### BOARD OF EDUCATION

AGRICULTURAL CLASSES MAY BE ADDED TO CURRICULUM. The Lindsay Board of Education met on Thursday evening last, with Chairman Stewart presiding and the following members present: Messrs. Flavell, A. Jackson, D. R. Anderson, J. W. Anderson, W. McWaters, A. McIntyre, J. Carew, J. G. Edwards and Mrs. White and Blanchard. Mr. S. J. Fox, M.P.P., for Victoria, was present and laid before the Board the proposition of the Ontario Government in the matter of establishing classes in agriculture in connection with six Collegiate Institutions in Ontario. To this end \$6,000 had

been set aside by the Government, and \$1,000 of this would be given to each of the six schools. A communication was also before the Board relative to the same matter from Dr. Pyne, Minister of Education. It was explained that a suitable instructor would be necessary for these classes and that class room and ground for experimental purposes would also be required. It was desired to ascertain the feelings of the Board of Education in regard to the proposal. All the members seemed to be favorably disposed towards the proposition. The general opinion, however, was that a good proportion of the initial expense should be looked after by the county as the principal benefit to pupils would be for the rural districts. After a short discussion it was moved by Mr. J. R. Anderson and seconded by Mr. J. Carew that an effort be made to secure a special meeting of the County Council as soon as possible through the County Clerk, and that the members of the Board and the local members of the Legislature interview the Council at such meeting and discuss the question of having agriculture taught here in the manner suggested by the Government.

Then it was moved by Mr. Jackson seconded by Dr. White, that the management Committee be instructed to examine into and report at a special meeting of the Board as to what accommodation can be furnished for the proposed agricultural classes in the Lindsay Collegiate Institute. Mr. Fox left a list of the proposed curriculum for such classes and other information relative to the proposition. In thanking Mr. Fox for the interest he had taken for Lindsay in this matter, the Board informally expressed itself as being pleased with the proposition and nearly all were of the opinion that it would be an excellent addition to the Lindsay Collegiate Institute if it was possible to secure the classes and carry them on as outlined.

### OTHER BUSINESS.

A number of accounts were submitted by the Chairman of the Finance Committee and on motion, ordered paid.

The resignation of Miss Wilson, as teacher of Modern Languages in the Collegiate was received and on motion of Dr. Blanchard, seconded by Mr. McWaters, was accepted, the resignation to take effect at the end of the term, and the customary testimonial to Miss Wilson was prepared and signed by the chairman of the Board.

The reports of the Collegiate attendance from Principal Harstone, and of Public Schools attendance from Principal Broderick were received and filed. The number on the roll at the L.C.I. was 222, with an average attendance of 190. The Public Schools had an average attendance of 793, with 877 in the roll.

On motion of Dr. Blanchard, seconded by Mr. Carew, the secretary was instructed to advertise for a modern Language teacher and a High School assistant, the salaries to be \$1000 and \$800 respectively.

In reply to a question from the Board, Mr. Broderick spoke on the matter of Fire Drill. He said that fire drill had been practised in the schools once a week and that the pupils were now getting pretty good at it. The gong was sounded with the pupils expecting it, and he suggested that the Board or some member give the schools a test some time unexpectedly.

On motion of Messrs. J. W. Anderson and W. McWaters, Mr. Broderick was appointed to the Board of Entrance Examiners.

Moved by Mr. A. Jackson, seconded by Dr. White, that the Auditor's report be published in the two local papers.—Carried.

Mr. J. W. Anderson reported that the Committee had found Henley Bros' tender for supplies for the schools to be the lowest and he moved that they be awarded the contract. Mr. McWaters seconded the motion, but as the tender did not specify the amounts for the Collegiate Institute and Public Schools separately, the motion was not put. Mr. Anderson explained that he would have the amounts properly separated and report at next meeting.

### A SPLENDID SERMON

REV. FR. MURPHY, OF OTTAWA. UNIVERSITY SPEAKS ON CHARITY

University, gave an excellent and earnest address to a large congregation on the great subject of "Charity." The speaker took as his text the words:—"But before all things, have a constant mutual charity among yourselves."—1 St. Peter IV. 7 and 11.

Man naturally, said Rev. Father Murphy, wishes the last words of a friend who has departed this life. A child recalls with love the words his dying parent has addressed to him! And so a Christian must of necessity value these words which Christ addressed to them before his death. For he was the kindest of friends. Greater love no man hath than to lay down his life for his friend.

In the old law the love of neighbor was not unknown for even the Pagans were taught to do to others as they wished others to do unto them. But Christ on the eve of his death wished to instruct His Apostles in a particular manner. He therefore gave them the two commandments—Love God, and the second like unto this—to love one's neighbor. The second was to be the badge of Christianity, the one sign by which men might become the true followers of the Divine Master. He taught them that, by this love of our fellow-men, men should know that we are His disciples. "By this will all men know that you are my disciples that you have love one for another. Christ's words have been fulfilled in this, His church. For we see throughout every age her sons and daughters giving up their lives to bring help to the needy! Her brilliant intellects have given up their lives for the education of the young. History can give us no better example of love of neighbor, than the labours and sacrifices of our Sisters of Charity and Mercy on the field of battle, in their homes and hospitals. How many communities of men have worked and are still working for the instruction and training of the minds of our children.

This heroic charity cannot be practiced by all. Yet every man can show his love for Christ's command by respecting his neighbor in his property, in his person, in his reputation, in his peace of mind. No man who loves his fellow would injure him in his just belongings, or would wound or maltreat his body. One who sincerely loves his neighbor will hide even from his own heart, his faults and shortcomings. The standard, the detractor, has not love but hatred in his heart. If he loved his fellow Christ commanded he will be kind in word and in act. His great love will embrace all men. He will show his love particularly to his family, which is the unit of all society. Then all will be happy. For the sunshine of love will be in every home. Peace and harmony ever will reign. Man then will have a foretaste of heaven, the reward God has prepared for those who keep in mutual charity among themselves.

### DEATH OF MRS. JAMES BELL

A RESIDENT OF DUNSFORD FOR 45 YEARS. Mrs. James Bell, relict of the late James Bell, of Dunsford, died at the Ross Memorial Hospital, in Lindsay, on Monday, May 13th. The deceased had been ailing for over a year, but only within the last two months had become seriously ill. Six or seven weeks ago she was taken to the hospital, but despite all the care of nurses and medical skill, she grew rapidly worse, until death came on Monday.

The deceased was a daughter of the late John Ireton, of Dunsford, who came to this country from Ireland, when a young man, and settled in Verulam. She was a consistent member of the Church of England, a woman of cheerful and lovable disposition, and was highly respected by all who knew her. Her husband predeceased her in February, 15 years ago. Four sons and four daughters survive. They are: John A. Bell, of Ops; James S. Bell, of Columbus, Ohio; Chas. Bell, of Toronto; Mrs. Henry Sharpe, Lindsay; Mrs. Herman Pangel, Newark, Ohio; Mrs. Henry Reichenback, Los Angeles, Cal.; and Mrs. Frank Klippe, Toronto.

The funeral took place on Wednesday, from the residence of her daughter, Mrs. Henry Sharpe, 8 Adelaide street, Lindsay, at 11 o'clock. Service was conducted by Rev. C. H. Marsh, after which the remains were taken, via C. P. R., to Dunsford, for interment.

### ECZEMA AGAIN OVERCOME

ZAM-BUK CURES A CASE WHICH FOR TWO YEARS HAD DEFIED EVERY REMEDY TRIED.—A FARMER'S GRATEFUL TESTIMONY.

No case of eczema, skin disease, or ulceration, should be despised of until Zam-Buk has been applied. The case of Henry Sharpe, of St. Street, Lindsay, is a powerful illustration of Zam-Buk's efficacy. He says: "I suffered from eczema for two years, and tried a great number of remedies. None of them, however, seemed to do me any good. The ailment was mostly in my legs, and both these were actually raw from the knees down. I used small boxes of Zam-Buk, was given to me, and even so small a quantity as that did me a little good. I then obtained a proper supply, and by the time I had used a few boxes I was completely cured."

Zam-Buk differs from ordinary salves and embrocations in containing no animal oil or fat. It is composed of rich healing, herbal essences, and is an ideal natural combination of power and purity. It is highly antiseptic, and instantly kills bacilli and disease germs, which set up festering, blood poisoning, etc. For cuts, burns, bruises, sores, scabs, swellings, spreading sores, children's skin troubles, chafing sores, etc., Zam-Buk is unequalled. It also cures piles. All druggists and stores at 50c a box, or from Zam-Buk Co., Toronto, for price, 6 boxes for \$2.50.

### OVERCOME BY FUMES.

EMPLOYEE OF SYLVESTER WORKS FALLS INTO GASOLINE TANK AND RECEIVES SEVERE BURNS.

While employed in the work of dipping out some gasoline from one of the new tank cars at the Sylvester works on Thursday, Walter Scott, the 17-year-old son of Mr. Wm. Scott, baggage-man on the G. T. R. track, fell into a tank of gasoline. The tank is deep and with only a man-hole at the top as outlet. By the time the young fellow was rescued from his dangerous position he was badly burned by the gasoline itself, though not seriously injured. Owing to exceptional care every article in his charge condition, as Mr. Robson is removing from town all must be sold.

### PEOPLING QUEBEC.

Garden of Provinces—Why Old Country People Like It.

While the great rush of immigrants is to the Northwest, there is a quiet movement going on in the Eastern Townships, organized by prominent citizens there, and supported to some extent by the Provincial Government, which has for its object increased settlement in the "Garden of Quebec."

The lure of the West, and especially of the Klondike, caused a certain exodus to occur some years ago from the Eastern Townships—a depletion which was deeply regretted by prominent citizens there, who well persuaded that in this favored portion of the province the chances of making a comfortable living were equal to those in any other part of the Dominion.

FOR SALE CHEAP. In the Township of Harvey, Lot 26, Cont. 17, two hundred acres, more or less, good hardwood bush; eight acres cleared and seeded. First-class ranch when cleared. Well watered. Five miles and a half north of Bobcaygeon, one mile and a half from Neagy Creek Bridge, on good road. There is no mortgage or incumbrance. Apply to EDWARD EARL, Bobcaygeon, or on the premises—20-3.

### Judgment Given in Drainage Case.

At Osgoode Hall on Friday before Justice Riddell the case of Smith vs. Eldon Township was dealt with as follows: Smith vs. Township of Eldon.—Judgment (G.A.B.) in action tried without a jury at Lindsay. Action for damages and an injunction in respect to injury to plaintiff's land, lot 1, in the 7th concession of the Township of Thorah, by deposit of water and sand thereon. Held, that plaintiff's remedy is by action and not by arbitration. Judgment for plaintiff for an injunction restraining defendants from the continuance of the nuisance on his land and from causing water and sand to be deposited upon his land. If there be any dispute as to the exact form of the injunction, the minutes may be spoken to by the Master at an adjournment. Reference to the damages to be paid by the Master at an adjournment. Defendants' costs to and including subsequent costs reserved. To enable defendants to make suitable provision for the disposition of the surplus water, operation of injunction stayed for four months. T. Stewart (Lindsay) and W. M. Roach (Beaverton) for plaintiff. F. A. McDiarmid, (Lindsay) for defendants.
