Notice to Creditors

Notice is hereby given pursuant to R.S.O. Chapter 129, Section 89, that all persons having claims against the estate of James Naylor of the township of Fenelon in the County of Victoria, farmer, deceased, who died on or about the ninth day of April A.D., 1909, are required to send by post prepaid or to deliver to the undersigned solicitors for the executors of the will of the said deceased, on or before the 12th day of June, A.D. 1909, their names and addresses and descriptions and a full statement of the particulars of their claims and the nature of the security (if any) held by them, and that after the said last mentioned date, the said executors will proceed to distribute the assets of the deceased, having regard only to the claims of which they shall then have had notice.

Date this 17th day of May A.D. 1909.
Moore & Jackson,
Lindsay, Ont.,
Solicitors for the Executors.

Maurice Healy, the new M.P. for Cork, is refused admission to the Nationalist party.

Township of Emily COURT OF REVISION

Notice is hereby given that the first sitting of the Court of Revision for the Township of Emily will be held in the "Commercial Hotel Sample Room" in the village of Omamee on Tuesday the first day of June, 1909, at ten o'clock a.m.

All interested parties will govern themselves accordingly.
Richard J. Grandy,
Township Clerk.
Omamee, May 15th, 1909.

Are Going West to Locate Land Grants

From our own correspondent. Fleetwood, May 17.—Seeding is almost completed, excepting a few low wet fields. The grain in many localities is coming up; the woods are taking on their green shade, and everything is beginning to look like the good old summer time. Housecleaning and gardening are keeping the ladies busy.

Mr. and Mrs. John Robinson were in Lindsay on Saturday last. Messrs. Lee and Davidson have been repairing Mrs. James Jones's residence, recently purchased from Mrs. James Lytle, at Franklin, last week.

Mr. Lansley Hartley is moving his saw mill to Mr. H. E. Tripp and son's property, and will be busy sawing wood ere this item comes out in print.

Mr. John Sutton is putting in posts and making preparations to have a long stretch of wire fence erected on the south end of his farm.

Mr. and Mrs. Arthur Flack were visiting at Mr. and Mrs. David Flack's on Sunday evening last.

Mr. Thomas McGee and his men are busy building a stone foundation for Mr. Leander Werry, and in a few days everything will be in good condition for the carpenters to complete their job.

Messrs. George Shea and Major J. H. Staples are about to go to the Western Provinces, to locate their land grants, as each served in the British-Boer war, and are well entitled to anything good in our large Dominion. The old saying "There is nothing too good for the Irish," ought to be repeated, for all who will risk their lives fighting for the Mother Country for justice and right and we congratulate these young men and hope they will enjoy their trip, and locate on soil which will increase and multiply by several hundred fold.

Our new teacher, we understand, is bringing the "kids" on splendidly. Guess there must be a knack in training the youngsters.

COMFORT FOR MOTHERS; HEALTH FOR CHILDREN

Baby's Own Tablets will promptly cure indigestion, colic, constipation, diarrhoea and teething troubles, destroy worms, break up colds and thus prevent deadly croup. This medicine contains no poisonous opiates or narcotics, and may be given with absolute safety to a new-born child. Mrs. C. L. Manery, Leamington Ont., says: "My baby suffered from colic and constipation so badly that we did not know what it was to get a good night's rest. But since giving him Baby's Own Tablets the trouble has disappeared, and he now sleeps well. The action of the Tablets is gentle yet very effective." Sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

MAY DAY IN LINDSAY

A sketch by Mr. G. A. Mitchell of the Bank of Montreal, which appeared in Toronto Saturday Night.

Crop Conditions in the West Are Excellent

Winnipeg, May 17.—A highly satisfactory crop report was issued by the Canadian Northern Railway this morning. It states that almost all the wheat is in and the farmers have made considerable progress with coarse grains. No district has suffered from backward weather to any appreciable degree. The weather has been uniformly fair throughout the spring wheat belt during the past week, and the first stage of the crop of the present year has nearly passed. All along the main line of the Canadian Northern seeding has made splendid success. At Portage la Prairie wheat seeding has been completed, and eighty per cent. of the acreage in oats is sown. At Gladstone, Plumas, Dana, South Battleford, Islay and Chipman, all the wheat is in, and a dozen other points report it nearly all in. At

Canora the blade is two inches high. At Raddissen, North Battleford, St. Agathe, Ridgeville, and many other points all over the west, wheat is appearing. Many points report the acreage about the same as last year, though in the newer districts there are material increases. MacLeod, Alta., May 17.—(Special)—Snow has been falling here for the past thirty-eight hours, there being about two inches on the level. It is a serious matter for the ranchers, who have already suffered heavily because there is practically nothing on the ranges for the cattle to eat. Winnipeg, May 17.—(Special.)—Quite a heavy snowfall is reported from southern Alberta to-day, but it melted as soon as it fell. It will do tremendous good to the wheat in the district and help along spring wheat.

HALIBURTON NEWSY ITEMS

Village on Entrance of Progressive Season

From our own correspondent. Haliburton, May 16.—Spring has at last come, the snow all disappeared, and the lakes are free of ice, consequently the sawmills are in full swing and everybody has smiles on their faces as the good time has come at last. Each mill has a big cut to get through this season. Mr. A. Niven left us again last week with the intention of going to Gowganda very soon. Mr. Emmerston Austin and his son Wellington, leave for that place on Monday. Reg Gregory of Harl, and some other young men, also talk of trying their luck there.

A cricket meeting has been called for Friday, May 21 to try and start the club again. The club was organized thirty-seven years ago, and has met with great success. There are not many of the old players here now, but I can mention some: I. A. Lucas, his brothers, William and I. R., A. Niven, Thos. Carruthers, Wm. Reid, Fred Freeman, and Fred Dart, so there is no reason why Haliburton should not have a good eleven again. There are a number of men working in the mills who say they have played cricket in the Old Country and would very much like to have a try at it again.

There is some talk of getting up athletic sports for the 23rd day of May, but an afraid there is not enough time left to organize them properly. We are to have one race, however, Tom Long—no, not the Indian, but Tom Walling is training very hard for a ten-mile run that day, who against we do not know, but I saw him race the train in from Stewart's crossing the other day, and he won easily.

Both men who were injured in the recent explosion are doing well. Geo. West is up and around, but not yet able to work. Geo. Hancock is also getting along very well, but as his injuries are the worst it will be quite a time before he is better. Both Mr. Leith and Mr. Dover are up and around again. Mr. Leith was driving around in his buggy a week ago.

Sorry to have to report that Mr. John Garie, who has not been enjoying the best of health of late, is very dangerously ill with pneumonia. One day last week he was very low, but the last report stated he was a little better.

As Mr. Lockhart Gordon did not get nominated at the convention held in Fenelon Falls, he held a meeting here last Thursday night, in the town hall, and, after explaining his views and how he would be a better man than Dr. Mason, for this north part of the constituency, it was proposed by Mr. A. Curry, and seconded by Mr. Lumley, that Mr. Gordon be a fit and proper person to represent us. The motion was carried by a show of hands, although all the hands were not put up.

RAVEN LAKE WORKS

CEMENT WORKS AT VICTORIA ROAD STARTING UP.

Victoria Road, May 17.—The cement works that has been so long idle, is starting up again under new management. We notice a number of strangers here who are being employed by the company.

Misses Margaret and Mabel Shields are home again, after spending a few weeks with friends in Toronto and Hespeler.

Mr. J. D. Johnson, of Toronto, was here for the week end.

Mr. J. A. Killingsworth, of St. Thomas, is staying for a few days with his uncle, Mr. J. W. Shields.

It is with much sympathy for the bereaved family that we learn of the death of Mr. Thomas Walsh, of Carden. The deceased was a great favorite among his young associates and respected by all.

Miss Shea has opened up a new millinery shop in Davey's block. Those wanting hats will see some very pretty styles.

The Terrible "Teddy" In Trouble Again

London, May 16.—Reports from British East Africa about a new campaign against the Mad Mullah, just received in London, are conjoined in some English papers with the suggestion that ex-President Roosevelt is incurring danger at the hands of wild Somalis, who are the Mullah's most dangerous followers. In Mombasa there is an expression that the ex-President had better keep his eye open for these treacherous fellows, of whom

several batches of from 20 to 50 each are lurking about the northern boundary of the Somaliland protectorate. Their very presence in the neighborhood is suspicious, says one report, for, at most, they are only ten days' journey from Nairobi.

Dr. Seaman, of New York, however, according to the same despatch, considers that Colonel Roosevelt runs much greater danger from the tsetse fly and spirillum tinea of Uganda than from either wild beasts or Somalis, and, seeing that the reports printed here left Mombasa on April 24 last, presumably the danger of the Colonel's capture by marauding bands of Somalis is less than these belated apprehensions justify.

IS NOT THE MAN.

A local man was arrested Monday, charged with stealing a horse and buggy and with badly damaging the outfit. The theft took place some time ago, the outfit belonging to Charles Cunningham, South Ops. The owner had left it at the Pym House, and when he returned it was

The man who was arrested this morning was placed in the lock-up. He claims that he knows nothing of the affair and that his arrest is a case of mistaken identity. An effort was made to secure bail for him to-day.

During a mad dog scare at Palmerton, a great many innocent canines. It was found afterwards by Frank Curtin in front of Dr. White's. Ines were slaughtered by the police.
