Mr. and Mrs. Foster Egglestone, of Ida, were in town the first of the week.

Miss Weatherill spent the week end at her home in Port Hope, Miss Bartley at her home in Lindsay, and Miss Mackenzie was in Toronto.

Mr. John English has improved sufficiently to be able to sit outside in the sunshine.

The Ladies' Aid of the Presbyterian church intend holding a garden party at an early date.

Mr. Hiram Best, of Mount Pleasant, was in Omeme on Sunday.

All business places were closed on Friday, and a great many attended the memorial services in Christ church.

Mr. Wm. McQuade is confined to his room through illness.

Mr. J. W. Mitchell has not convalesced as rapidly as was expected, and his friends are anxious.

Rev. J. H. Teney, of Toronto, late rector of Christ Church, Omeme, renewed acquaintances with his many friends here on Victoria Day.

The numerous friends of Mr. Harvey of Lakefield, were pleased to

meet him in Omeme on the 24th.

The concert in aid of the public library on Victoria Day evening was a successful issue, although the net receipts were light. Rev. D. H. Currie acted in the capacity of chairman and very acceptably punctuated the program with a didactic talk on the utility of a public library, and our's especially. The concert numbers were delightful and were favorably received. The play was an amusing and thrilling little episode of the time of the Jacobites, each of the troupe excelling in the part taken. Omeme would gladly welcome the same performers again in another high class play. The gross proceeds amounted to about \$61. The entertainment concluded with the national anthem.

VICTORIA ROAD.

Victoria Road, May 24.—Through the columns of the Watchman-Warder I wish to express my deep sense of thankfulness to my many friends of Eden community and especially to Mrs. James, to whose home I was hurriedly taken, and all through my severe illness the unnumbered acts of kindness, causes me gratitude I cannot express in words. The sympathy and interest and attention of so many kind people, I believe helped me over the place that was hard, and I make grateful acknowledgment, and shall ever cherish the warmest feelings toward my Eden friends.

BIRCHES.

BIRCHARD.—On May 6, 1910, to Mr. and Mrs. R. M. Birchard, Linden Valley, a daughter.

W. Lowes Won Five Mile Race at Omeme

Omeme, May 25.—There was a good crowd to see the marathon five mile road race which was put on about 1:30 p.m. on 24th of May. It was expected that the number of competitors would have been larger. Fenelon Falls and Bobcaygeon were expected to send gallopers, but only two faced the tape and jumped into the air at the sound of the pistol. Our local greyhound, Mr. W. Lowes, held his own at the start, and was followed closely for about half the distance by Mr. Bert Henderson, who showed plenty of style and action, but lacked the necessary speed for so long a gruelling contest, and weakly visible in the last half. Our local pet ran strong and swiftly, yet steadily, and was never headed, and galloped home fresh and strong in twenty-nine minutes, followed by Henderson, who was about twenty rods behind. This is the second successive win of the silver mug offered by Colonel Hughes,—by Lowes, who appears to be able to hold it against all comers. Dr. Sutton was the official starter, and R. Johnston the official umpire.

Incidental Biographical Sketch of a Lindsay Crimean Veteran

Many long and interesting tales can be told of the adventures and hardships undergone by the early settlers of Lindsay and vicinity, and the great difference that half a century has made in the growth and civilization of a country which a few centuries back was an unexplored wilderness of forest and plain. Lindsay citizens are proud to have still in their midst a number of residents who have dwelt in this town for many years, and who have helped to build up this flourishing town, which was then but a small scattered village in the midst of forests and swamps. Among these well known pioneers is Mr. Samuel Tucker, who now resides in his comfortable dwelling on Durham-st., where any old acquaintances can find him and enjoy a pleasant hour talking of "the good old times."

BORN IN ENGLAND.

Mr. Tucker, who is now seventy-nine years of age, is enjoying a retired life after many years of toil-some and active life. He was born in Devonshire, England, in 1831. Like many others who have left England and gone to various parts of the great British empire, he loved the motherland, his birthplace and home, and would fain visit it again.

A SOLDIER AND SAILOR.

If space permitted many exciting and interesting stories of war could be told by Mr. Tucker, who was a British soldier and sailor. He was in the navy at the time of the Crimean war, when Russia undertook to force its right of protection on the Turks, and England interfered. He was captain of a pivot gun on board the "Conqueror" for four years, most of which time the vessels were stationed in the Mediterranean Sea and the Black Sea.

In 1857 the British fleet was stationed at Leghorn to protect the interests of the British subjects, and Mr. Tucker well remembers the time. Austria, assisted by France, was at war with Italy, and for some time they remained on guard at the Italian ports. As Mr. Tucker stated: "From there we proceeded to Malta, where we were for twenty-four hours, when the British mail ship hove in sight, and gave the signal that three shots had been put through their funnel by the Moors or Spanish, while going through the Straits of Gibraltar, and the order was at once given us to up anchor and proceed to the rock of Gibraltar, where we lay in waiting for three months with the guns double-shotted, to engage with Spain. At the end of that time the Spanish general sent word to the British admiral that the war was over, and that they could do nothing to the Moors, and orders were immediately received to proceed to England, where on our arrival I bought my discharge from the service and started carpentering in Portsmouth."

CAME TO CANADA.

In 1862 (48 years ago) he came to Canada to make his fortune. At that time, he stated, the steamships, which were the only means of communication between America and the Continent, were not fast commodious vessels like we have now-a-days, but small steamships of no great speed, which took from ten days to two weeks to cross the Atlantic, a trip which was exceedingly perilous at that time.

SETTLED IN BOBCAYGEON.

Mr. Tucker first settled in Bobcaygeon, and after a short sojourn there started farming in the township of Anson, where he remained for a couple of years. He then returned to Bobcaygeon, where he started as a contractor and built a number of stores which are still standing. Two years later in 1865 he moved to

open air.

BUILT STEAMBOATS.

The Scugog river and Sturgeon Lake long served as a means of communication to pleasant summer resorts on its shores, which prove delightful spots for one's vacation. In the early stages of Mr. Tucker's Lindsay career he was given the contract and built three paddle wheel steamers, "The Commodore," "The Champion," and "The Woodman," and were manned by Capt. George Crandell. By some strange work of fate these three fine steamers were burned at different times, and so for some time the service through the lakes was suspended.

For a year or more Mr. Tucker, who was known for his skill in planning and constructing, built a large number of buildings in Chicago, and at one time he remembers when on a big contract all the other employes struck for higher wages, and he alone continued working, and shortly before he left, the man for whom he was working told him that if he ever returned to Chicago and wanted work, he would give him plenty.

AN HONEST LIFE.

Through life Mr. Tucker was honest, and as he stated no one who knew him could say a bad thing about him as he never tried to "do" people and get the best of a bargain, but earned his money like a man. It is to be hoped that many more such men live and lead an honest life like his.

WOES OF WOMANHOOD

WEAKNESS AND SUFFERING BANISHED BY DR. WILLIAMS' PINK PILLS.

Dr. Williams' Pink Pills are good for men and women, and growing boys and girls, but they are good in a special way for woman. At special times a woman needs a medicine to enrich and regulate her blood supply, or her life will be one round of suffering. That is when Dr. Williams' Pink Pills are worth their weight in gold, for they actually make new blood. There is not a month in her life from fifteen to fifty that Dr. Williams' Pink Pills are not a boon to every woman. They help the growing girl safely over the critical time when her blood is overtaxed by new demands. To the woman of middle life they bring relief and bring her strength for her time of change. And during the thirty odd years that lie between Dr. Williams' Pink Pills fill a woman's life with the happiness of health, giving her strength and energy for every function. A woman's surest protection against all the ills that come to her because of her sex, is to set her blood right at once by a course of Dr. Williams' Pink Pills—and then to keep the blood right by taking the pills occasionally. Mrs. Eliza Clouthier, St. Jerome, Que., is one of the many unfortunate sufferers restored to health by Dr. Williams' Pink Pills. She says: "It would be difficult for me to say how much I suffered. I was tormented by headaches and backaches; my appetite failed and I wasted away to such an extent that I was unable to do household work. I was constantly taking medicine, but it did not help me any. One day a friend urged me to try Dr. Williams' Pink Pills, and I procured a couple of boxes. By the time these were done I felt some improvement, and thus encouraged I continued the use of the Pills, gaining strength day by day, until after I had taken six or seven boxes. I was again well and strong, and I have since continued in the best of health. I can strongly recommend these Pills to all weak and ailing women."

Sold by all medicine dealers or by mail at 50 cents a box or six boxes for \$2.50, from the Dr. Williams' Medicine Co., Brockville, Ont.

Mr. John Campbell and family, who have been here since last fall, moved to Bala this morning, where they will remain for the summer.
