, where they have about a week's work repairing, etc.

—The Woodville hotelkeepers have increased their rates from \$1 to \$1.50 per day; meals and beds 35c. The price of liquors was advanced some time ago.

—Speaking of the reception to Andrew Carnegie in Toronto, last Saturday, the Toronto News says: "Outside there was yet another gentleman waiting to meet the distinguished traveler. He was a seven-year-old lad in the care of his mother. Andrew Carnegie McKay was his name, and he hails from Lindsay. Mr. Carnegie shook hands with the little fellow, who was dressed in Highland kilts, and asked Mr. Wilson to take his name. This was written on a card and safely placed in Mr. Carnegie's pocket."

—Inspect Clark the Tailor's stock of tweeds before ordering your spring suit. He makes an up-to-date suit for \$16, fit and finish guaranteed. Opposite the Benson House.—17-8.

—The steamer "Manita" commenced regular trips to and from Sturgeon Point on Tuesdays, leaving Lindsay at 10 a. m. and 4.30 p. m., and arriving at Sturgeon Point at 11 a. m., and 5.40 p. m. Returning leaves Sturgeon Point at 8 a. m. and 3 p. m., arriving at Lindsay 9.30 a. m. and 4.15 p. m. The round trip fare is 25 cents. After May 31 the steamer "Esturion" will take the place of the "Manita," and the summer service will go into force.

—Mr. W. Silverwood shipped three car loads of splendid horses to the North West yesterday.

—Mr. Geo. Graham, of Mariposa, says: "Fall wheat is doing well except in dry places, where it needs warm rain to start it properly."

—Mr. Ernest Perry has opened a new bakery, The Victoria, on Caroline-st., opposite the C. P. R. station, east ward. Bread will be delivered promptly to all parts of the town. A share of patronage solicited.

—Mrs. Peter Wilson, wife of the foreman of the Watchman-Warder office, was much relieved of her anxieties about her two brothers and sister in San Francisco, when she received a postal card on Saturday night saying that they were all well, their house was not destroyed, and they are not suffering from famine. A letter arrived on Monday from the sister and her husband, Mr. and Mrs. Easdale, giving further particulars, and saying that the brother will write to Mr. Wilson the story of the disaster as he saw it. Both the card and the letter arrived without stamp as the postal department has made provision for the free transmission of mail from San Francisco during the present crisis.
