LORD'S DAY ALLIANCE WORK

REV. J. G. SHEARER, SECRETARY, TELLS OF ITS FIGHT FOR THE DAY OF REST.

Rev. J. G. Shearer, secretary of the Lord's Day Alliance, visited Lindsay this week, and on Sunday addressed meetings here in the interests of the Sabbath as a Day of Rest.

In the morning he spoke at the St. Andrew's Presbyterian church, and in the evening at the Baptist church. After the services a mass meeting was held in the Cambridge street Methodist church.

Large congregations were present on all occasions to listen to Rev. Mr. Shearer. His addresses at the Presbyterian and the Baptist churches were along the same lines. He is earnest and persuasive and marshals his facts in fine reasonable order and then clinches his arguments with appeal and force that is hard to resist. One of his striking sentences, which he carefully proved step by stepl was this: "Science has demonstrated, experience has universally proven, and common sense has shown, that the normal vitality of mind and body cannot be maintained without one day of rest during the week." Another striking sentence was: "Are the men of the G. T. R. telegraph force, —working under heavy nervous strain and great responsibility, twelve hours a day, seven days a week, fifty-two weeks a year, year after year,—are these men bond ot free men?" It was avarice, Rev. Mr. Shearer maintained, that prevented the giving to all working men of a day of rest during the week. He spoke feelingly of the grinding capacity of some corporations. The recent Lord's Day Act gives 150,000 Canadians relief from Sunday work, and would free many more if carried out strictly. Rev. Mr. Shearer made a strong plea for assistance through prayer to God, through financial and personal service to the cause, that the good work might be prosecuted more vigorously and carried on to its logical completion.

There was a large and representative gathering of the different denominations at the mass meeting in the Cambridge street Methodist church after the evening service.

Rev. Mr. Shearer opened up his address by a fitting reference to the experience of France with the holiday Sunday. France had an open Sunday for 25 years and found it unsatisfactory. Now, after that experience, they had put a strong Sunday rest law on their statute books by a majority of 575 to 1. He mentioned several countries that had proven the Sunday Rest law from experience. Even China, he said had recently adopted a law along this line. The speaker detailed the fight at Ottawa last session, which had culminated in the passing of the Lord's Day Act.. He thought it a great victory for righteousness, Christianity and in the interests of the working men. The struggle was not ended, however, He pointed out the power which moral men and women possess to aid in such a movement and thanked them for their assistance. Every citizen can write, and by doing so influence their members in the House. In this way and other ways they could all assist. Rev. Mr. Shearer outlined the advantages gained by the passage of the Lord's Day Act, and of the further advantages the Alliance hoped to secure in the future.

At the close of the address envelopes were passed around for contributions to the fund for the extension of the work of the Alliance.

Several local ministers were present at the mass meeting.

The Ops Spring Fair

snowstorm of the early morning and forenoon practically spoiled the attendance at the annual spring show of the Ops Agricultural Society on Saturday afternoon. There was a good showing of horses, particularly in heavy draughts, but the weather prevented the exhibition from being as successful in attendance and exhibits as had been hoped and expected.

The following prizes were awarded: Heavy Draught Horses—1st, Walter Mitchell's "Pioneer"; 2nd, C. W. Lowe's "King Alfred"; 3rd, Jas. Gostlin's "Blakin's Pride"

Canadian Draught Horses—1st, Wm. English's "Montrave Senator"; 2nd, Thomas H. Waldon's "Favorite Knight."

Coach Horses—1st, Jas. Gostlin's "King Proctor."

Durham bulls, 2 years old and under—1st, H. C. Logie's "Simon Pure."

Toronto Live Stock.

TORONTO, May 7.—Receipts of live stock at the city market, as reported by the railways, were 75 car loads, composed of 1172 cattle, 646 hogs, 278 sheep and lambs, and 484 calves, with 9 horses.

Exporters.

No straight loads of shipping cattle were reported, but a few odd lots were reported as having been sold at $5.15 to $5.30. Bulls are worth from $3.75 to $4.30 per cwt.

Butchers.

Prime picked lots of butchers' cattle sold at $5.10 to $5.20, and one lot of 4 extra choice was reported by Corbett & Henderson at $5.40, but they were good enough for export purposes and better than many that are being shipped daily. Loads and lots of good sold at $4.75 to $5; medium, $4.50 to $4.75; cows ranged all the way from $2.75 to $4.60.

Feeders and Stockers.

Harry Murby reports the market steady at last week's prices, with few offering—not enough to supply the demand.

Milch Cows.

There was a strong market for good to choice quality cows, of which there was not enough to supply the demand, as there were several farmers who could not get a supply. Prices ranged all the way from $34 to $60, and one of extra quality was reported as having brought $75.

Veal Calves.

Wesley Dunn, who reported having bought 420 calves, paid prices ranging from $3 to $6 per cwt, or an average of $6.50.

Sheep and Lambs.

Receipts light, prices strong as follows: Export ewes, $6 to $6.50; rams, $5 to $5.50 per cwt; good yearling lambs, $7.50 to $8.25; common yearlings, $5.50 to $6.50; spring lambs, $4 to $8 each.

Hogs.

Receipts light, prices 10c per cwt. higher. Mr. Harris reported selects at $6.50 and lights and fats at $6.25 per cwt.

Are You One of the Many
Seeking Investments?

There are lots of people who give little thought as to what the future will bring them, and make no preparations for mature years.

It is with these people I want to reason

and persuade them to turn their attention to an absolutely safe investment that will yield a handsome profit annually

It is not a get-rich-quick scheme by any means. Hundreds have made fortunes in the purchase and sale of Western Canada Farm Lands.

WHY NOT YOU?

I can offer you an excellent opportunity to associate yourself with a Company that will deal exclusively in Western Canada **IMPROVED FARM LANDS**. Anyone with $100.00 upwards should write for further information.

Renters who are not in a position to purchase a farm, but would do so providing they were not called on to make a very large cash payment, would find it to their advantage to communicate with me. I can offer well **IMPROVED FARMS** in the vicinity of **INDIAN HEAD, SASK.**, on exceptionally easy terms. All I ask is a small cash payment, to secure the land, and balance can be paid by placing in the Elevator at nearest market **one half of grain** grown on the farms until such time as the purchase price is paid in full. This assures the purchaser an income every year, and at the same time making a substantial payment on his farm.

I am arranging for parties to go West on May 15th and 31st and if you are contemplating making this trip, kindly let me know, as I can show you how you may save part of your railway fare

PORT HOPE AND G. T. R.

Commission Enquires Into Complaint Made Against the Company.

Port Hope, Ont., May 7.—Grand Trunk agrandizement was exposed and Port Hope's grievances thereunder fully ventilated before a special session of the railway commission, held here yesterday. Early in the winter the G.T.R., unknown to the Town of Port Hope, made application to the railway commission at Ottawa for permission to fill in by earthen embankments the most of the railway's viaduct, which spans the southern end of the valley, thus segregating the town from the lake and ruining the town industrially and otherwise. The railway commission however, instructed the railway that before the order was given the Town of Port Hope must be consulted, and this was the first intimation the town received of the application.

An indignation mass meeting of the citizens was immediately held, and strong resolutions of protest were passed by the various boards of the town to the railway commission, coupled with a request that the board should meet at Port Hope to hear and determine the question. As a result of these appeals, word was received that the case would be heard in Port Hope.

The commissioners arrived in their special car yesterday morning, as did also the G.T.R. party in their official car.

The commissioners were first escorted over the ground by the mayor and town solicitor, after which the case was taken up in the council chamber, which was crowded to the doors with interested citizens.

At the conclusion of the evidence, the chairman announced that judgment would be reserved pending a report from the commission's engineer, Mr. Mountain, who would make a report to them before a decision was announced.

IAN MACLAREN DEAD.

Succumbed to Blood Poisoning While on Lecturing Tour.

Burlington, Iowa, May 7.—Dr. John Watson (Ian Maclaren). died at 11.15 a. m. yesterday at Mount Pleasant, Iowa. The cause was blood poisoning from tonsilitis. He was taken ill at Mount Pleasant, April 25.

The Rev. John Watson, as Ian Maclaren, gained world-wide distinction as the author of "The Bonnie Brier Bush," the first of a series of sketches of Scottish character, that placed him in the front rank among latter-day authors. The book came out in 1894 and was followed by "Days of Auld Lang Syne," almost equally popular. Other volumes were, "A Doctor of the Old School," and "Carnegie," the latter of which was subject to considerable criticism. He was also the author of several religious and devotional books and theological studies, "The Mind of the Master," being one of the best known of these.

He was born at Manningtree, Essex, Nov. 3, 1850. Educated at Stirling Grammar School; Edinburgh University (M. A.); New College, Edinburgh. He was licensed by the Free Church of Scotland in 1874. Appointed assistant to Dr. Wilson, Barclay Church, Edinburgh, later minister of several Scottish churches, he finally held pulpit of Sefton Park Presbyterian Church, Liverpool, 1880-1905. He was Lyman Beecher lecturer at Yale University in 1896.

NO PRISONERS TO TRY.

"Maiden" Assize At Toronto—London Election Case Goes Over.

Toronto, May 7.—There was not a single prisoner to be tried at the assizes, which opened yesterday, before Mr. Justice Magee, and the panel of over 60 petit jurors was dismissed.

Two prisoners will be disposed of at the sessions next week.

"It's an unusual thing and may happen oftener," said the judge, in commenting on the circumstance.

The London election case stands over. Judgment was reserved on the motion argued at Osgoode Hall yesterday morning to change the venue to London.

The tack combine case also stands. E. A. DuVernet for the Attorney-General, was granted an adjournment till a week from Tuesday, as judgment had not yet been given in the prosecution of the plumbers' supply dealers by Chief Justice Mulock.

Accuses N. B. Legislator.

St. John, N. B., May 7.—Speaking at an Evangelical Alliance meeting yesterday Rev. Thomas Marshall, president of the New Brunswick Temperance Federation, made a violent attack on Premier Pugsley and the local Legislature, accusing them of being in league with the liquor people. The liquor sellers of St. John, he said, had more weight with the Government than the church of God. He believed the Legislature was simply playing with the temperance federation. Although promising to give it his support, Mr. Marshall called on every loyal citizen to vote for the temperance candidate at the next election.

Chauffeurs In Police Court.

Ottawa, May 7.—Seven auto drivers were before the police magistrate for exceeding a speed of ten miles an hour. Six were fined and one remanded to settle a question of distance. This is the result of a campaign by the police for the safety of the public.

Fernie Miners At Work.

Fernie, May 7.—Mackenzie King has just stated that the agreement embodying a new wage schedule for the mine workers has been signed by the miners and officials, and everything is now closed. The men are back to work and the strike is over.

IN THROES OF STRIKE.

San Francisco Tied Up—Cars Stopped —'Phone Girls Out.

San Francisco, May 7.—San Francisco is again in the throes of a bitter strike. For the third time since the disastrous fire a year ago, San Francisco is walking because of the declaration of a strike on all the street car lines in the city by the car men's union. Added to this tie-up is the strike of the telephone girls and of 8,000 iron workers. Without transportation facilities and with a crippled and inadequate telephone service, business is greatly handicapped.

The car men have organized an extensive picket detail at each car barn. The pickets are changed every four hours, and, according to President Cornelius, have been instructed to permit no violence. Large crowds surrounded the car barns at Turk and Fillmore street, where 100 strikebreakers are lodged. Beyond hooting and jeering no overt act was attempted. Heavy shutters and iron screens were placed at the windows of all the barns and car houses. At the car barn at Hays and Central avenue, where is situated the company's principal commissary department, intense activity prevailed to prepare for the housing and feeding of a large number of strike breakers.

Notices have been posted in all the car barns that all employes will be expected to report for duty on Tuesday morning or consider themselves discharged.

The situation so far has been peaceful, and there are no indications of impending trouble. At the same time every preparation is being made by the state and civic authorities to prevent any breach of the peace.

After an exciting meeting lasting four hours the electrical workers' union of lineman No. 151 Sunday failed to reach an agreement on a proposition to strike in sympathy with the telephone girls. A compromise was effected whereby definite action was postponed until the executive committee shall have conferred with the officials of the telephone company, when the company will be informed that unless the union of the girls is recognized the linemen and electricians will walk out. The company is giving a little better service than it was able to do during the first days of the strike, and the assertion is made that it will be able to hold its position until the striking operators return to their posts.

MET DEATH IN FIRE.

Couple, of Dissolute Habits, Perish After Night's Carousal.

Palermo, May 7.—Two persons were burned to death near here during Saturday night, the victims being James Clark (white) and Fannie Jones (colored), who had been living together.

There had been a carousal. Thomas Jones, who had been a visitor, says he heard the woman cry out the house was on fire. He crawled out and then apparently sank into a drunken stupor. There is no suspicion of foul play.

It is stated that the shack, the negress and the furniture had been sold to Clark by the man who had been previously living with her for $100.

SHOT THROUGH THE HEART.

Lad Killed While At Target Practice With Friend.

Creemore, Ont., May 7.—Frank Honsberber, 17 years of age, and son of George Honsberger of Banda, was accidentally shot through the heart at noon yesterday, while practising at target shooting with a young Englishman, an employe of his father. It is not known exactly how the accident occurred, as the Englishman was too much overcome to give a clear account of it. But it is presumed that Honsberger, who was acting as marker, accidentally stepped in front of the target, or that the gun was prematurely discharged.

TOTS BURNED TO DEATH.

Mother Left Them Alone After Building Big Fire.

Sault Ste. Marie, May 7.—A special from Blind River says that three children were burned to death in a house there yesterday while the mother was away. The oldest was five years, the youngest six months. The mother, a widow named Dominique, went to a neighbor's after building a big fire in the stove, leaving the children in the house. In a short time the place was discovered on fire by neighbors, but they were unable to rescue the little ones.

Child Labor Bill Passed.

Albany, N. Y., May 7.—Governor Hughes has approved the Page Child Labor Bill, desired by the child labor committees and the Consumers' League and embodying recommendations made in his own first message to the Legislature.

It provides that no minor under 16 years of age shall be employed or permitted to work in any factory in the state before 8 a.m. or after 5 p.m., more than eight hours in any one day.

The act will not take effect until Jan. 1, 1908.

Where Does Town Belong?

Lloydminster, May 7.—This town is half in Alberta and half in Saskatchewan. There are those who favor the alliance with Alberta, others prefer the sister province. All agree that the town should join either one province or the other. A vote of the citizens will be taken on this question and a deputation will be sent to Ottawa.

"Ottawa" Caught In Ice.

Halifax, N.S., May 4.—The Allan Line steamer Sardinian, from London and Havre, arrived yesterday afternoon. The Sardinian sailed from Havre, April 20 for Montreal and passed as far as Cape Ray, when she ran into Dominion Line steamer Ottawa, which sailed from Halifax for Montreal on Sunday caught fast in the ice packed ice. The captain therefore decided to make for Halifax.

While the Sardinian was off Cape Ray, the Ontarian, also of the Allan Line, bound for Montreal, came up and changed her course, whether to come to Halifax or await a chance to get up the gulf is not known. The Sardinian brought 563 passengers.

VALUABLE MEDICAL PRESCRIPTION

Recommended by a well-known Toronto Doctor, Whose Love for Humanity is Greater than His Prejudice Against Proprietary Medicines.

The following very valuable prescription, by an eminent and successful physician, will be appreciated by many who are suffering from la grippe, cold, cough, pneumonia, or any trouble of lung or stomach trouble, or run down system, as it is a certain cure, and will save many a doctor's bill. It is almost a certain preventive as well. "When you feel that you are taking cold or have chilly feeling or aching in any part of the body or head, feel weak, tired, dizzy, unfit for work, pain in the head or back of the neck, do not neglect these dangerous symptoms, but send immediately to your druggist and get a bottle of Psychine (pronounced Si-ke-en), and prepare as follows:

"Psychine, 2 teaspoonfuls.

"Sherry, whisky or water, 2 tablespoonfuls.

"Choice of the latter can be used according to the judgment and preference of the patient.

"Mix thoroughly and take regularly before each meal and at bedtime."

This prescription has been used by thousands of cases and has been found universally successful that a number of leading physicians regularly prescribe Psychine in their practice for any of the above troubles, or any run down, wasting or constitutional difficulty. It is the most reliable and valuable home remedy. It tones up the entire system, giving a feeling of youthfulness and vigor, adding many years to the life of those who use it.

"Years ago I was almost a physical wreck. I was suffering with lung trouble. Friends and neighbors thought I would never live long. I began to despair myself. Losing faith in the physician, I procured another one who recommended the use of PSYCHINE. It worked wonders beyond description the effect it had. I was soon able to attend to my housework again, and have gain with every dose. Inside of two weeks there are no symptoms of consumption about me now."
MRS. HENDERSON,
St. John, N.B.

"I had been suffering from La Grippe. My lungs were weak and I had a cough, but Psychine cured me."
MRS. H. BEAN,
Chesterfield, N.S.
