

Rheumatism

Rheumatism is produced by the accumulation of uric acid in the blood, and this poisonous substance attacks and inflames the membrane covering the joints and separating the muscles, thus producing severe pains.

Mrs. R. C. Neale, 30 Bellevue-ave., Toronto, Ont., says: It is with great pleasure that I give this testimonial in favor of Dr. Henderson's Herb Tablets for they certainly have done wonders for me.

Cool Cream to Fifty Degrees

Article by Mr. Wm. Newman, of Lorneville, in Farm and Dairy: That statement of mine which was printed in Farm and Dairy February 17 to the effect that I would rather have dirty cooled cream than clean, uncooled cream in creamery work, has shocked some of the authorities from the centre of dairy education.

We received last summer a pamphlet to distribute among our patrons which was intended to help in improving the quality of cream delivered at the creameries.

This pamphlet stated: "Since the introduction of separators, there has been little or no improvement in the quality of creamery butter as compared to the day when the whole milk was delivered at the creameries."

WHY DO WE NOT PROGRESS? Why is this the case? It is simply because under the whole milk system milk was received at the creamery while sweet, and this meant sweet cream, which meant good butter, unless the milk was flavored with turnips or other food flavors.

Why is the cream-gathered system of butter making not making progress. Is it because we have more dirt on our farms? Our farmers will not stand for that. On the whole, they have improved a great deal in the last decade. It is not because of dirt that we have not improved, but because the cream is only gathered twice each week, and is very sour when the cream gatherer receives it.

The remedy is immediate cooling

to a temperature of 50 degrees. This is where the dairy educators are out in their teaching. The pamphlet gave a page to cleanliness, with only one small paragraph asking that the cream be cooled to a temperature of 60 degrees.

Now, I am as fond of clean cream as any person, but I don't consider clean cream kept at a temperature of 60 degrees and gathered only twice each week to be clean cream.

We may preach cleanliness as much in the next decade as it has been preached in the last decade, but unless we cool the cream immediately to a temperature of 50 degrees, our advancement in quality will be simply marking time.

Omeme Presented With Town Hall

Omeme, May 9.—Mr. John J. Sadler, of Toronto, called on his Omeme friends on Friday, and left for Halifax the evening of the same day.

Mr. F. J. Parsons, accompanied by his son, Mr. Percy Parsons, were in Toronto last week, attending the funeral of the former's nephew.

On Thursday, the Rev. D. H. Surrie attended the induction service at Warsaw, and preached the induction sermon. Mr. Cutrie is in attendance at the meeting of the synod this week.

The death of King Edward VII. has caused universal sorrow in our village. Flags are half-masted, and touching references were made in the pulpits on Sunday.

The road race of five miles for a silver cup and the rifle match to be held on Victoria Day will produce diversion for the daylight portion, and the evening will conclude with a concert in the opera house, under the auspices of the public library.

The weather of Friday afternoon was congenial for the laying of the corner stone of the new Methodist parsonage, and there was a large assemblage to witness the ceremony, which passed off without a hitch.

The band stand bade adieu on Monday to its public proprietorship and ornament, and became the property of Mr. A. Laidley, who removed it to his lot on King-st. east.

By a six months present of the Canadian Courier, Mr. C. V. Mulligan was rewarded for the solution of a puzzle given by the publisher of this magazine.

The Ladies' Aid Society of the Presbyterian church met on Wednesday in the basement of the church.

Tenders have been asked for the conveyance of a tri-weekly mail service from Orange Corners to Omeme and return.

Mr. W. H. Kennedy has been appointed agent of the Guardian Assurance Company of Montreal.

TRY THEM BEFORE YOU BUY THEM

Gin Pills Sent Free

Yes, we send Gin Pills free to every sufferer from Kidney and Bladder Troubles, Rheumatism and Lame Back. We want all sufferers to test Gin Pills, and see for themselves that these pills actually cure all such diseases.

"I have used the sample box of Gin Pills you sent me and have received great relief. I enclose you P. O. Order for \$2.50 for half a dozen boxes."

You see, Mr. Webster first wrote for a free sample of Gin Pills. He tried them. They did him so much good that he was glad to send the money for 6 full size boxes because he felt that he had found a cure for his trouble.

Do the same. Write the National Drug & Chem. Co. Limited Dept. B, Toronto, for a free sample. Then you will be in a position to decide whether Gin Pills are the right remedy for you.

KIRKFIELD.

Kirkfield, May 9.—Mr. Rod McKay, of the Sterling Bank, left on Friday to visit relatives in Buffalo.

Mr. Walter Smith, of Lindsay, is in our town for a few days.

Mrs. Parks and son Freddie spent Thursday in Lindsay.

A number of the young people from here spent a pleasant evening dancing, etc., at the home of Mrs. Steele in Balsboro.

The members of the Kirkfield club are busy practicing for their concert, which is to be held in McKenzie's hall on Wednesday, May 18th.

Mrs. Sangster spent Monday in Lindsay.

The rainbow contest in the Mission Band closed last week, and the winning side gave the others a banquet at the Sunday school.

Ball Game Played At Cameron Point

Cameron Point, May 9.—The delightful weather of the past week has been most gratifying to the resigent farmers and most of them have now completed their seeding task for the current year.

The senior baseball team of this district are now interesting themselves in the game. The captain, Mr. John Swanton, and the secretary, Mr. J. J. Thurston, are calling on the members to get to work, and indulge in practice games twice weekly.

Farmers are steadily working at the root grounds, and should expect-

3 YEARS INDIGESTION

3 boxes Little Digesters— Entirely Cured

It was a lucky day for Mr. Payne, whose portrait appears below, when he saw a "Little Digesters" advertisement in the paper, for it marked his first step on the road to health.

King, Ont., Nov. 12, 1909. THE COLEMAN MEDICINE CO.

Having suffered for three years with indigestion, nothing could relieve me, having seen your advertisement in the paper for "Little Digesters," took three, was entirely cured. I feel convinced that anyone suffering with same will not fail to try "Little Digesters."

"Little Digesters" are dainty little tablets compounded of the purest and best ingredients for the relief of stomach troubles. They are positively guaranteed to cure even chronic cases of Indigestion or Dyspepsia or money will be refunded.
