"The Cuticura treatment has absoutely cured me and family of eczema which I, my wife and two-year-old child had for eight months. It started with small pimples on the head of my child which gradually broke out in sores, and it was not long before I and my wife got the same. Our heads were one mass of sores, we could not sleep and the itcling was terrible. We suffered for eight months. We tried different kinds of ointments and medicine but it did us no good and soon it began to break out on our bodies until a friend who had the same trouble told me about Cuticura of which I used two sets of Cuticura Soap, Cuticura Ointment and Cuticura Resolvent, and I was surprised. After the first few days our heads began to heal and in two months we were absolutely cured of this terrible

WISDOM.

Kingston Stancard: It is a wise man that knows when to let go. President Diaz, of Mexico, does not seem to possess the necessary wisdom: to let go of the presidency, or pernaps he has hold of a live wire which he can't drop. There comes a time when the ablest man can be said to have outlived his usefulness and that time seems to have come to Diaz as far as the presidency is concerned.

THE BREEZY WEST.

Bobcaygeon Independent : There is a breeziness about the west that catches people in various ways. The retired mounted policeman who left his bride while he came east to prepare a home, found on his return that the yodng lady, having tired of the wait, had hitched up with another covote. The ex-M.P. interviewed the gentleman in the case and his bride, or their bride, but there was no fuss about it.
