Mr. and Mrs. J. W. Bryans and family spent Sunday in Lindsay.

The Y.M.C.A. Band of Lindsay, conducted meetings in the Baptist church last Sunday, and needless to say, the services were very much enjoyed, and the seeds sown in those meetings will, we hope, reap a bountiful harvest. The band was under the leadership of Mr. Bingham, and the assistants were most able men.

Fenelon Falls is now wearing another red feather these days. Just fancy, folks, a brand new M. P. for our town. Dr. Mason is receiving congratulations these days.

Mr. Bert Robson and Mr. Pepper, of Lindsay, spent Sunday in town.

Former Lindsay Citizen Died at Bury's Green

From our own correspondent.

Bury's Green, May 15.—Miss Clara Bellingham visited Miss Etta Southam over Sunday.

Mr. John Southam spent the week end at his home here, returning on Sunday evening to Bobcaygeon.

Arbor day was duly observed at our schools by the planting of a number of maple and spruce trees, which with the raking of the yard, etc., caused the school and surroundings to take on a new appearance. Maple trees are now all around the yard; those planted last year are all leafing.

An entirely new and large library has been purchased for the school. The books purchased are of the best and considerable pains was taken to get the choicest reading with a wide range of subjects. The selection and ordering of the books was left in the hands of our worthy inspector, Mr. J. H. Knight. Needless to say the selection is most satisfactory.

A large number of delegates from this vicinity attended the Conservative convention at Fenelon Falls. All declare it to be the largest attending ever held in that burg. The majority of the people seem satisfied that Dr. Mason will prove a good man.

It is generally conceded that had Balfour, of Omemee, been as well and favorably known as the doctor that he would undoubtedly have been the candidate.

Mr. Jas. Lee and family, of Kilmount, have moved to this neighborhood. Mr. Lee will be employed during the summer by Mr. Phillips.

The sacrament of the Lord's supper was administered to the members of Eden church on Sunday last by the Rev. H. W. Foley, pastor.

Mr. Ned. Prescott will leave shortly for New Ontario. Ned. will select the hunting grounds in good time for the fall hunt, and it is confidently expected that he will make a good choice, and know just where to get the good ones when the party arrives.

Most people here have again got after the suckers, so delicious to the palate, yet so very bony. Prof. Burbank, of plant fame, should try his skill on fish and endeavor to produce a boneless sucker. It is quite evident to anyone who eats his dinner the American style of forty-five seconds, and tries to masticate a sucker as part of it, that the professor would have ample room for experiment.

A worthy Orangeman was one evening last week heard playing the fife. The evening happened to be warm and it is thought he may have imagined it ought to be nearing the 12th.

The wood duck is again seen on the hillside and in the pasture field, after spending a few long months in his subterranean home. They present a good target for rifle practise as they sit up beside the entrance to their burrows into which they drop on the slightest pretence.

Mr. A. Graham visited Mr. J. A. McNeill, of Red Rock, last week. The officers of the Eden Epworth League for the coming year are: President, J. J. Devitt; vice-pres., J. Southam; sec., Miss Maude Pogue; treas., Mrs. J. Southam; vice-pres. Literary Committee, N. Graham; organist, Miss A. Mann.

Mr. W. Pogue and Percy Junkin attended the Presbyterian church on Sunday last.

Miss Mary Golden, having finished her exams at the Federal Business College, has returned to her home.

The recent wet weather has killed a number of young goshlings for most farmers' wives, and they declare that unless it "fairs up" they will have none to sell or trade.

Mrs. John F. Skuce has been fortunate enough to obtain a beautiful flock of eighteen of the downy creatures out of twenty eggs set.

The exceedingly wet weather has been most discouraging to the farmers, and it was especially so to one in this vicinity, who may have swallowed a little of the "wet stuff" and who declared that should the clouds not cease to burst over his estate and the sun continue to hide his face from him, that in three

days he would be all in down and out, and that he would try the happy hunting ground by his own hand. The weather gods would not alter their plans for the life of this one man as the third day plainly indicated. But life was sweet withal and the eve of life for him he moved three days into the future, declaring emphatically that should the elements remain unchanged that they might hold his wake on the following Monday evening. On the day fixed a snow storm, the last of the season, fluttered earthward in all its beauty, and their lady of the snows threw her garments about him like the rest. The neighbors assembled in the evening to celebrate the wake, which was of short duration as they found him a blood relation of a well known local resident, who, when his wake was being celebrated, was resuscitated when the cork was drawn from the flask, and who rose up and declared, "that is the wake goes on a minute—that the corpse he must be in it—for you got to get me drunk to keep me dead."

One of our local sportsmen has been annoyed by some youthful sport shooting his pigeons, while hatching, and hopes that the mischief will stop.

Mr. Thos. Johns, of Lindsay, visited here last week.

It is expected that in the near future an excursion will be run by the schools of St. John and Eden combined.

SAMUEL SINCLAIR.

Samuel Sinclair, of Bury's Green, Ont., departed this life May 7th, 1909, at the advanced age of 83 years. He was born in Toronto and was employed with his uncle, Sinclair by name, a wealthy lumber merchant. During the time when Toronto was called "Muddy York," he came to Lindsay in 1864, where he lived for about twenty-one years. He moved from town some twenty-four years ago to Bury's Green, where he has spent the latter part of his days. In religion he was a Presbyterian, in politics the deceased was a staunch Conservative. He leaves a widow, four daughters and three sons. Mrs. L. P. Newton, of Vancouver; Mrs. E. A. Newton, of Lindsay; Mrs. W. Hoskins, of Bury's Green; Mrs. John Howie, of Somerville. The sons are Arthur, of Burnt River; Samuel, of Vonda, N.W.T., and Rufus at home. He is predeceased by one daughter, Mary Carwey, of Ottawa, and one son, William H. Sinclair, of Saskatchewan, N.W.T.

The National Editorial Association of the United States will hold its annual meeting in Vancouver in July.

A kind-hearted London man gave his horse protection in the kitchen during a storm. The horse went through the floor into the cellar. Now part of the house has to be removed.

The Bible Society will build headquarters in Winnipeg to cost \$25,000.

Los Angeles authorities are seeking members of an alleged secret society of women which is said to be viciously attacking women who wear big hats.

When constables tried to evict Mrs. Mary Jones, of Shamokin, Pa., on account of non-payment of rent, she chased them from the neighborhood at the point of a gun.

Eleven Italians were fined \$1,385 in Port Arthur for illegally selling liquor.

A distributing centre for milk for bottle fed infants is proposed in Hamilton.

Moses Berry, Brant township, wants the authorities to annul his daughter's marriage to Wesley Ketchen. The daughter is not yet eighteen.

A St. Thomas resident appealed to the police to stop the annoyance caused by his neighbor's bees. The police decided they had no authority over unruly bees.

Lockhart Gordon Will Contest the Riding

It is now stated that Dr. Mason, who was the unanimous choice of the delegates at the Liberal-Conservative convention held at Fenelon Falls last Tuesday, to represent the Conservatives in the riding of East Victoria, will be opposed in the by-election by Mr. Lockhart Gordon, of Toronto.

At a meeting held Thursday at Haliburton, it was decided to nominate Mr. Gordon as an Independent Conservative candidate, and when the nomination meeting is held at Fenelon Falls next Tuesday, May 18, in all probability two men will be nominated, Messrs. Mason and Gordon.

Mr. Gordon will hold a series of meetings. A meeting of electors will be held in the Foresters' Hall, Kimmount, on Monday next.

The by-election will be held on May 25th.

Elmer Penrock, a medical student at Queen's, went suddenly insane at Brockville and attempted to kill his mother. He was committed to the asylum.

At Waitsburg, Wash., some growing wheat was cut down, threshed, sacked, conveyed two miles in an automobile, ground into flour, made and baked into biscuits, all in 22 minutes.

Manilla Out of Mariposa League

Manilla has dropped out of the Mariposa League, and Sonya has again come into the fold.

They're having a great time in that league. First one team bobs and then another. However, with four teams still in the field everything will be smooth sailing.

Why the champion Manilla bunch dropped out is a cause of wonderment around the league headquarters.

They had ever been able to gather a fast team around those four corners and won the league last year by playing fast ball. Advance notices credited them with being able to repeat, or at least be well up in the running, this year.

Sonya will gather the remnant of the Manilla natives under a sheltering wing and thus form a fast team. Little Britain, Valonia, Sonya and Oakwood comprise the teams of the league.

THE HEAD OF Ed. Lytle must be in a whirl these days attending to that Mariposa League affairs. Rumor has it that Ed. has to sit up at nights figuring how to keep the threads straight. Pat Powers has a fancy scinche compared to the magnate of the Mariposa League.
