BRANCHES AND CONNECTIONS THROUGHOUT CANADA LOCAL BRANCHES: LINDSAY JANETVILLE

A GOOD MAN GONE. News of the death of Archbishop McEray was received with general regret by Lindsay people of all religious faiths. The late archbishop was born in Lindsay and attended school here.

PILES. Dr. Chase's Ointment is a certain and guaranteed cure for hemorrhoids and piles. It is a simple, safe, and effective remedy.

Bigger and Better Plans For L. C. I. Cadet Corps

The L. C. I. cadet corps is bigger and better than ever. Not content with keeping up the old standard they have set up a new one. This year a three-company battalion will replace the old one-company corps.

In most of the large schools a number of separate companies are formed, but the extra task of battalion drill has only been undertaken by Peterboro and Lindsay. A meeting of the commissioned officers and section commanders was held yesterday afternoon to discuss matters in the interest of the corps.

W. E. Baker Sells Out To Adams' Bros

An important deal of interest to Lindsay citizens, as well as the people in the surrounding country, was put through last night, when Mr. W. E. Baker, the well-known grocer, disposed of his business to another well-known and well established grocery firm, viz., Adams Bros.

For some time past Mr. Baker has been failing in health and only recently took a trip to the coast to recuperate. He returned much improved and shortly afterwards made arrangements to secure a new store, and as a result a few months ago moved into his fine new store east of the Benson House.

OBITUARY

LATE JAMES BLAIR. The funeral of the late James Blair took place from the family residence, 107 Lindsay-st., Saturday afternoon at 2 o'clock, Rev. James Wallace officiating.

EXTENSIVE ALTERATIONS. Extensive alterations have been made at the Victoria Creamery during the last few days and when completed this factory will be one of the most sanitary and best equipped in the province.

ARE RECRUITING. Some of the local batteries are commencing recruiting for the annual camp at Niagara, commencing June 12th. They report that recruiting will be difficult this year, owing to the fact that farm hands are scarce and work in all trades is steady.

CONSTIPATION CURED BY THE USE OF MILBURN'S LAXA-LIVER PILLS

Constipation is one of the most frequent, and at the same time, one of the most serious of the minor ailments to which mankind is subject, and should never be allowed to continue.

AN OLD SUBSCRIBER. One of the oldest subscribers of The Watchman-Warder, Mr. Thomas Wallis, of Little Britain, was in town Friday on business and called at The Watchman-Warder to renew his subscription.

MILBURN'S LAXA-LIVER PILLS are 25 cents per box, or 50 cents for 3 boxes, at all dealers. I used four and a half boxes and I am completely cured. I can gladly recommend them to all who suffer from constipation.

BARN, HOUSES ARE DESTROYED

Bush fires, which have got beyond control, are causing considerable damage in Haliburton county and are lying waste large tracts of bush land. The more serious aspect, however, is the loss sustained by two or three farmers in having their houses and barns burned down.

On Friday afternoon a farmer living near Kilmount by the name of Henderson had his house and barn, with contents, destroyed by fire, caused from a bush fire. A strong wind was blowing and it was impossible to save anything. The flames spread rapidly.

A farmer living near the village of Minden was also burned out of house and home, the fire being caused by a bush fire.

On Saturday Conductor G. Bowey, of the Haliburton train, informed a Watchman reporter that bush fires were also raging in the limits owned by Malloy and Bryans north of Haliburton, and that it was feared that if the wind did not change that the fire would spread through the country.

SETTLED FOR \$7,000. The following item will be read with interest by Lindsay citizens as Mr. Lester M. Coulter, mentioned in the item, is an old Lindsay boy, having lived here for a number of years and being well known to a large number of citizens. The item is as follows:

Before Mr. Justice Middleton in the non-jury Assize Court a settlement for \$7,000 was arrived at in the action for damages for specific performance of an agreement brought by J. McKnight Dickson and Lester M. Coulter against W. G. Trethewey.

NEW G.N.W. AGENT. MR. LINDSAY, OF ST. CATHERINES, TAKES CHARGE. Owing to the increased business of the G.N.W. as well as the G.T.R., Mr. W. R. Widdess found that he could not attend to both departments and resigned the G.N.W. position, so that the G.N.W. have appointed Mr. Lindsay, of St. Catharines, as manager here and he has already taken up his duties. Mr. Widdess will remain as up-town agent of the G.T.R. the increased business in that department requiring his full attention.

PEOPLE ARE FORTUNATE. Stratford Herald: The Lindsay Daily Watchman, founded by Mr. Allan Gillies, has completed three years of existence and started on a fourth with better prospects than ever. The people of Lindsay are fortunate in having so bright and creditable a daily as The Watchman, and find pleasure in patronizing it.

OBITUARY

JAMES HUSSEY. One of Ops oldest and most respected citizens in the person of James Hussey was called to his eternal reward this morning after a brief illness of only a few days. The deceased was in town last week and was hale and hearty, but contracted a severe cold which turned to pneumonia, causing his death.

BRIGHT AND NEWSY. Stratford Beacon: The Lindsay Daily Watchman has entered upon the fourth year of its existence under the management of Mr. Allan Gillies, formerly of this city, who is now the proprietor as well. It has made good and has managed to publish a bright and newsy daily, even better than might be expected in a town the size of Lindsay.

Hon. Frank Oliver introduced his bill in the Commons dealing with forest reserves.

MOTHERS! DO YOU KNOW

That when you put a salve onto your child's skin, it passes through the pores and enters the blood, just as surely as if you put it into the child's stomach? You would not put a coarse mass of animal fat, colored by various mineral poisons (such as many crude salves are) into your child's blood by way of his stomach? Then why do so by way of the pores?

It will heal sores, ulcers, abscesses, eruptions, various skin diseases, burns and bruises more quickly than any other known preparation. It is a specific, quickly stops the smarting of a sore or cut, cures piles, itchy sores and blood-poisoning. It is a combination of healing powers and scientific purity. Ask those who have provided it.

HUSBAND AND WIFE KILLED

Norwood, May 12.—Frank McMillan, aged thirty-eight years, and his wife, aged thirty-three, well-known residents of the township of Dummer, were instantly killed here at 11 o'clock this morning, when the wagon in which they were riding, was struck by a west-bound C.P.R. freight train. The unfortunate couple were hurled some yards and were dead when picked up.

It appears that Mr. and Mrs. McMillan were in Norwood on business and were driving home, when the accident happened. As they approached the station crossing a Canadian Pacific freight train, going at considerable rate of speed, was coming along from the east. Apparently Mr. and Mrs. McMillan did not mark the approach of the train, but drove on right in front of the engine, which caught the wagon fairly in the middle, smashing it to pieces, and throwing the occupants out with such force that death was instantaneous. The horses had gotten clear of the rails and were not injured.

Two children, a son and daughter, survive the unfortunate couple.

COTTON CAUSED DEATH

London, May 10.—Alonso Payer who was employed on the Canadian Pacific Railway bridge gang, was struck by a freight train and died three hours later in the St. Joseph's Hospital. Engineer Richard Burr, of this city who was in charge of the freight started that Payer walked some distance ahead of the engine and as he was apparently a railroader no particular attention was paid to him until too late. He had suffered from some aural trouble and cotton batting was found in his ears.

Stockholders of Farmers Bank Must Pay Up

The list of stockholders of the defunct Farmers Bank which was wrecked by W. R. Travers has been made public and contains seven hundred names of persons liable for double the amount of their subscription. The list includes several holders from this vicinity including: J. Austin, of Kilmount, who is liable for \$208; R. W. Brien, Dunsford, \$324; J. J. Bruce, Nestleton, \$106; Geo. Coulter, Pontypool, \$110; J. H. Devitt, Blackstock, \$110; G. Douglas, Pontypool \$110; A. Y. Hopkins, Kilmount, \$1,580; J. Simpson, Kilmount, \$1,125.

GOOD MONEY GROWING CELERY

Lindsay Man Has Made Money With Celery

Peterboro Review: Talking with a Lindsay man the other day, he derided the idea that people had to rush off to the northwest to make money by tilling the soil. He holds extremely sensible ideas with regard to a decent cultivation of the land, and is optimistic as to the results from careful farming. He maintains, and rightly, too, that the day when Ontario was a wheat raising province has passed, but that her day as a grower of necessities of life is only commencing. He got down to clear, straight business talk when he told of his efforts and experience with one line of produce.

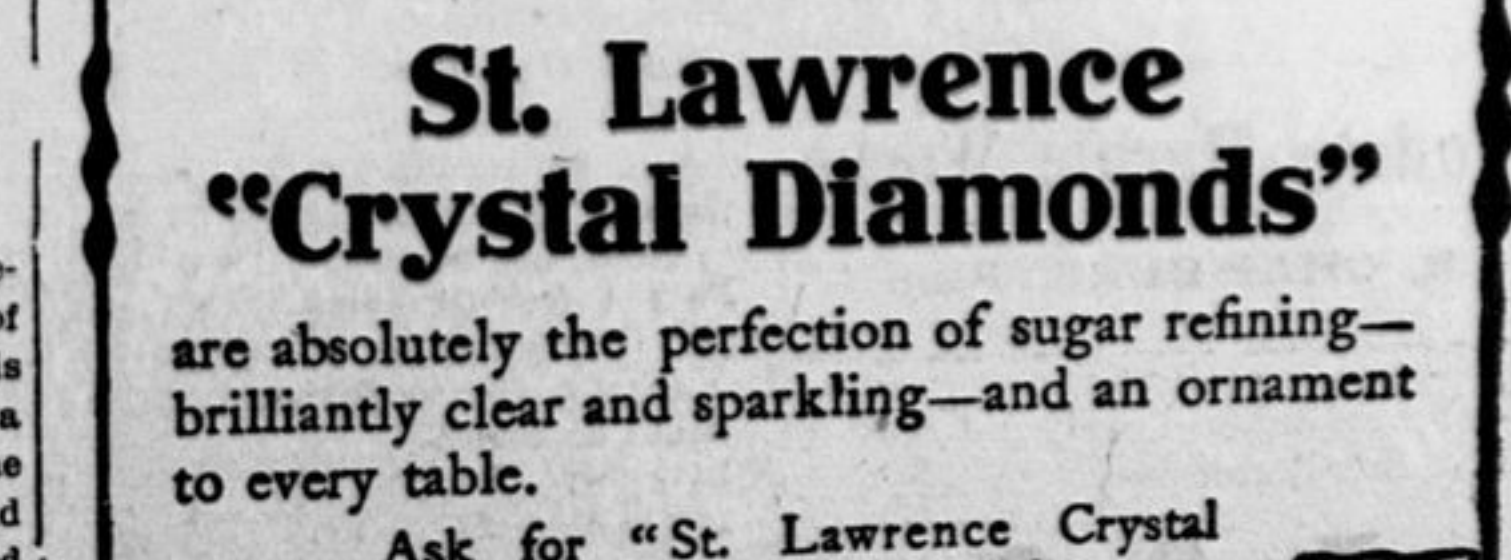

"Take the matter of celery," said he, "in which I make a specialty. I have mastered the way in which to grow it, and I have the ground for it to grow in. Last year, from three-quarters of an acre of ground I grew 26,500 head of first-class celery. It was so good that I could have sold double that quantity if I had it. For this I netted \$2.40 per 100 head, delivered at express office at the station. That was only one end of my business, but it will give a fair idea of the possibilities in that direction. Lots of people in the district between Toronto and Kingston may have thought they were consuming California celery all winter. A deal of it came from my land. It is some trouble to take care of it and have it nice and fresh, but trouble is incidental to all business.

"Fourteen years from to-day I will, if I live, have an income of \$3,000 to \$4,000 per year without doing much work for it. I am discounting the future. On 50 acres of land I am setting out over 1,000 apple trees, with plums and other fruits in between. In eight years such varieties as the Wealthy will be in very fair bearing, and in twelve years the Spys, the king of all Canadian apples, will be giving a full crop. With careful pruning, keeping off the scale, and attention such as should be given, I will have an orchard that will be a perfect mine. There's nothing to equal it for a sure thing. But I'm one man, possibly, in the hundred who has patience to wait.

As the population of our province and country increases the call is larger for produce. It might just as well be supplied from round here as anywhere else. We are reaching the point where we will consume pretty nearly all we can raise. Take our eggs, for instance. We are now exporting from round here a quarter of a million dozen of eggs. For the last two years there has been no export. Why? Home, city and northwest consumption has taken care of the egg crop. The garden truck consumed in Toronto, for instance, can be raised two hundred miles away, just as well as outside the city. For a good thing in produce there is an almost infallible demand! If the men who are getting off to the west would stay at home, put intelligence and care and work and variety into their farm work, they would be largely better off and escape all the discomforts of pioneer life."

HE WANTS THEM ALL TO KNOW ABOUT GIN PILLS

They Cured Him and He Knows They will Cure Others.

"I want to let you know what GIN PILLS have done for me. I had trouble with my Kidneys and Bladder so I got a sample of GIN PILLS and followed directions. I felt better after the first dose and I kept taking them for a month. One day, Mr. Simpson of this town, told me about the trouble he had with his kidneys and I recommended him to try GIN PILLS, and gave him one to take. The next day he bought some for himself and both he and his wife have received great benefit from them. I have also induced many others to try them. I am trying to get my sister-in-law to try them. I wish you would send me a sample box to give her."

It is Worth The Difference

Lawrence Sugar costs the dealer more than ordinary sugar, but it is worth the difference. St. Lawrence "Crystal Diamonds" are absolutely the perfection of sugar refining—brilliantly clear and sparkling—and an ornament to every table. Ask for "St. Lawrence Crystal Diamonds"—in 5 pound boxes—also sold by the pound. The St. Lawrence Sugar Refining Co., Limited MONTREAL.
