—Empire Day was fittingly observed in the schools.

—Wanted to Rent.—A good house about 7 rooms, near Kent street, modern conveniences. Apply Box B., Watchman-Warder office.

—Rev. Dr. Vickers, of Cannington, preached in All Saints' Church, in that town last Sunday, the fiftieth anniversary of his ordination to the Church of England priesthood. Dr. Vickers retired from active ministry some years ago.

—The excursion on Friday last to Kirkfield was hardly as well patronized as it might have been had the weather been more settled this year. About fifty took in the trip up to Kirkfield and spent an enjoyable day. The lift-lock at Kirkfield was not formally opened as the work was not all completed.

—County Police Magistrate Moore fined Mr. James Tevans \$10, and costs the minimum fine—for spearin' lunge at Sturgeon Lake, south shore. Inspector Bradshaw laid the complaint.

—License Inspector Thornbury laid information against a west end hotel keeper for selling liquor to a man on the prohibited list. The fine was \$10 and costs, when it came up before the Magistrate.

—The Sterling Bank, Kirkfield, will open a branch at Victoria Road. This latter branch will be opened Tuesdays and Fridays of each week and will be under the management of the Kirkfield branch.—22-2.

—Fenelon Falls Gazette.—It is expected that the night train from Lindsay, which proved such a convenience to the travelling public, will commence running again on June 17.

As far as known at present, the service will be the same as last summer.—Don't miss the opening chapters of the excellent serial just starting in this week's issue. It will pay and please alike, to read. The Helmet of Navarre.

—Mr. M. G. Lewis, of the Victoria Creamery, in conversation this week, said that a wrong impression seemed to be abroad as to the value of butter this year. To prove this contention, Mr. Lewis quoted the following figures. In 1906 the net average price paid to the patrons of the Victoria Creamery was 23.8 per lb. for butter fat. In 1907, 29.0 is being paid. The average selling price for last year was 22.9, while this year it is 27.28, or increase of over 5 cents per lb. Mr. Lewis thinks that these figures show the falsity of the idea referred to above.

—In reply to many inquiries, and as a warning to the public, an Order in Council absolutely prohibiting the sale of black bass, speckled trout and the seventy-five or more members in the church parade made a splendid showing. The rector, Rev. C. H. Marsh delivered an appropriate and earnest sermon to the Order.

—Over four hundred and fifty visiting members of the Knights of Columbus were at the big gathering in Peterborough on Friday, May 24th, the occasion being the exemplification of degrees upon 170 candidates. Several Lindsay were present. His Lordship Bishop O'Connor was on the throne and he was assisted by Rev. Archdeacon Casey, of Lindsay. Rev. Archdeacon Casey preached the sermon, which was most impressive and appropriate.

—Inspector Knight will investigate a complaint made to him under Section 15, subsection 8, of the Public Schools Act, against the proceedings at a meeting held in S. S. No. 3, Vernon, Fenelon and Sturgeon Point on May 10th, at the building now used as a school in said section, on Lindsay, June 5th, at 10 o'clock a.m. The larger schoolhouse formerly used was burnt down some time ago, and a difference of opinion seems to be held by different parties in the section as to what is most advisable to do regarding the building of new quarters. Some are in favor of erecting a new school on the old site large enough to accommodate all the pupils of the section, while others think two smaller schools should be erected at different points. Two meetings have been held about the matter, and after the first meeting, objection was taken to the proceedings, which called forth the second meeting. This second meeting is now complained of, and it is to look into the matter and hear the question that the Inspector will hold during the investigation next Wednesday. In the meantime the section has poor enough accommodation for its pupils, and it is to be hoped that the matter may soon settle so that a new school or two new schools, may be started as soon as possible.

—At a recent meeting of the Board of Education, when the question of fire drill in the schools was talked of, Principal Broderick said that the pupils were becoming efficient at the drill and suggested that this claim might easily be proven by some member of members of the Board giving an unexpected and unlooked for test.

One day last week two members of the Board—Dr. White and Blanchard—were passing the school, and thought that not being expected and the usual work apparently being in full swing, it would not be a bad idea to give a sudden call. Dr. White got in without being noticed from the school, and soon the alarm was sounding the alarm. The test proved highly satisfactory and creditable to teachers and scholars alike, for inside of 45 seconds all the pupils were safely out and no particular disorder or commotion created by the orderly clearing of the school by the well-taught fire drill system.

—The Watchman-Warder is in receipt of a handsome booklet, of about 80 pages of useful and interesting information regarding fishing and shooting and the haunts of game and fish obtainable in Canada. The booklet has just been issued by the Canadian Pacific Railway, and from cover to cover it is packed with interesting and instructive reading for the huntsman and the fisher.

—According to an Ottawa despatch, dredging contracts for this season's work have been awarded by the Dominion Public Works Department, as follows:

Toronto Harbor, to Manley McAuliffe.

Thomas River and Point Edward.

Edmund McAlpine.

Owen Sound, Penetanguishene and

Port Hope, to Mr. Frank Begg.

A. F. Bowman, ex-M.P.P.

Midland, Weddell & Co., of Trenton.

Goderich, and Kincardine, W.L.

Hamilton, W.E. Phin, of Welland.

—Williams' Pink Pills make new blood and in this way strike at the root of such troubles as anaemia, indigestion, rheumatism, fits, headaches, backaches, and rheumatism. Sometimes they are unable to sleep; their nerves are unstrung; they are languid; breathless; the heart palpitates violently and fast exertion—that's anaemia, may develop into consumption, if not promptly attended to. Anaemia is bloodlessness. Dr. Williams' Pink Pills make pure red blood, the secret of their success. Miss Winnie Allen, Montreal says: "I was so weak and emaciated that my friends thought I was going into consumption. I was as pale as a corpse, had no appetite and did not sleep well. The least amount of exercise tired me out and if I walked a few blocks I was almost breathless. My sister advised me to take Williams' Pink Pills and after using them for a few weeks I am again in good health and have a rosy color. I think every weak girl should take Dr. Williams' Pills."

—Victoria Day in Lindsay was notable for the large number of visitors here and the number of Lindsay people visiting away with friends.

—Don't forget that you can have a photo of yourself FREE OF CHARGE by calling at the Morton Studio, Lindsay, on June 1st, as they are celebrating their eighth anniversary. Have a souvenir of the day.—21.

—Mr. J. J. Glass has been busily engaged for several weeks past as an outside representative throughout the district for the Watchman-Warder. Mr. Glass is authorized to issue receipts for old and new subscriptions paid to him and to take in orders for printing, etc.

—The second game of the intermidiate series of the Midland Football League between Peterboro and Omemee was postponed on account of the safety of Peterboro players.

—A movement is on foot to establish a branch of the Independent Labor Party in Peterboro. The annual meeting of the Labor Educational Association of Ontario was held in Peterboro last week, and Mr. T. J. Begley, of Peterboro, was elected third vice-president. This association will assist in the organizing of the Watchman-Warder, the Sylvesters won the Blackstock tournament.

—The second game of the intermidiate series of the Midland Football League between Peterboro and Omemee was postponed on account of the safety of Peterboro players.

—Mr. Geo. McNeillie, of Montreal, spent Victoria Day with his parents, Mr. and Mrs. McNeillie, Bond street. Miss Barnhouse, of Toronto, was the guest of Miss Ranton, Glenelg street.

—Miss Maud Neithercut, of Dundalk, is visiting her sister, Mrs. C. Deyell.

—Miss L. Braund spent the holiday last week with her brother in Brockville.

—Miss Checkly, Toronto, and Miss McMullen, Port Hope, were guests at Mrs. J. B. McDonald's last week.

—Misses L. Nethercot and M. Charlton, of Toronto, are visiting in town.

—Mr. Alfred Annis, Oshawa, was the guest of his brother, Mr. D. M. F. Annis, last week.

—Mr. Geo. James, recently postmaster at Lochlin, Ont., has purchased the residence lately occupied by Mr. Armstrong, Regent street.

—Mrs. W. A. Scott and little son Everett, returned to Lindsay last week after a pleasant visit with friends.

—Miss Ethel McLeod has returned home after a pleasant month's visit with her sister, Mrs. G. Rhodes, Toronto.

—Mr. Melville Moffatt, of Toronto, was a holiday visitor last week at the home of Mr. R. Corley, north ward.

—Mr. Robert Vicars, son of the Rev. John Vicars, of Cannington, spent the 24th the guest of Mr. and Mrs. Laird, north ward.

—The Kawartha Summer School at Chemong Park seems to combine outdoor joys and recreations with a series of thoughtful and elevating studies of the Bible and missionary work. The school is the result of a union between Twelve O'Clock Point and Bobcaygeon schools of last year under the auspices of the Methodist church. An excellent program has been prepared and among the speakers are two Lindsay gentlemen, Rev. Dr. Bishop and Mr. R. J. McLaughlin.

—The funeral of the late Samuel Rezin, who died on Friday morning last, took place on Sunday afternoon the 13th, they telephoned for his wife to go to him at once as he was dangerously ill. Mrs. Courtemanche reached North Bay on Tuesday evening, but he had died half an hour before she came. They brought his body home for burial. Mr. Courtemanche belonged to the Salvation Army and had been a resident of North Bay for 30 years. He was 72 years of age, and leaves a family of five, all grown up.

—At a recent meeting of the Board of Education, when the question of fire drill in the schools was talked of, Principal Broderick said that the pupils were becoming efficient at the drill and suggested that this claim might easily be proven by some member of members of the Board giving an unexpected and unlooked for test.
