

Farmers should eat more oatmeal.

Although the farmer of today is able to buy almost anything he wants to wear or to eat he isn't paying enough attention to food values when it comes to his own table.

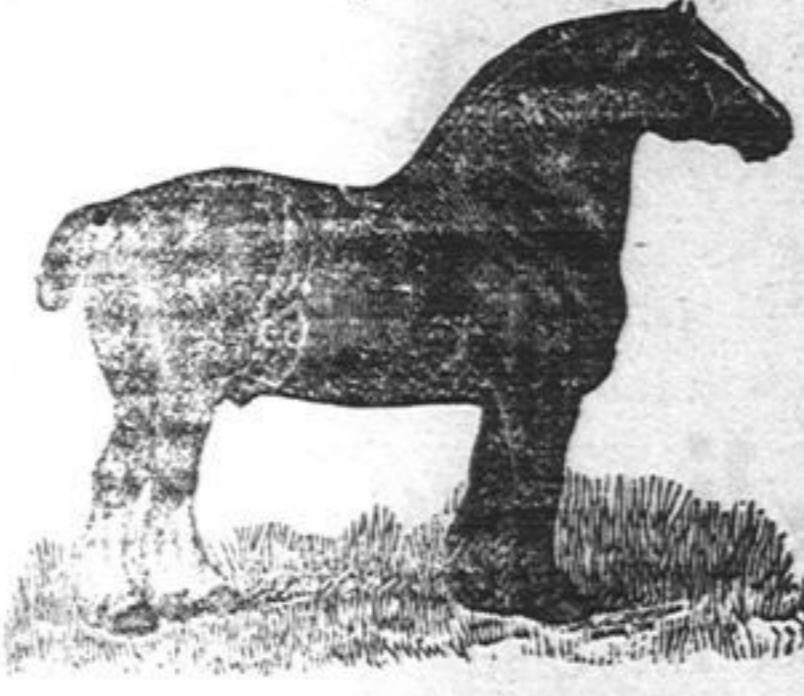

He feeds his stock carefully, avoids over-feeding and selects the stock food that he believes will give the best return in strength and general efficiency.

If he has been watching the extensive researches and experiments on the question of the best human food for muscle and brain he will heed the advice from all sides to "eat more Quaker Oats."

Quaker Oats is mentioned because it is recognized in this country and Europe as the best of all oatmeals. Feeding farm hands on Quaker Oats means getting more work out of them than if you feed them on anything else.

Mrs. McCulloch, Peel-st., and her mother, Mrs. Silverwood, spent Sunday at Oakwood at the home of Mr. W. A. Silverwood, who is here from Saskatoon, and leaves with his family this week for the west to reside there permanently.

Mr. Hainer, Toronto, son of Rev. Hainer, is at home somewhat indisposed.

Great preparations are being made to beautify our village. Many houses are being erected, and extensive improvements will be made in the walks by replacing the plank walks for cement.

Much sympathy is felt in the community for Mr. Wm. Yeo, sr., and family, because of the death of Mrs. Wm. Yeo. Mrs. Yeo has resided here for many years. She was very highly respected, and a woman of very excellent character.

The funeral was held on Monday. Service was held in the Methodist church. She was buried in the Methodist cemetery.

Miss M. Mark is attending the McDonald Institute in Guelph.

Stables Partly Destroyed by Fire

Fenelon Falls, May 11.—On Tuesday afternoon fire broke out in the stables belonging to Mr. H. Pearn. The wind being high, the flames had gained rapid headway before the fire was noticed. However, the neighbors turned out in force and the bucket brigade did splendid work. By the time the fire engine and hose arrived the flames were extinguished. The loss is partly covered by insurance.

FRANKLIN.

Franklin, May 10.—Miss Marie Jones, of Peterboro, has been visiting her parents here for the past week.

Mr. Shea and Mrs. Feir narrowly escaped injury the other day while driving to Feir's mill. A short distance west of Franklin the gorse suddenly bolted, and the occupants were precipitated into the ditch, in fact just barely escaped being thrown into a creek which here crosses the road. Fortunately no serious injuries were received except a sprained knee by Mr. Shea.

Mr. Levi Fallis, of Port Arthur, spent Wednesday last with his parents.

The people of Franklin and vicinity realize keenly the great loss they have sustained in the death of our beloved King Edward, and although not very demonstrative in the expression of their condolences, yet deep down in the heart the anguish burns and the sincerest sorrow prevails.

Mr. Hartley, lumberman, has removed his sawing outfit from Mr. Tripp's farm, having completed sawing there. He is at present sawing at his yard on Mr. McCrarie's farm.

OBITUARY

WILLIAM H. CHAPMAN.

The death occurred in the Ross Memorial Hospital on May 10, of William H. Chapman, after an illness of only six weeks. The deceased was in the prime of life, being only 38 years of age. The late Mr. Chapman was born at Cambridge and had resided in this vicinity until five years ago, when he moved to Edmonton. He returned to town to visit his mother and sister at Christmas, and about six weeks ago was taken ill and died yesterday in the Ross Hospital, where he was removed three weeks ago. The deceased leaves to mourn his loss, his mother, Mrs. H. Chapman, William-st. N., and four sisters, Mrs. E. Hepburn, Pottinger-st., Mrs. Kept., Mrs. Younger, and Miss Chapman, Toronto. The funeral will be held to-morrow afternoon at 3 o'clock from the home of Mr. G. Mills, 29 St. Paul-st., and proceed to Riverside cemetery for interment.

Minster Who Tested Znm-Buk

READ HIS DELIBERATE OPINION. Rev. P. F. Laugill, "The Manse," Carp, Ont., writes: "Some considerable time ago I began using Zam-Buk with a view to testing it thoroughly. I am troubled with eczema, which is always worse in the early part of winter, and seems to leave me about spring. I tried Zam-Buk immediately my hands started to break out, and am pleased to say that it checked the disease, which is more than I can say for anything I have ever before tried. We now have Zam-Buk in the house continuously. The children use it for scratches, cuts, and any skin injury or disease, and I carry a small sample box in my pocket. One evening I happened to look in where an old man had met with an accident a week before, and had lost a finger nail. His wife was dressing the wound. I dressed it with Zam-Buk and left the little sample box with them for the next dressing. I have seen the old gentleman since, and he has now the same high opinion of Zam-Buk as myself and my family have.

"On another occasion a farmer called at "The Manse," and I noticed a rag on his finger. Enquiring about the injury, I learned that he had somehow taken a piece of flesh off, and the wound had started to fester. He was afraid it would turn to blood-poisoning. I gave him about a third of a box of Zam-Buk and he applied it. A few days later I saw him, and he said "That's great salve of yours; my finger is now doing fine."

This is a Scotchman's opinion; it has taken a good while to convince him, but he wanted to make sure of Zam-Buk's merit before endorsing it. "It is well worth recommending."

This is exactly the kind of testimony we most appreciate. Test Zam-Buk! Don't go by hearsay! You will find it gives the best results in all cases of eczema, ringworm, festering sores, oiles, cuts, burns, face sores, eruptions, and all skin injuries and diseases. All druggists and stores, 50c box, or from Zam-Buk Co., Toronto, for price, but refuse cheap and harmful substitutes and imitations.

Lively Fight Over Fishing Privileges

Woodville, May 7.—Local fishers of the sucker have for some time been at boiling heat over the intrusions into their preserves of fishermen from the Township of Eldon. For many years the Beaver River at Beaverton has been a favorite rendezvous for Eldon fishermen, but recently but little attention has been given to the sucker, which at this time of the year comes up the stream in great numbers. The exceedingly high price of meat, however, has, it would seem, again created a desire for fish, and from time to time since the fish commenced to run, visitors from Eldon have appeared on the old grounds, greatly to the disgust of the local fishermen who have been reaping a very lucrative harvest, the fish selling as high as 85 cents a dozen.

The affair culminated when a company from Eldon put in an appearance, and objections of the townsmen were loud and finally became energetic, culminating in a general free fight. The battle waged freely and hotly for some time, and considerable blood was shed on both sides, and when the fray ended the farmers were forced to retire.

The question now arises, in whom is vested the right to fish the stream, and has the council power to license and regulate this fishing ground.

—Mr. Jos. D. Ryan, of Chicago, is in town and will remain for a week or two. Mr. Ryan is practising law in the windy city.

—Mrs. John C. Eaton, Mrs. Doble and Mrs. Barker, of Toronto, left Saturday morning for New York, going by automobile. They expect to arrive to-day. Mr. John C. Eaton left Toronto to-day for New York, where he joins Mrs. Eaton, the party returning to Toronto in Mr. Eaton's steam yacht, the "Florence." It is understood that Reeve R. J. Mulligan and Mrs. Mulligan, of Omenee, will also accompany Mr. Eaton to-day.

We Now Make and Galvanize Our Own Wire

For many years we have seen where the quality of wire could be improved. So we have set a new standard for the Wire in Frost Fence. But to get this better Wire, we must make and galvanize it ourselves. Hereafter, we, like all other Fence-Makers, had to buy our Wire ready-made and ready-galvanized. The Wire formerly used in the Frost Fence was made under our own instructions. In these Mills we have installed the most modern Wire Drawing and Galvanizing equipment in existence. So now we have erected special Mills in these Mills we have installed the most modern Wire Drawing and Galvanizing equipment in existence. So we are now equipped to make better Wire than has ever been used in Canada.
