

COL. HUGHES PRESENTED WITH A FLAG

The above picture is taken from a photograph and represents a group of the loyal citizens of Upington presenting Col. Sam Hughes with a flag. It was just after he had rescued the town from the rebels. He led a small force on a forced ride 68 miles in 24 hours, far ahead of the main column under Gen. Settle. Finding that the rebel forces were about to attack Upington and already occupied the river bank, Col. Hughes ordered his men to open fire. They did so and the enemy replied but were driven back although nearly three to one. Col. Hughes then seized the ferry and crossed the river under fire. Soon the rebels were driven out of the district. Gen. Settle thanked Col. Hughes for his dashing conduct, as also did Sir Alfred Milner, governor of Cape Colony, and this picture represents the residents showing their appreciation of his work. We have this plate by the kindness of the Montreal Star.

LETTERS OF INTEREST

From Correspondents All Over the County

MANILLA
Don't forget the Beaverton Oddfellows' annual excursion to Hamill's Point, Muskoka, on June 20th. Train leaves at 7.35. Fare \$1.40.—23-2.

MANILLA
Conference at Port Hope was responsible for the absence of the Methodist minister, Rev. H. McQuade, and the organist of the same church, Miss L. Coone, on Sunday last, but the vacancies were very well filled by Mr. West of Little Britain, who preached a very able sermon, and Miss B. Coone, who performed the duties of organist very satisfactorily. Revs. A. W. Coone, S.T.L., and J. W. Coone also attended conference.

It is said that the largest room in the world is the "room for improvement," and we might say that though our sidewalks are rather better than they were, yet they are still adding to the extent of that "room."

CAMBRAY
Don't miss the Beaverton Oddfellows' excursion to Hamill's Point, Muskoka, on June 20th. A delightful outing. Train leaves Lindsay at 7 a.m. Fare only \$1.40.—23-2

ZION—MARIPOSA
Mr. and Mrs. W. C. Johnston of Salem spent last Sunday at Mr. Culbert's. A little lady has arrived at the home of Mr. D. Beer. We believe she has come to stay. Congratulations David.

As the fishing season re-opens this week the young men and boys of the lake vicinity are getting their fishing tackle in order, anticipating great sport for the next few days, as there is a lull in farm work just now.

Surely "the farmer whistles a merry tune" this spring for everything in his line seems to be prospering. Weather grand, crops looking fine, and his prospects were never better.

Again we have to report the monthly meeting of the Sunday School Temperance Band of this place. The interest taken in this cause here by the young people speaks well for Zion as a community. A large and attentive audience enjoyed the program rendered by the school last Sunday. Several visitors from a distance were present. Among those who took part in the entertainment are the following: Lecturers, Stella James; duet, James and Archie Sellers; recitation, Ella Mark; duet, the Misses M. Stover and B. Stokes; recitation, Ada Snelgrove; solo, Joseph Short; instrumental music, Mahlon and Myrta Culbert; temperance address, Mr. S. D. Gerrow. Souzog; song, Leta Mitchell and Essie Yerex; reading, Beatrice Stokes. According to the usual custom of the band a new program committee is elected every three months. During the past term the Misses Annie Hall and Ada Snelgrove have ably filled this position, and will for the next three months be relieved by Miss Edith Frise and Miss Myrta Culbert. The band extend hearty thanks to the retiring committee and words of encouragement to those acting in the future. May this good work prosper long and well in our midst.

See the program of sports for "Victoria Hospital Day," July 2nd. Twelve hours of fun without alloy; all clean sport, no fake fixed games. Lindsay, July 2nd.

FINGERBOARD
Miss Libbie Carpenter of Valentin, accompanied by her mother, visited Mr. Thos. Moase, sr., recently.
Miss Cora Walls of Seagrave is the guest of Mrs. Duke King.
Mrs. R. King and daughter Mary have moved from Port Perry to this neighborhood taking up their abode with Mrs. King's son, Mr. D. King.

Miss May Coad of Taylor's Corners, accompanied by her brother, spent Sunday with Miss Edith Frise.

A gentleman from this place attended Sonya church on Sunday evening and after service his whip was gone. Now before that Mr. Someone gets into trouble he had better return the stolen property or put it back in the owner's vehicle next Sunday evening. This country of ours has a dwelling where such a class of people are packed and salted away, so beware and take warning for a stitch in time saves nine.

Miss Maggie Hughes of Toronto is visiting at Mr. Earle's and Mr. Frise's.

Mr. Cornell, wife and daughter, of Taylor's Corners, paid Mrs. Rodman and son William a flying visit on Saturday.

Mr. John Frise and family of Blackwater visited under the parental roof recently.

Miss Vida Moase has completed her education and is now remaining at home. Bad weather visits every place. At this time of the year the storm appears to be lingering around Seagrave. We all desire much good may be done minus any electric show.

Mr. and Mrs. Gilson of Lindsay intend to spend the summer with their daughter, Mrs. Willa.

If you never spent a cent on a holiday, do so now; the object is a most worthy one. Open your hearts and your pockets, wide. July 2nd at Lindsay.

OAKWOOD
Remember the annual excursion of the Beaverton Oddfellows to Hamill's Point, Muskoka, on June 20th. Train leaves Mariposa station at 7.20. Fare \$1.40.—23-2.

FENELON FALLS
The automobile will be something new; come and see it. Your best girl may like a trip on it. It's "a bicycle built for two" (dozen). July 2nd at Lindsay.

Mr. C. Moore of Toronto spent Sunday at the Falls.

Mr. A. McKendry spent Sunday in Lindsay. It is beginning to look as if something else besides our water power were being drawn to the county town.

Mrs. E. A. McArthur left last Friday to attend the commencement exercises of the Detroit dental college on June 14 h, on which occasion her son, Mr. C. M. McArthur, will receive his diploma, having passed successfully the final examination of the college. His many friends were delighted to hear of Mr. McArthur's success and we are all ready on his return home "to salute the doctor."

The many friends of Miss A. Dickson are deeply pleased to be able to congratulate her on the successful termination of her four years Arts course at the Toronto university. Miss Dickson will receive the degree of B.A. at the commencement exercises of the university this week.

Mrs. O. Kloon of Germania is the guest of her mother, Mrs. John Austin, during the attendance of Rev. O. Klean at the synod in Waterloo Co.

Rev. W. Farncomb is in attendance at synod in Toronto, and during his absence on Sunday next St. James' pulpit will be filled by Rev. Mr. Goodheart, so favorably known here as the "Russian Jew."

Our village band under the able leadership of Mr. De Cow is receiving the support it so well deserves, and a neat band stand is being built on the west corner of Colborne and Bond streets, where open air concerts will be given on Friday evenings throughout the summer.

The W.F.M.S. of St. Andrew's church held a reception in the lecture room of the church on Friday last, after listening to a most able address on mission work in India by Miss Chase, a returned missionary.
Dr. Neelands, dentist, will be at the McArthur house, Fenelon Falls, on Tuesday, June 19th.
As the contents of two items sent u

by your humble correspondent were contained in much better written articles in other parts of the last week's edition of the Watchman-Warder the articles themselves were omitted. The only regrettable part of the omission was that no notice was given of the concert given by local talent in aid of the Indian Famine Fund on May 29th. The program was a good one, very ably rendered and the receipts were good.

The storm of last Thursday struck the barn of Mr. J. Dickson and the residence of Mr. J. J. Neilson, but fortunately not sufficient to cause a conflagration in either case.

The stove factory of Messrs. T. H. De Caw & Sons on Redner's Point is an industry well worthy of attention. One day last week they cut 45,000 staves, using 39 cords of bolts. Last week they shipped three cars to New Jersey, five cars to Pennsylvania and two cars to London, England. They have sufficient timber in the water already to keep them running all summer and are just the kind of firm needed to keep pace with the other enterprising firms in our village. They have shipped before to foreign markets and the first car load sent out by them was sent to Greece.

Mr. J. H. Stanton, with his usual enterprise, has taken some splendid views of the interior of Messrs. Needler & Sadler's power house, thirty of which he has already mailed to outside points, and he is kept busy filling orders. The generator is a magnificent piece of machinery, well worthy of inspection, but since the well of Mr. Poole in Lindsay, from contact with the exposed wire, a number of persons would prefer to view it from the safe distance of one of Mr. Stanton's first class views.

The summer season is on and the first excursion of the season passed through our waters on Tuesday en route to "The Fort" and Cobocouk. The first garden party of the season is advertised for June 29th at the residence of Mr. R. Lamb.
