

The Man in the Blue Suit Wanted by Bethel Citizens

From our own correspondent.

Bethel, May 17.—Cheese factories hereabouts have commenced for the season of 1909, though we believe the cheese output is as yet small. If cheese continues to sell as well as it has of late years it certainly behooves our farmers to be ready to send a goodly amount of milk from the factory starts until it closes.

Our worthy cheesemaker here has embarked in a new enterprise; his intention being to enter into the piggery business on a small scale. We wish him good success in his initiative and that he may have continued prosperity in his enterprise.

The much-mooted debate re woman's suffrage we believe, will in all probability, be held on Thursday evening, June 3. New arrangements are being made and it is hoped that we will have a very pleasant, agreeable, and to some extent at least, a profitable evening. All are cordially invited to attend.

Mr. MacKenzie, pastor of Bethel circuit, preached an instructive sermon on "Visions" last evening. He recounted a considerable number of biblical visions and noted specially the fact that each one was accompanied by a voice, so that he concluded that if we had visions in the present day and no voice was heard we need not put much dependence in them. We also noted particularly what we said re. the need for visions in our day. He believed we received visions through the press, by the cable, by wireless telegraphy, etc., but we suppose what he meant by this was that we realized the great need of the world through these many modern agencies. When Paul saw in his vision the man of Macedonia saying "Come over and help us," there were no railways, no steamboats, no newspapers, or any such modern conveniences as we have for receiving and transmitting news, hence the need for Paul's vision. Notwithstanding this cogent reasoning, we sometimes think, and believe that if people even in this day lived as closely to their Master as Paul; they too, would receive visions showing them their God-given task in the world's mart.

He there, fellows! let us go to Onemee on May 24th and join in the sports. There Marathon race ought to be a great attraction, and no doubt many other interesting events. The Public Library Board are having a concert in the evening.

We want you to try Wood-Lac Stain with our assurance that it's an ideal stain, one that's sure to please your most fastidious taste. You can refinish floors, furniture, and interior woodwork with these stains, and the results will come up to your expectation. Prepared in all colors. Mr. Cinnamon carries a full line color card free.

Mrs. Jarley's Wax Works will be the chief attraction. It ought to be well worth seeing, so be spry!

Mr. Ware, the new student pastor of Reabro mission, preached in the middle road Baptist church yesterday afternoon. His discourse was very practical and we think was very much appreciated by all who were fortunate enough to hear him.

We notice that some editors are taking the initiative in agitating police protection for rural communities and while we in our quiet, peaceful and happy neighborhood here, feel little need of "the man in the blue suit and fancy coat buttons," yet we read of so much robbery and violence in other rural centres that we believe the time is ripe for at least the discussion of the subject above mentioned, viz. "Police protection in rural communities." We said above that we here feel little need of police protection, but with the tide of immigrants that by a foolish government are being continually dumped on our shores, we believe that in a very few years hence our little paradise will also be invaded by the useless vagabond and reckless criminal; in fact, even now questionable characters tramp our roads, though as yet we have received no harm at their hands; so again we say we believe the time is quite ripe for the practical discussion of the matter and we would be pleased to see The Watchman-Warder lead a debate on the above stated subject.

To have the mail delivered at all country homes may greatly please the farmer, but surely his own personal safety while driving especially at night along lonely country roads and the safety of his wife and children at home is far more important than even rural mail delivery.

Fishing is now the favorite pastime here, and the instrument mainly in use for the capture of the little marine animals is the spear. While it looks cruel to stab a spear through the bodies of the harmless creatures; yet when one is enjoying the sport himself it seems quite fascinating, and then, too, we do not believe it hurts the fish as much as might be supposed. Anyway, the suckers make a very delicate dish when properly cooked and we suppose they were made for man's use and so we say to all: "Let us all go fishing and come right in and enjoy the sport. It doesn't last long."

WARNING TO HORSEMEN AND FARMERS.

Some horseman, or horsemen in the trade, have for some reason or other been circulating a report around the town and country that the thoroughbred stallion, Salzberg, property of Mr. W. A. Weese, the well-known horseman, was not imported from Austria, as has been advertised. Mr. Weese states that he will give \$25 to any person who will provide him (Mr. Weese) with the names of any responsible person or persons who are circulating this report, which is spread with a view to hurting Mr. Weese and his business. Mr. Weese carries the papers and pedigree of the horse with him at all times, and will be only too pleased to show them to any person who might wish to look up the history of the stallion. Salzberg stands at Maunders' hotel six days in the week, and is managed by John Boe, and Mr. Weese invites the farmers to inspect him.

Hamilton Daughters of the Empire, realized \$374 on the production of "The Mikado."
J. W. Currie, charged at Prince Albert with forgery, ended his life with strychnine.
Louisburg lobster fishers demand \$3.25 per cwt., \$1 more than the packers will pay.

NUMBER 23 THE PR...

ELECTION FOR EAST VICTORIA

TO THE ELECTORS OF EAST VICTORIA.

Gentlemen.—I have been requested by a unanimous vote of a large and influential meeting of electors of the united townships of Dysart to allow myself to be nominated as representative in the Conservative interest for the east riding of Victoria and having consented so to do I desire now to set before you my reasons for seeking your votes and support.

A number of gentlemen who styled themselves a convention of the Conservative party met together on the 11th inst. and chose, I understand, Dr. Mason, of Fenelon Falls, to be the standard bearer of the Conservative party in this election.

I do not believe that any convention, either Conservative or Liberal, has the right to nominate any person to be the candidate for the suffrages of the party until the names of all persons whom the electors desire to nominate have been properly chosen, and the electors have had an opportunity of instructing their delegates regarding these candidates.

In the present case a large number of the electors had no knowledge who were to be candidates at the coming election; in fact many electors were unaware that any election was to take place after the nominating convention had been held.

Attempting to carry an election in this way seems to me to be contrary to the right and fair spirit that should always be shown in all public acts and tends to throw the control of our constituencies into the hands of a few professional politicians who might eventually, if this state of affairs was allowed to continue, be able without the knowledge and consent of the general electorate to elect such a legislature as might be suitable to themselves.

I understand that this state of affairs has for some time past existed among some of the Conservative party of the east riding of Victoria, its affairs being dominated by certain politicians whose actions have not always been in the best interests of the party, and one reason why I have been asked to contest this election is to test whether this state of affairs is to be allowed to continue. I have large interests in the northern part of the constituency owing to my connection with the "English Land Company." I have con-

I have the honor to be, gentlemen,
Your obedient servant,

W. H. LOCKHART GORDON.

STOMACH COMFORT

WHEN THE STOMACH REBELS, HEADACHE, INDIGESTION AND NERVE PAIN FOLLOW—MI-ONA BRINGS RELIEF.

Just as soon as you are done eating the healthy stomach commences to churn the food around and mixes it thoroughly with the juices of the stomach.

If the food is not churned, it lays heavily on your stomach, turns sour and causes all kinds of distressing symptoms, such as headache, indigestion, stomach pain and dyspepsia. Mi-o-na helps the stomach to properly mix the food.

John S. May, of Isabella-st., Belleville, Ont., says: "For over seven months I was in constant agony with a case of nervous dyspepsia and the morning as on going to bed. A indigestion that medical skill could not relieve. I was weak and had lost much weight through loss of appetite and suffering. My meals would fill me with gas and a feeling of oppression across the stomach and all up the left side, left me in a miserable condition. I was restless at night and as tired and unrefreshed in choking sensation in my throat was always constant when lying down, and my heart seemed to flutter and pound as though it were coming out through my side. I was benefited from the first two days' use of Mi-o-na. I began to feel like myself again, my appetite returned and the depressing feeling left me. I can enjoy my meals without the least worry of after suffering. I have gained in weight and can sleep the night through in comfort.

Go to A. E. Gregory, the druggist Lindsay, and get a 50-cent box of Mi-o-na Tablets. Money back if Mi-o-na does not cure.

Since the opening of the St. Lawrence navigation the C.P.R. has handled 20,000 immigrants. The Rio Janeiro Tramway, L. and P. Co., may increase its capital from \$25,000,000 to \$40,000,000.

siderable knowledge of the requirements of the constituency. I am interested in the development of the whole of this part of the country and feel alive, among other things, to the necessity of improving the roads, bridges and waterways over the whole of this district. I am also keenly alive to the importance of procuring the extension of the railway north from Haliburton to the Ottawa river at the earliest possible date.

The opening up of the back country and of a new route to Ottawa, Pembroke, Renfrew and other important places on the Ottawa River through the extension of this railway and the bringing of it into closer connection with the Great Trunk railways of the country thereby, must be of the greatest benefit to all parts of the riding of East Victoria and it will be my duty and pleasure, if elected to represent you, to endeavor to have the building of this railway extension pushed through to completion with as little delay as possible.

I am in full accord with the policy of the Government of Sir James Whitney in all the important questions that he has dealt with in the interests of the Province since he took office. I believe the Whitney Government is fully to be relied upon and one that is endeavoring to do in an honest and straight forward way the very best for the interests of the whole Province.

I am satisfied that the Government is alive to the requirements of those who reside in this part of the Province, and I am prepared to give it an independent support on its general policy and my full support in all matters that may be brought forward to benefit this vast district. I have long felt that the more settled portions of the Province are largely dependent on the opening up and the development of the northern portions of the Province, and that it is in the interests of all good citizens to further any movement that will help the advancement of these districts, and I should consider it my privilege as well as my duty, if elected, to see that everything is done that may reasonably be required to develop to the greatest extent the resources of all parts of the East Riding of Victoria.

LORNEVILLE.
May 18.—Miss Minnie Jewell spent Sunday at Mariposa visiting friends. Mr. Dan McIntyre, spent Sunday in Mariposa, the guest of Mr. and Mrs. West, Jewell.

NESTLETON STATION.
Nestleton Station, May 19. — The majority of farmers are through seeding in this locality.

Mr. George Martin has received a carload of lumber for his new house in town.

Mr. J. L. Coulter visited friends in Pontypool on Sunday last. Baseball practise was very successful last Saturday evening, most of the boys turning out. W. McQuade showed them how to put them over and fooled a few of the boys.

Mr. George Wilson was the guest of Mr. Isaac Hyslop on Sunday. A large crowd is expected to witness the baseball match here on Saturday evening. Married men vs. single men. Don't let the big fellows beat you boys. Get busy.

Wm. Porteous is busy gardening these days. Bill is contended now. Mr. and Mrs. Austin Brown visited her home (Mrs. Edwards), on Sunday.

Harry Hoocy had his eye slightly injured during ball practise last Saturday evening.

A. B. McGill, manager of the Farmers Bank, Lindsay, was in town on Monday.

John Gordon is out of town on business this week. Mud-cattling was the sport of last week. As high as 800 mud-cats have been caught by one party in one night.

Jas. Bruce was in Port Perry on Monday.

A Bargain Department

This is a new department—to be brief, it is a system of clearing out odd lines and sizes, also special lines of footwear that we may pick up from time to time.

The system of displaying these bargains enables you to make a selection at a glance.

All kinds of men's, women's and children's footwear are represented—nothing wrong with the quality but they're just broken sizes.

Call and see our new BARGAIN DEPARTMENT

Call often and you'll always find something new on display.

WOOL WANTED

We require 300 lbs. a day to keep our machinery busy and fill all our orders. Toronto market prices will be paid for any quantity of wool delivered at our factory in Lindsay and two cents extra in trade for woollen goods. A large selection of home-made yarns and blankets to choose from. Also ready made socks, tweed pants, mackinaw clothing, men's shirts, underwear, shaker flannels and blankets.

The Horn Bros. Woollen Co. Limited

Brighten Up
Not only does it take longer to put poor paint on your building than good paint, but you have to do it oftener. Divide the cost of painting your building into three parts and two of them go to the painter. The third part pays for the paint. If you get paint that will last 6 years you can afford to pay more for it than for paint that lasts but 2.

Sherwin-Williams Paint is the highest quality and most satisfactory paint made. We control the most important raw materials from which it is manufactured, make and refine our own linseed oil, and in many other ways safeguard the quality of all S.W. Products. They may cost more per gallon than many cheap and inferior paints but demonstrate their economy on the job by covering more, looking better and lasting longer. Ask your dealer for
