

Extra Fine Imported Olive Oil

We have just received a large shipment of extra fine imported olive oil. Several expert judges have pronounced it the best olive oil they have ever found. Delicate, sweet and bland and guaranteed absolutely pure.

If you wish an olive oil that is unsurpassed for quality, here is an opportunity to get it. Costs no more than many oils not so good. We sell it in bulk in any quantity.

Janetville Citizens Narrow Escape

Janetville, May 3.—What might have proved a very serious accident was happily averted one day last week when a Janetville farmer who had purchased some logs went to the mill pond to inspect them. He walked out on a log to see if the end was sound but, "unstable as water," the log began to "wobble" and Jim wobbled with it, but keeping his motions towards the shore, when at last he fell in. The water was only about 4 1/2 feet deep, and he was enabled to get out, little the worse, but very wet, and exceedingly thankful not to be at the bottom, and in years to come he may tell to his grandchildren his thrilling experience and narrow escape.

POWLES' CORNER.

YOUNG LADY OF BOBCAYGEON PASSED AWAY.

Bobcaygeon, April 30.—Miss Emma Read, daughter of Mr. F. W. Read, merchant, died Friday morning after a lingering illness from heart trouble. She was a bright young lady, a member of the Anglican church, and of the church choir. Before being taken ill last fall she had charge of the books in her father's store. She will be buried Sunday afternoon. The choir will render special music both in the church and at the side of the grave.

Mr. Robert Hill's youngest daughter, Mary, passed away from heart trouble Saturday morning. She will be buried Sunday afternoon.

The boys are again kicking the foot ball. Last summer many games were played with outside clubs, and they could not do better this year than arrange a schedule of dates with others so that their play might be more of an organized effort.

Jean Louis Kieffer, who admitted that he drove the machine that killed Bessie Smith at Montreal, was released till May 8 on \$4,000 bail.

Powles' Corner, May 2.—A summer's beef for 8c a pound! Look at it, again! Isn't it wonderful? But that is just what the local beef means. We know this because it is removed that a couple of persons who hold half shares and are unable to supply an animal have offered their meat at that price. In other words that share is worth \$82 for the season. Wonder if that will buy a first-class animal next September?

Mrs. Courtney, of Princeton, daughter of Mr. John Brown, sr., of this vicinity, paid a visit to her relatives here, previous to her departure to the great west.

At last we have a sure sign of spring. People have commenced to put their stock on the roads to pasture.

Miss Stella Lamb, of Lindsay, spent Sunday under the parental roof.

It has been rumored that up Cameron way the people hardly know what to do with their threshing machines. One man thinks a mill is his and draws it away; another man produces a better claim to it and back it must come.

Mr. James Fell, of Somerville, spent Sunday with relatives in this neighborhood.

A number of people from this vicinity take their butter and eggs to Lindsay, where the demand is greater and the price consequently higher than in Fenelon Falls.

We are pleased to note that Mr. Walter Chidley, who injured his knee joint some time ago playing ball, is able to be out again. Mr. Chidley's knee is still bad and it will be some weeks before he can use it as freely as before. However, we are pleased to note the improvement and would wish it might be more rapid.

JANETVILLE.

Janetville, May 2.—Mr. Christy Armstrong, carpenter, is working with Mr. Downer, contractor, south of Lindsay.

Dr. Johnston has had a metal capping placed upon the roof of his residence.

Prospects are brightening. We understand that some of the Janetville girls are wearing engagement rings. A clergyman from distant parts preached a very excellent sermon in the Presbyterian church Sunday morning from the story of Naboth's vineyard.

Mrs. W. A. Stinson was called to the sick bed of her mother, Mrs. Lytle, of Victoria Road, who is very ill.

Mr. Percy Stinson, of Orillia, was visiting his parents recently.

Mrs. John Bradburn was elected President of the Epworth League, succeeding Mrs. T. Paul, the former president.

To-day (Monday) Mr. and Mrs. Fair and family move to Peterboro, taking with them the best wishes of the community.

Mr. Thos. Howe expects to open his meat market at the new stand on George-st. this week.

Dr. Gilson has had a very busy spring attending to numerous calls.

A party consisting of Mr. and Mrs. Jas. Hobbs, Mr. Bobt. Burn and Miss Margaret Hobbs, Dr. Gilson, Miss Bell and Mr. Watchope,

SEND ME ANOTHER BOX OF "LITTLE DIGESTERS"

That's what Mr. E. S. Glasco, of Toronto, wrote us last May, after he had tried and proved "Little Digesters" for indigestion. He said: "I wish you would send me another box of your 'Little Digesters.' All the members of my family have been using them and have obtained the most satisfactory results."

"I congratulate you on your success in putting up a tablet for the cure of indigestion. I suffered for years and tried everything that was recommended to me. Nothing gave me relief until I was persuaded to try 'Little Digesters.' Now I never suffer from indigestion. I enjoy my meals and am not afraid to eat, because I know a 'Little Digester' after each meal will digest my food."

"I recommend them to all my friends who suffer from indigestion and would further say that you may publish the above if you wish. I know there are thousands of people suffering from indigestion who will be glad to know there is a safe and sure cure for them."

"Little Digesters" are positively guaranteed to cure or money is refunded.

At your druggist's or by mail from Coleman Medicine Co., Toronto, at 25c. per box.

spent one evening last week fishing on Scugog lake, and were fortunate enough to secure nearly 200 cat fish.

Mr. Hugh Wilson and his son Harry are at present in the Canadian West.

Mr. J. J. Miller intends to spend part of the present week in Toronto.

Mr. Jas. Naysmith, walking boss on the G.T.P., is at present in Janetville. He intends to move to some point in the Canadian West in the course of a month.

SALEM CORNERS.

Salem Corners, May 2.—Miss Meta Varcoe, stenographer, of the Bennis Iron and wire manufactory, London, is home for a month's vacation.

Mrs. Anderson, of Toronto, spent Sunday with her sister, Mrs. J. Clarke.

Miss Emily Sparks, of Toronto, was obliged to come home on account of illness. She is at present under the doctor's care, and her many friends will hope to hear of her speedy recovery.

Miss Evelyn Sparks, who accompanied her sister home, returned to the city on Saturday.

Miss Bertie Woodward, of Cresswell, spent Sunday afternoon with her friend, Miss Meta Varcoe.

Our teacher, Miss Kennedy, was obliged to close school for two days last week on account of a severe cold. We are pleased to state that she has fully recovered.

Mr. Jas. Ingram, of Cameron, spent Sunday with his daughter, Mrs. J. Clarke.

Mr. A. Walton, of Oakwood, spent a few days last week with her mother, Mrs. Robt. Graham.

Mr. and Mrs. Wm. Sinclair spent Sunday visiting with Mr. D. McMillan, of Saintfield.

Mrs. J. P. Ramsey is at present on the sick list, and is under the doctor's care, suffering from an abscess of the throat.

Mr. Jas. Varcoe was confined to the house for a few days last week with an attack of la grippe.

On account of the wet weather of the past week, a number of the boys from here went to Beaverton to fish for suckers. They all report an enjoyable time, and got all the fish they cared to take home.

On account of quarterly meeting of the Manilla circuit, there was no service in the church here on Sunday morning. In the evening the service was conducted by Mr. G. Bott, of Cresswell.

Mr. John Squires, who sold his threshing outfit early in January, has re-purchased it, and will be on his old route again this season. Mr. Squires intends taking a trip to Manitoba in a short time, and will be home in time to commence the season's threshing. This is good news to the farmers of this locality.

N. Sinclair's business in all kinds of dry goods, boots and shoes, and groceries, which are sold at a small margin and at small selling expense, spelled profit for every person who takes advantage of what he has to offer. Convince yourself by giving

CULTURE OF ALSIKE CLOVER

Farm and Dairy contains the following article from the pen of Mr. William F. Hardy, of Victoria county:

From experience gained from growing alsike for seed for about twenty years, I assure Farm and Dairy readers that to be a successful alsike grower a great many things must be learned from experience and from experimenting with the particular kind of soil with which one has to deal. The time of sowing and the way to prepare the seed bed differs but little from the approved way of seeding down to the common red clover. As soon as the land is dry enough to work mellow in the spring, thoroughly cultivate and harrow so as to have a fine seed bed.

We always sow the seed with some kind of grain, either wheat, barley or oats, using the grass-seed sower such as is attached to any common drill. After drilling, give the land one stroke with the harrows to cover all seed, and leave the soil as level as possible. I also try to get the land rolled before the seed germinates, otherwise the crushed earth would smother the small plants.

Opinions differ widely regarding the quantity of seed to sow per acre. I have known as little as three and as much as 10 pounds to be sown per acre. With our land, which is a strong clay loam, with a naturally well drained subsoil, I have found about six pounds per acre to give the best results. One must aim to have the plants thick enough to pretty well cover the ground. The object is to have the plants stand up well when they head out to blossom the following spring instead of spreading over the ground and growing straw instead of seed.

After the grain crop is harvested where the seed is sown, I would advise keeping the stock from pasturing on it in the fall. The young plants need to get a good growth and the stubble should be left standing, since it proves a valuable protection during winter.

The growing and harvesting of alsike differs very materially from red clover. Red clover is usually cut the first time about June 20, and then left for seed at a second cutting. But alsike should never be treated this way. We keep everything off of it in the spring and study to have the seed mature as early as possible, as the early seed is generally the best. Alsike should be ready to cut at about the time of the last of haying, or about the same time as the early fall wheat. Experience mixed well with common sense and close study of the crop will teach you best when to cut and how to handle it after it is cut. It is easy to grow a good crop of alsike and then lose half the seed before you get it into the barn.

him a trial. In a nutshell — small expenses, small profits, larger sales is his motto.

Troubled With Backache For Years. Now Completely Cured By The Use Of DOAN'S KIDNEY PILLS.

Mrs. W. C. Doerr, 13 Brighton St., London, Ont., writes: "It is with pleasure that I thank you for the good your Doan's Kidney Pills have done me. Have been troubled with backache for years. Nothing helped me until a friend brought me a box of your Kidney Pills. I began to take them and took four boxes, and am glad to say that I am cured entirely and can do all my own work and feel as good as I used to before taken sick. I am positive Doan's Kidney Pills are all you claim them to be, and I advise all kidney sufferers to give them a fair trial."

Let Doan's Kidney Pills do for you what they have done for thousands of others. They cure all forms of kidney trouble and they sure to stay cured. Price, 50 cents per box or 3 boxes for \$1.25 at all dealers or mailed direct on receipt of price by The T. Millburn Co., Limited, Toronto, Ont. When ordering specify "Doan's."
