In lecting a sire, brood mare, or work horse, look well to the underpinning. Clean, flat, flinty bone, with fine, silky feathering, strong, angular hocks and strong, straight knees, oblique pasterns, large hoof-heads and large, strong feet, are indications of a useful animal.

Toronto Man Cured of Intolerable Itch

By Cuticura Soap and Cuticura Ointment

"I just want to say a good word for Cuticura Soap and Ointment. Four or five years ago I was in Port Arthur, and I had an attack of the itch. It certainly was an intolerable nuisance. The itching was principally at nights before I went to bed. The thighs were especially affected.

"I went to two doctors about it, and tried nore than one remedy. I was beginning to told me to take a hot bath, use Cuticura. soap, and then apply Cuticura Gintment. I took his advice, and, sure enough, the itch vanished. I had probably been troubled with the itch for two or three months before I tried Cuticura Soap and Gintment, and they completely cured me of that intolerable nuisance. After one warm bath with Cuticura Soap and use of the Cuticura Gintment I was never troubled with the itching again. Anything in this testimental I would be prepared to swear to in a court of law." (Signed)

FEW CHANGES IN QUEBEC

Little Interest and a Small Vote

Montreal, May 15: - The Quebec provincial elections to-day resulted in the return of the Gouin Government by an increased majority over that which it had in the last House. By the Redistribution Act, passed at the last session of the legislature, seven new seats were added, thus making the net gain in the Liberal majority in the new House seven. All the members of the cabinet were re-elected, the only one to suffer defeat being the Hon. Chas. Devlin, in Temiskamingue. Mr. Devlin was, however, successful in Nicolet county. Premer Gouin was elected by large majorities in both Portneuf and St. Johns. Mr. Tellier, the Opposition leader, was elected in Joliette, but two of leading lieutenants, Armand vergne and Jules Prevost, both whom ran in two counties; suffered defeat in one. The standing of the parties accord-

ing to the latest returns is :-To be held 2

But little interest was manifested in the elections, the indifference amounting to apathy in the British districts of Montreal. The Government appealed to the people on its record, while the Opposition charged it with extravagance, citing the erection of a \$3,000,000 jail \$600,000 Technical school in Mon-

that the money could have been bet- | sam Lake. of primary education in the rural districts of the province. Good roads also figured, the Government relying upon its program, and Opposition contending that the money could be spent to better vantage, alleging that the Government's policy tended to favor those

roads which would be largely used by automobiles, to the neglect of those which were of greater value to

SEVEN-MILE RESORT. Mr. Mills, who has the contract for the erection of Delmont cottage, the new building now being constructed on Seven-Mile Island for a summer resort, is rushing the work to completion, and will have it ready. for opening by the 1st of June says the Port Perry Observer. Messrs. Sintzel & Son, the proprietors, are making every preparation to entertain their guests in a right royal manner; they purpose feeding them on the fat of the land, as well as tropical delicacies and nothing will be left undone to make Delmont cot tage the most popular summer resort anywhere to be found; they thoroughly understand the essential requirements and comforts of cerning, tourists, and they possess tact and courage to meet every wish

of their patrons, so that the fame of Delmont cottage and the beautiul island on which it is erected will be synonymous with health, wealth, pleasure and comfort. It is situated in close proximity to the most prolific fishing grounds on the Scugog, and what is still better, tourists will at all times be supplied launch, row boats and fishing tackle and, if necessary, a guide who thoroughly posted as to where the

Lesson VIII. - Second Quarter, For May 26, 1912.

THE INTERNATIONAL SERIES.

Text of the Lesson, Matt. v, 33-37; Jas. III, 1-12; v. 12-Memory Verses, 34-36-Golden Text, Eph. iv. 25, R. V. Commentary Prepared by Rev. D. M. Stearns, The topic of today's lesson is "Tuth-

fulness," but from the first and last

Scripture selections it would seem to be a warning against swearing or, taking the three passages, a lesson on the control of the tongue. The essential thing is a right relation to God, who is the God of truth (Isa. Ixv, 16), whose throne is heaven; His footstool the earth and Jerusalem His special city. the city of the great King. That title makes us think of Mal. t, 12-14, where He complains of the deceit of His peo-Pearce, of the Cement Works, spent ple in bringing Him offerings they Sunday with their son, Mr. Henry would not bring to an earthly ruler, and he said. "I am a great King, . . . Miss McCormick spent Saturday and my name is dreadful among the and Sunday with friends in Lindsay nations." In Mal. 11. 1, 2, He said that there would be a curse if they did not Mr. and Mrs. Joe Brattamore have lay it to heart to give glory to His name. Sometimes men are so honored bond." How much more should the Mr. Weldon brought in some large word of God suffice as the firmest possidble foundation on which to rest "Forever, O Lord, thy word is settled in heaven." "Hath He said and shall He not do it?" "The Lord of Hosts hath sworn, saying, Surely as I have thought so shall it come to pass, and as I have purposed so shall it stand" (Ps. cxix, 89; Num. xxiii, 19; Isa xiv. 24). The more we meditate upon Him and upon such words concerning Him the more we shall become like Him in word and deed. Beholding as

in a glass the glory of the Lord, we shall be changed into the same image from glory to glory as by the Spirit of the Lord (II Cor. iii, 18) and thus be more manifestly children of our Father who is in heaven. This cannot be till we have been born from above and have thus become chil dren of God, standing before Him in His righteousness, as we learned last week. James in his epistle is as clear about the new birth and the manner of self (Jas. i, 18, 22; I Pet. i, 23; John special emphasis on the need of a man-

it as is Peter or Paul or our Lord Himiii), but the Spirit through James lays ifestation of such words and works on the part of saved people that those who cannot read the heart, as God does, may see in daily life the reality of the faith that saves. If a company of believers are asked to repeat the verse beginning, "This is a faithful saying." it would be an almost unbeard of occurrence for some one to ask, "Which, please?" but with one consent all would cation of Dr. Chase's Ointment repeat I Tim. 1, 15, and not one in fifty brought relief and after the third ap- or a hundred would think of Tit. iii, 8, plication the itching stopped entire- for it seems to be almost an unknown ly. I now believe the cure to be saying, but it is so important. James' complete and attribute it to Dr. great point in chapter ii is that a mere Chase's Cintment and Nerve Food. word of mouth, a mere "say so," does to others The latter was used to enrich the not amount to anything necessarily; it blood, while the Ointment healed up must be a heart word, which will show the sores. I am ready to take my itself in the life, for "with the heart oath that this statement is true and man believeth unto righteousness, and with the mouth confession is made unto salvation" (Rom. x, 10). In our lesson he speaks of the power of the tongue for good or evil and uses as illustrations a great creature like a horse controlled and turned where the driver pleases by the bit in his mouth and also a great ship guided by a very Russell-st., took place to St. Mary's small helm. Even so the tongue, ing on experiments in wireless telechurch cemetery Sunday, after the though a very small member of the phony. A month ago a message was body, can accomplish a great deal of sent from the wireless station Archdeacon Casey. The funeral was good or evil, and, while many kinds of Monte Mario to the Island of Ponza, creatures can be tamed, the tongue can a distance of about 65 miles. Furno man tame or woman either. But ther experiments produced an there is one who can subdue and con- proved method of transmission and trol it. It is not right that from the last week communication was estabsame mouth there should flow sweet water and bitter, and if the Lord Himself is the fountain in us it will not be so, and He can stop the other fountain from which the bitter comes. Salvation is wholly of God, whether it be The new stable will be erected in the gift of eternal life or living out that life day by day. We are as utterly helpless in the one as in the other. He must do it all. It is ours to receive Him and be saved and then to let Him rule in us. As we yield fully to Him we will find that He is able to subdue. If Job, who is mentioned in connecon tion with the last verse in our lesson, could under very great trial reject his Miss Moore, of Sault Ste. Marie, wife's proposal that he curse God and is visiting her sister, Mrs. H. H. die (Job il, 9) there is equal grace for every tried one, and God is able to make all grace abound toward us that we may have all sufficiency in all things (II Cor. ix, 8). Our tongues will A. A. McLean for the past three be used by God or the devil as we yield weeks returned to the city this week. to one or the other, as in the case of Mrs. W. J. Mitchell visited in To- Simon Peter (Matt. xvi, 16, 17, 22, 23). "He that keepeth his mouth keepeth his life." And "Whoso keepeth his mouth and his tongue keepeth his soul
