THURSDAY, MAY 13, 1909.

DOLLAR WHEAT FOR THE FARMER

The present indications are that wheat will remain for some time at least, one of our high-priced commodities. The statistics given by the Dominion Government some time ago, state that in March of this present year, a little over 20 per cent. of last year's crop of wheat was in Canadian granaries, and while this appears a large number of bushels, yet when we consider the visible supply in the other wheat-producing countries, it will easily be seen that this small surplus will soon find its way to market, and especially in view of the high price of wheat at the present. Moreover, we expect an addition to our population of at least 75,000 souls, most of whom will be in our country before the new crop is threshed, and will have to be provided with food.

Looking toward Chicago the great wheat trading centre of America, we see \$1.07 offered for September wheat, and while this may appear to some as a money-making scheme on the part of speculators, yet J. J. Hill states that if the wheat crop of the United States were to be delayed one month in ripening the Republic would have to import wheat; thus showing that the actual supply of this staple cereal in America is extremely limited. Beerboom, the great English trade statistician, gives it as his opinion that there will be a marked narrowing of the world's supply before the new crop is harvested.

All these facts considered, and with the possibilities of unfavorable conditions in any of the wheat-producing countries of the world, make the wheat-growing question one worthy of serious thought.

The farmers of Victoria county should give this matter some thought and not miss the opportunity of increasing their yearly profit, by adding to their rotation a field of spring wheat. In view of the lateness of the spring it might be well to say that care should be taken in the selection of the variety sown. Among the several varieties sown in this county the old reliable Wild Goose, is undoubtedly the best, particularly so since it can be sown

SUNLIGHT SOAP

A BASKET FULL of clean, sweet-smelling linen is obtained with half the toll and half the time if Sunlight Soap is used. Sunlight shortens the day's work, but lengthens the life of your clothes. Follow directions.

several days later than the other varieties such as Red Fife, Hungarian, or Colorado, and still give good yields. Its excellence is further borne out by years of test in the experimental work at the Experimental Farm, Guelph, where it has always yielded from 5 to 15 bushels more per acre than any other variety.

The fact that Wild Goose does not yield a fashionable brand of flour does not lessen its market value, because there is an unlimited market for every bushel of it for the manufacturers of macaroni. That a man may have Red Fife or any other spring wheat in his granary is not sufficient reason for that particular variety. Nothing but the best should be sown and the Wild Goose has proven to be the best yielder, can be sown at a later date with better chances of a good yield and brings just as much per bushel when it is threshed.

A few "don't's" in closing: Don't sow shrunken seed, use the fanning-mill. Don't be afraid to lose a few good grains in getting rid of the poor ones; don't sow weed seeds; don't sow a mixture of two varieties of the same grain, unless you are sowing a mixture for feeding purposes.

YOUNG PEOPLE OF THE FARM

Now that the busy season for the farmer is approaching again, the farmers are beginning to look for hired help, while a great number of them are wondering how it is that their own bright sons are forsaking the farm for the city. The latter wonder why their offspring should wander from the vocation of their fathers and prefer to settle in the city. In a great many cases the cause is with the farmer himself. He does not provide enough amusement for the boy. The boy of the farm should have every bit as much amusement or good time as the boy in the city. But in nine cases out of ten with the boy on the farm it is perpetual toil in good weather, all through the busy season, and perpetual loneliness in bad weather, and most of the winter season.

The time the farmer has considerable leisure, is as a rule just the very time when the country roads are in their very worst condition. The boy longs for company and his heart revolts against his unendurable loneliness, and to free himself from it, sometimes walks miles through the mud to spend the evening at the country store. Or he stays (which is more often the case) at home and ponders by the light of the lamp, reflecting on what a "big" time he could have if he happened to be living in the city, instead of in the country.

It is just here that the Farmers' Club steps in, and forms an important part in the life of the farmer boy. These clubs are being formed in many parts of the Dominion, including two or three in Victoria county, and they are doing a splendid work. The farmer's young son attends and hears discussed topics of interest to the farmer. These kindred clubs should be encouraged, as they will prove a great tonic to keep young people on the farm and make life to them worth the living.

Canada's revenue for the last fiscal year was eighty-five millions. The insurance bill, amended, will be presented to the Commons today.

Prairie fires are doing much damage to Saskatchewan. Near Rush Lake one child was burned to death and the corpse of another consumed.

Emily Council Proceedings

Omemece, May 4.—Council met at one o'clock. All the members being present, viz.: The reeve, James R. Boate and Councillors William Cottingham, James Courtney, William Herlihey and Robert W. Wilson.

Moved by Councillor Herlihey, seconded by Councillor Robert W. Wilson, that the reeve and treasurer be authorized to borrow from the Bank or otherwise, such sums of money from time to time as may be required to meet the current expenditure of this municipality, not exceeding, however, ninety per cent. of the estimated ordinary expenditure for the year 1908, and such further sums as may be required to be paid to the treasurers of the respective Public school boards from time to time upon the requisition of the school trustees as provided for by the Public Schools Act, and that the clerk do now prepare the necessary by-law for this purpose.—Carried.

Moved by Councillor James Courtney, seconded by Councillor William Cottingham, that the name of Frederick McKay be substituted for that of Dennis H. Scully as pathmaster on road division No. 64 and that the clerk now make the necessary correction and notify Mr. McKay of his appointment.—Carried.

Moved by Councillor William Herlihey, seconded by Councillor Robert W. Wilson, that orders be issued on the treasurer for payment of the following miscellaneous accounts: The Sawyer & Massey Company, Hamilton, for blade bit and bolts for the road grader as per account, \$8.50; R. J. Grandy, express charges and cartage on blade bit and bolts, 85c. John Morrissey for gravel used on road division P. McCauliffe, \$5; J. R. Boate, extra days and disbursements in re. Callaghan and Mahood drains, \$9.45; David W. Kennedy, two days in re. Callaghan drain, \$3; James Courtney, extra days and disbursements in re. Callaghan drain, \$6., total \$31.80.—Carried.

Moved by Councillor Jas. Courtney, seconded by Councillor William Cottingham, that orders be issued on the treasurer for payment of the following road and bridge accounts:

Expenditure Commissioner Cottingham—Langton Wilson, for filling in and repairing three culverts on the 4th con. line, \$5.

Expenditure Commissioner Courtney.—P. J. Harrington for repairing culvert on 11th con. line, \$6; John McGahey, one-half cost of breaking stone on west boundary, \$4.75, total \$10.75.

Expenditure Commissioner Herlihey—William Curtin, for building a culvert on 12th con. line, \$5.

Expenditure Commissioner Wilson.—Dennis Clancy, for cutting brush on the 8th con. line, \$2.50.—Carried.

Moved by Councillor William Cottingham, seconded by Councillor J. Courtney, that by-law No. 363 for the purpose of authorizing the reeve and treasurer to borrow moneys from time to time to meet the current expenditures of this municipality and such further sums as may be required by the trustees of the several school sections in the municipality to pay teachers' salaries be now introduced and read a first time.—Carried.

Moved by Councillor Robert W. Wilson, seconded by Councillor William Herlihey, that by-law No. 363 be now read a second and a third time and finally passed, and that the reeve and clerk do sign and affix the corporate seal thereto.—Carried.

Moved by Councillor Robert W. Wilson, seconded by Councillor William Cottingham, that this council do now adjourn to meet on Tuesday the first day of June next at the hour of ten o'clock a.m. as a Court of Revision and thereafter on same day (should time allow) for transaction of general municipal business.—Carried.

Victoria County Teachers Convene Here Next Week

The annual convention of the County of Victoria Agricultural Association will be held on Thursday and Friday, May 20 and 21, in the Collegiate Institute. The program is as follows:
