PETERBORO BOY KILLED

Peterboro Times: Last night as Ernest Boy Bolton, aged 14, at 9.15, was riding his bicycle northwards along Park-st., following a north-bound Jackson Park car, and as he approached Weller-st., a motor cycle, ridden by some one, as yet unknown, passed. The boy turned at Weller-st. to the west side of Park-st. As he turned a motor car, No. 15883, driven by Mr. R. C. Heard, of 506 Smith-st., was going at the usual city speed rate, southwards. The car was filled with children. The boy evidently became dazzled by the lights of the auto or lost his head in the emergency. He ran right into the auto. The boy was thrown from his seat and dragged under the auto. The bicycle was carried by the auto some 20 feet, until the emergency brake of the auto brought the latter to a standstill. The bike was destroyed and the mark of its handlebar was distinctly visible in the roadway. The poor little boy was picked up and carried into the home Postmaster Edgar on the southwest corner. Dr. Scott was summoned but the boy, whose skull was fractured, in addition to other injuries, died in less than an hour. His mother was sent for and arrived before the end came. Dr. Green, the coroner, was sent for. Constable Reid was present also and made a thorough investigation. An inquest will be held.

PREPARING TO MOVE.

Members of the Great Northwestern Telegraph wire gang are busy to-day preparing to string a cable across Kent-st., from a telegraph pole in front of Pym's hotel to Mr. T. F. Murtagh's tenorial parlors, which W. Miss Paton, head operator of will be the future office of the G. N. the G.N.W., stated to a Watchman Wednesday afternoon that the transfer would probably take place by Saturday of this week. Mr. T. F. Murtagh, it is understood, intends locating temporarily in the store immediately south of the law office of Hopkins & Hopkins.

SENTENCED TO 12 YEARS.

Toronto, May 20. — Twelve years in the Provincial penitentiary was the sentence imposed to-day by Mr. Justice Kelly on Wm. McGowan, aged 19, and married, of a respectable family, for a serious offence against a young girl. His Lordship's sentence would have been heavier had McGowan not pleaded guilty and saved the girl and her family the degradation of appearing and telling her story in court.

The Made-in-Canada train started on its tour from Montreal, containing thirteen cars loaded with products of forty-one Canadian factories.

\$1,000 AND MANSE.

Stratford, May 20.—Stratford Presbytery, in session here to-day, adopted the following resolution: "That the Presbytery commission its Committee on Home Missions to arrange that every minister in the bounds receive \$1,000 stipend and manse, and in the event of any congregation not making this possible, it is to make application to the Assembly's Augmentation Committee for a grant." Resolutions of sympathy were passed to Knox congregation in the loss sustained by the destruction of its church and to that of Knox Church, Millband, in the burning of the manse.

It is understood that it is Andrew Broder, M.P., for Dundas, who is introducing a bill for the prohibition of cigarettes at the next session of the Federal Parliament.

Police Court Cases at Cobocok

Monday was held day at Cobocok in police court circles, County Magistrate F. D. Moore, K.C., of Lindsay, being the presiding justice.

Four farmers from Somerville township, near Cobocok, were the first to appear before the Cadi, the charge being one of intoxication while in a local option municipality. Two pleaded guilty and were fined \$20 each and costs, amounting to \$25 each, while the other two were acquitted. The charge was laid by Inspector Lithgow.

Two other denizens of the same township were allowed to air a "scrap" over a field fence before His Worship. It appears that one of the party wielded an axe, while the other party resorted to the use of stones. No blows were made, however, and no blood flowed.

The Magistrate fined one \$5 and costs and bound him over to keep the peace for one year.

GET A FAT ONE.

Boston, May 21.—"Peware of slim men, for they're cranky ninety-nine times out of every hundred," is the warning given by Mrs. Blanche Mae Chandler, of Revere, the professional nurse, who yesterday said that earning one's living was a far easier task than being a wife.

Mrs. Chandler is being sued for divorce.

"Never marry," she said, "until you are certain that the man you intend choosing has perfect poise, both mentally and physically. Stout women should never marry slim men."

WELL SATISFIED WITH BABY'S OWN TABLETS.

Mrs. John Kenny, St. Norbert, Man., says: "I have used Baby's Own Tablets and am well satisfied with them." Thousands of other mothers say the same thing simply because there is no medicine for little ones to equal the Tablets. They act as a gentle laxative, regulate the bowels and stomach, break up colds, expel worms and make teething easy. The Tablets are sold by medicine dealers or by mail at 25 cents a box from the Dr. Williams' Medicine Co., Brockville, Ont.

A BATCH OF SMILES.

'Twas eventide. The small lad stood on the bridge slapping his hands vigorously. Beyond the brow of the hill a dull red glow suffered the sky.

"Ah, little boy," remarked the stranger, who was a little near sighted, "it does my heart good to see you appreciate your cloud effect."

"Yes, sir," replied the lad. "I've been watching it for ten minutes." Upon the boy's face there appeared a smile of perfect bliss.

"A real poet without a doubt! And do you watch the sunsets often, little boy?"

"Sunsets? Why, that ain't a sunset, gov'nor, that's the village school house burning down."

One day an Irishman was seated in the waiting-room of a station with an odorous pipe in his mouth. One of the attendants called his attention to the sign: "No Smoking."

"Well," said Pat, "I'm not a smokin'."

"But you have a pipe in your mouth."

"Sure, an' I've shoes on me feet, but I'm not walkin'."

Rev. D. H. Currie is visiting with friends at Welland. His appointments at Lakevale, Omemece, and Mount Pleasant, were taken by Mr. George Mulligan, of Peterboro.

In the evening in the Presbyterian church at Omemece, Mr. Mulligan took for his scripture lesson parts of each of the first chapters of Genesis, John and Hebrews. His text was 2nd Cor. 8-9, and his exposition of the passage was a clever and lucid word picture, which held the attention of the congregation and demonstrated to them the earnestness and enthusiasm of the preacher. During the service Mr. Mulligan was heard in two vocal solos, which were of high order and much appreciated.

To-Day's Best Story

AN AFTER-DINNER STORY.

Among after-dinner speakers Joseph Jefferson ranked as one who could tell a good story in a dry, delightful way. His stories dealt principally with theatrical subjects.

"While strolling through Indiana several years ago," he said at a dinner one night, "my manager was approached by a man who had the local reputation of being a pass 'worker' or dead-beat. He told the usual yarn about being a former actor and ended by asking for professional courtesies.

"I would be glad to oblige you," said the manager, "but, unfortunately, I haven't a card with me." Just then a happy thought struck him and he added: "I'll tell you what I'll do. I will write the pass where it will be easy for you to show it."

"Leaning over, with a pencil he wrote 'pass the bearer' on the fellow's white shirt front and signed his name. The beat thanked him and hastened to the gate. The ticket-taker gravely examined the writing and let him take a few steps inside, then called him back, saying in a loud voice:

"Hold on, my friend: I forgot! It will be necessary for you to leave that pass with me."

Wm. E. Davis, passenger traffic manager of the Grand Trunk Railway, died in Montreal, in his 63rd year.

Dr. McKellar Says Kipling Was Right

Bobcaygeon, May 20.—Dr. Margaret McKellar, a Canadian missionary to India under the auspices of the Presbyterian Church, now home on furlough, gave a very interesting and enlightening address on her work in India as a medical missionary during her 22 years' sojourn in that part of the British Empire. Dr. McKellar spoke from personal experience. She made a strong plea for church union here, that would do away with this overlapping and be the means of sending additional workers into those fields where help was needed so much, yet so scarce.

She referred to King George last year risking his life in establishing the new capital of India at Delhi, so as to knit together more closely the bond which holds the British Empire together. But, she said, that while King George did this at the risk of his life, Canada passed anti-India legislation, so that our fellow British subjects must come by direct route—a thing impossible—to access to Canadian soil of their wives and families. How, she said, can Canadian missionaries carry the message of evangelism when legislation bars free access to Canada of our co-subjects. She said that if Canada were to repeal that legislation she would strengthen the British Empire more than by the gift of six draughts.

She told in simple language the progress of the work since she first went to India, of the education, hospitals, dispensaries, and how it is, although with difficulty, gradually raising the standard of moral and religious life. She said that Rudyard Kipling was right when he said that so long as woman was the down-trodden, oppressed creature she was, that India would never be better than she is, but when you better her conditions you strike at the very heart and core of what has kept India where she has been during all these centuries. Her work was chiefly among the women. At the conclusion a hearty vote of thanks was moved by Mr. Hickson, and seconded by Mr. Moore, and tendered Dr. McKellar. During Dr. McKellar's stay she was the guest of Mrs. John Taylor, of South Verulam, as we understand the two were school girls together in their girlhood, and it was through Mrs. Taylor's efforts that she was able to be present.

The cheese factory opened its doors again yesterday for the coming season. It is hoped that a profitable season may be the result. Beef rings too among the farmers are soon to start again. The farmer holds the key to the solution of many a problem.

The Boy Scout concert in the town hall on the evening of the 21st promises to be a real good one. Several parties from Toronto are taking part.

Mr. A. E. Bottum, our enterprising Reeve and Warden, has been making several improvements to his premises this spring. Mr. A. E. Kennedy has had charge of the work. The roof at the rear of his hardware store has been lowered so as to avoid the blocking by ice and snow of former years. The front has been fixed up and painted by Mr. Athill, and the store house to the south matched at the front.

A meeting of the Trent Valley Navigation Co. met to-day to authorize the sale of the Str. Esturion to Mr. Hutton, of Peterboro, and the others interested in the purchase.

The Esturion has been undergoing extensive repairs all spring, and will soon be ready for active work again. This is the last of the Company's fleet of boats to be sold. She is a staunch, well-built craft, with a capacity of over 300.

Mr. Gilbert Gordon, of Lakefield, moved into Mr. Hoyd's cottage Monday. He will be in charge of the Kawartha Canoe Factory this summer. Mr. Gordon has lived here before, and is quite popular with the tourists.

The directors of Verulam Agricultural Society are sparing no pains to make the first of July one bumper day. So far as we can learn, it is their intention that parties and families bring their baskets and spend the day on the grounds. It has not yet been decided whether a callthump-plan procession or water sports will be held in the morning, but whichever it will be there will be something doing. There will be a tug of war between North and South Verulam and between North and South Harvey, and then the final between the winners. Besides this there will be other sports too numerous to mention.

Theodore Kischel, of Baden, committed suicide yesterday after his wife had reprimanded him for drinking.

Rev. John Johnston, Presbyterian minister at Lynedoch, was killed by a fall from the roof of his barn.

The Canadian Association of Superintendents of Training Schools for Nurses met in annual convention at Berlin.

"MOVIES" IN CHURCH

BAPTIST CHURCH TO OPEN PASTOR. An American pastor's proposal let a Baptist chapel for use on 10 days as a moving picture theatre led to extraordinary scenes at Nottingham, England. The bill in question is the Nottingham Baptist Tabernacle, one of the largest and best known Baptist places of worship in England. The minister, Dr. Henry Grattan Dockrell, is an American, who last spring accepted a call to the pastorate. Finding the place burdened with debt of some thousands of pounds, Dr. Dockrell set himself to discover methods of raising money, and six months ago the whole Baptist nomination was started to liquidate this famous chapel was to be leased on week days to a cinema graph syndicate. Many prominent Baptists throughout the country tested, and one of the trustees refused to sign the lease, but Dr. Dockrell and the majority of his supporters persisted, and the building was fitted up as a luxurious picture palace. The removal of financial worry has not brought about peace, however. Some members of the congregation are dissatisfied.
