**Fire Insurance That Insures**

Several companies that I am agent for have been paying losses to their policy-holders for nearly 200 years and still have Assets enough and still have the strongest Fire Insurance Companies in the world. Ask for my rates before renewing your policy—security considered—they are the lowest obtainable and the difference in cost between good and bad is so infinitesimal when spread over three years that the wise insurer will choose the best.

**Bad Fire at Haliburton—Austin's Saw Mill Destroyed as well as Lumber in the Yard**

The village of Haliburton was the scene of a bad fire Friday, when Austin's saw and shingle mill was completely destroyed. For a time it was feared that a large section of the village would be wiped out by the fire, but fortunately the heroic work performed by the villagers prevented the fire from spreading beyond the mill yard limits. It is not known how the fire originated, but it is thought that an escaping spark ignited the dry lumber. The mill being a frame building it was soon enveloped in flames, and the fire rapidly spread to the adjoining piles of lumber, shingles and other mill supplies. The citizens turned out in large numbers to save their property and organized bucket brigades which did by the fire, but fortunately the yeoman service in extinguishing the flames. The citizens climbed up on the roofs of the nearby houses and flying sparks and small fires which they started were quickly quenched. The fire, which started about ten o'clock on Friday, burned briskly all night and lit up the country for miles around. It was still burning on Saturday when Conductor Geo. Bowhey, of Lindsay, passed through with the Haliburton train. The mill is situated about a quarter of a mile from the railway station, and alongside the railway track. A large number of men were employed and a large number of logs were on hand ready for the season's cut. The loss will be a heavy one, probably amounting to about \$4,000.

**Young Man was thrown from Field Roller and Badly Injured—No Bones Broken**

A serious accident occurred to a son of Mr. Robert English, who resides east of the town, Friday, when he fell off a field roller and was badly injured. Even the injured man does not know exactly how the accident happened, it was done so quickly, but it appears that young English, who is about 17 years of age, went to a neighbor's (Mr. Naylor) to drive the team on the roller during the afternoon. The tongue of the roller is supposed to have fallen out of the neck-yoke and becoming stuck in the ground gave the roller a severe jolt, causing the young fellow to fall off. He was picked up in an unconscious condition and does not know whether he was run over by the heavy roller or not. Dr. White, of Lindsay, was summoned and on examination found that the boy was badly bruised and seriously injured but fortunately there are no broken bones.

**M. H. O. at 'Caygeon Spoke On Health Matters**

Bobcaygeon, May 13. — At the regular meeting of the Women's Institute Tuesday, Dr. H. O. Boyd, medical health officer gave a splendid and practical address on "Cleanliness and Its Relation to Health," one which would stand repeating over and over again. A few things he said were that we should do away with our carpets which are in so many cases only receptacles for disease germs. That sunlight in a room was of vastly more importance than one with the blinds pulled down tight; that what the human body needs is lots of good fresh air, which we cannot get in the house with blinds down and with sunlight shut out; that flies breed in filth and then come into our houses carrying disease germs with them which they spread all over our food. The annual election of officers resulted in Mrs. Stewart, President, being re-elected; Mrs. D. Logan, Vice-President; Mrs. Jos. Thurston, Sec.-Treas.; Mrs. Harry Seymour, District Representative and a good strong executive committee. The ladies are certainly doing things in a manner suitable to the most fastidious taste. More power to them.

**Tresspassers on C. P. R. Will Be Prosecuted**

Mr. J. W. Anderson, C.P.R. station agent, has received a copy of the following circular, issued to all station agents on the line: "The number of personal accidents to trespassers on our property is assuming such proportions that we will have to adopt stricter measures to stop it, and the only effective way of doing this is to prosecute before a magistrate each and every case of trespass. If the parties are known, and are habitual offenders they should be served with summonses. If tramps, etc., they should be arrested. Last year on eastern lines, out of a total of 123 casualties, 93 or over 75 per cent. were trespassers. Representatives of the local newspapers should be informed as to the course the company proposes to pursue in this matter, so that the same will be given publicity." All persons concerned in this matter are requested to heed the above notice. Mr. Anderson's instructions are explicit and in case the company's premises are trespassed upon, he has no alternative to doing his duty by procuring prosecution of the offenders against the company's orders.

**Lover Seeks Adored One by The Dumb waiter Route**

New York, May 10. — Love started George Pearce for the presence of his adored one in a dumbwaiter yesterday, but dropped him in jail. Ernest Herter, janitor at No. 404 East Ninety-first street, operated the switch that threw Pearce off the cupid line, booked for the apartment of Mrs. Bertha Kleinkecht on the top floor and put him on the Blackwell's Island local. Magistrate Herbert, in the earlier court, sentenced Pearce after hearing Mrs. Kleinkecht.

**Through His Heart**

Hamilton, May 14.—Albert Weaver, aged eleven years, a son of Mr. Albert Weaver who resides near Cayce, accidentally shot and killed himself with a 22-calibre rifle in his father's barn on Saturday morning. He had been shooting sparrows, and it was while climbing in the snow that the rifle caught in something and was discharged. The bullet entered his heart and killed him almost instantly.

**The Duke of Connaught's appointment as Governor-General and Commander-in-Chief in Canada has been gazetted.**

**Farmers to Resist Double Liability**

Toronto, May 15. — It was announced by Mr. William Laidlaw that the Halton County shareholders of the Farmers Bank will hold a meeting at Milton on May 28 to consider their line of defense against the collection of the double liability. Mr. Laidlaw said that the sum of \$297,000 in double liabilities was demanded from the Halton county farmers by the liquidator of the Farmers Bank.

**Obituary**

**JAMES JOHNSTON.**  
The death occurred at Janetville Sunday night of James Johnston, who for the last twenty or thirty years has been a resident of Good-Town. He was paying a visit to his brother at Janetville, Mr. William Johnston, when blood poisoning spread through his system and carried him away. The deceased who was over eighty-seven years of age was predeceased by his wife about a year ago. He is also survived by all "A Man with a Heart." I wish he had less heart and more sense." Herter, the janitor, glared at Pearce as he took the stand. "I'm near about crazy with that

See large bills for description and pedigree.  
JAMES JONES, Mgr.

**KINMOUNT.**

Kinmount, May 15.—Weather dry, rain needed; fires raging last week. Some people are seemingly very careless about setting fires at this time of the year. The high winds of Thursday and Friday did send the fire some. On Friday the fire spread rapidly and the result of the above carelessness was the burning of the house and barn (McGann's) on the Bobcaygeon road a mile and a half south of the village. The tenant, Mr. Wm. Henderson, lost all his household effects, together with most of his implements. The other fire further south destroyed a lot of fine timber, wood, rails, etc., belonging to Wm. Scarlett. There was some insurance on the house and barn on the McGann property. Mr. John Austin has purchased the Doherty farm about a mile south of the village and has been busy putting in the spring crop. Mrs. Edward King is offering her house and lot for sale as she intends moving to St. Joseph's Island, where Mr. King and Racy now are. Mr. Michael Mansfield has left on a visit to the west. We expect to see him back soon as he intends only a short visit. Rev. Mr. Ferry and Warden Cohen, of Galway, made a trip to Bobcaygeon last Wednesday on business. Mr. Charlie Doherty is home from Vancouver, B.C., on a visit. He likes the western city well and intends after a short stay to go back. Mr. Robert Allen has sold his house and lot to Mr. John Austin. He intends to go west to British Columbia in the near future. Mr. Bain moves into the Allen house this week. Another old resident has been called to the great beyond in the person of Mr. Richard Carr. He passed away on the 10th. He lived on the Monk road about five miles east of the village. He was buried in the Kinmount cemetery on the 12th.
