THE PERCHERON STALLION

BLACK DUKE

—WAS IMPORTED BY—
N. DAY, Lakeview Farm,
Powles' Corners, Fenelon.

On April 15th inst., from Wisconsin. He will be three years old on May 15th and weighs 1750 lbs. As for his qualities, I invite inspection and have the public to judge. Below will be found a short sketch of the breeding of BLACK DUKE. Being a direct descendant of many great show horses, (the color all being black), he cannot fail to prove one of the greatest stock horses in Canada.

BREEDER'S CERTIFICATE:

Elkhorn, Walworth Co., Wis.
April 13th 1901
This is to certify that I have this day sold the Percheron stallion Duke 2726 to Nathan Day of Powles Corners, Ont., and his sire was a black horse that weighed over a ton, and one of the highly recommended at the World's Fair and was awarded 1st prize at the Minnesota State Fair in his class, and grand champion as best Percheron stallion of any age, at the same fair; also first at the Wisconsin State Fair, and best with four of his get at the same place.

(Signed) H. A. BRIGGS,
Elkhorn, Wis.

PERCHERON'S AWAY UP!

East Buffalo, N. Y.
May 15th, 1901
Gentlemen.—Replying to your favor of the 8th inst., as to the relative percentage in the prices that Percherons sell for above that of other draught horse breeds, I should say they bring at least from 33 1/3 to 40 per cent. more, and that is not all. If they are not pure bred but mixed with smaller horses you are much more apt to get a desirable medium sized horse if part Percheron and part harness horse than if part Clyde and part harness horse. Yours very truly, N. E. BAILEY.

ROUTE:

TUESDAY—Will leave his own stable Lakeview Farm, Fenelon, and proceed to John Bryson's Cameron, for noon, thence to Gordon's Hotel Cambridge, for night.
WEDNESDAY—Will proceed to Loyal at 9:30, and thence home.
SATURDAY MORNING—Will proceed to John Aldous' hotel, Fenelon Falls, until 5 o'clock; thence home.

TERMS:

To insure a foal \$10.00, payable Feb. 1st, 1902. Insured mares must be returned regularly to the horse or they will be charged whether in foal or not; mares become payable as soon as disposed of. One dollar to be paid at time of service, which will be returned if mare proves not in foal when examined. Accounts become payable at Fenelon Falls, Ont., after Feb. 15, 1902. All accidents at owners' risk.

NATHAN DAY, Prop.
Powles' Corners, P.O.

WHERE THE PUBLIC GIVES ITS OPINION

The Athletic Grounds

Editor of the Watchman-Warder,
Sir—As the ways and means for raising the funds for purchase and improvement, for park and athletic purposes, of the Adam park lot property, as proposed at the Board of Trade meeting recently, appeared to be rather hazy and unmatured, I take the liberty of suggesting to the gentlemen having the matter in hand the advisability of forming a Joint Stock Company, Limited, with a capital, say of three thousand dollars; issue three thousand shares at one dollar per share, subject to a call of 50 per cent., or fifty cents per share, first year. This scheme, if feasible in Lindsay, would provide funds for all purposes without being a burden to any one class of citizens.

There should be at least two hundred young men in our town taking sufficient interest in athletics who would gladly take two or more shares each. The balance of the stock, I fancy, would be readily taken by our business men and property owners. The writer will subscribe for ten shares to begin with, and another ten if necessary, but would suggest the securing of as many shareholders as possible, thereby creating a more general interest in making it a success. By forming an incorporated Athletic Association, with a strong Board of managing directors, (the course usually followed, I believe in all large towns and cities), the problem would be solved and the enterprise placed upon a correct and permanent financial basis.—Yours truly, N. HOCKIN.

THE ABLEST COLONEL IN CANADA

That is What the Toronto Telegram Thinks of Col. Hughes

Toronto Telegram, June 14th —
"So far the lessons of the Transvaal war have not been translated into any change in the method of training Canada's soldiers.
Camp Niagara is governed by the methods which were exploded in the Transvaal. The Canadian system must be so perfect that the greatest of modern wars has failed to expose the slightest defect in our military methods.

The fact that the general officer commanding is an English soldier does not explain the lack of adaptability in the methods prevailing at Camp Niagara. It would be easy to find Canadian soldiers as unprogressive and as slow to depart from the beaten track as an English officer can be.

It is heresy to say so, but there is good reason to believe that with the possible exception of Col. Sam Steele, the much derided Col. Sam Hughes is an abler, longer-headed, more effective modern soldier than any of the domestic or imported colonels whose one idea is to try and feed a native army on the husks of a regular army formalism."

Col. Steele is now on service in Africa with a British force so that according to the Telegram Col. Hughes is the most capable colonel in Canada.

Mrs. Laura Coulter's taxes and statute labor were rebated.
The reeve reported on the question of opening up Flora street and as the solicitor advised that the council could use their option in the matter the council decided to take no action.

Mrs. Laura Coulter desired the council to rebate her statute labor and taxes owing to inability and as her representations seemed worthy of consideration a motion by Mr. McKinnon and Mr. Cameron relieved her of the burden this year.

That N. pt. of lot 14 and 15, con. 13 1/2 acres owned by Peter McGeorge be added to the roll in S. S. No. 5, and assessed for \$200. That W. part of lot 18, con. 1 owned by James Bryson be added to the roll in S. S. No. 14, and assessed for \$200. That Jutson Mark be assessed as owner for Block E, 4 acres, for \$700 in S. S. MAJOR ETHEL GALT'S VISIT

The Daughter of the Eminent Chief Justice Conducts Special Services with the Salvation Army Here.

The last two weeks have been of more than ordinary interest in Salvation Army circles. For twelve days of that time, the services were conducted by an officer whose education, personal appearance, gifts and social connection powerfully conspired with her profound spirituality and enthusiasm in religion to render her of the deepest interest not alone to army adherents but to many whose usual attitude toward its work is nothing more than passive good will.

This visitor was Miss Ethel Galt, major, daughter of the late Chief Justice Galt of Montreal. This lady though a member of one of the first families in Canada is an out-and-out salvationist—drum, poke bonnet and all. Her singing—she is a beautiful singer—and speaking, both on the street corner where she often accompanied her singing on the organ, and at the barracks, were sources of pleasure and profit to large audiences.

Besides being deeply evangelical Miss Galt is something of a philosopher in her religious teaching. Her appeals are largely to the human will and its self determining power to do right or wrong. One passage was as follows:—

"We hear now-a-days a lot about hypnotism, and personal magnetism. There is something in it. When a mind submits itself to another mind, especially if the former mind is influenced powerfully by the latter and the person may be led to do things that he would otherwise never think of doing; but let a mind resist and refuse to yield and it is free from that control. It is so in religion. A man may submit his mind to the power of Satan and be led by him into evil; but he can resist and be free from Satan's power. He can yield himself to the influences of God and be perpetually able to do right. Even as my life itself, do I value my ability to do right, my power to choose and do the right."

Miss Galt has been in army work for 11 years. She was accompanied for the last few days of her visit by Miss French, captain, Toronto and Miss LeDrew, captain, who is her companion on these special evangelistic tours. In army parlance Miss Galt is a spiritual special, and corresponds somewhat to the itinerant evangelist in other churches. The services concluded with that of Monday night. Afterward an ice cream social was held to give people a chance to say farewell to Miss Galt. Next morning she and Miss French left for Toronto and Miss LeDrew for Trenton, where Miss Galt will next hold services. The local officer in charge, Adj. Bale, was greatly pleased at the results of Miss Galt's visit.

A Foolish Argument

Hamilton Spectator: In one of the denominational gatherings now in progress the subject of sports and games has been taken up, and it is argued that these amusements are inconsistent with a serious life. One clergyman said: "Christ does not mention a single instance of kicking a ball around a field or hitting it with a bat."

That is a very foolish style of argument. See what it leads to: Christ does not mention a single instance of a preacher of the gospel drawing a salary; never mentioned a church or organ, or a paid choir, or a bell upon the steeple, or a clergyman officiating at a funeral or a wedding, or the singing of hymns or a mortgage on a church, or an usurer sitting on a high place in the sanctuary, or a black coat or a white chofer, or the drinking of tea, or the observance of the first day of the week as Sabbath, or the establishment of Ladies' Aid, King's Daughters, Christian Endeavor, Epworth League, Willing Workers or other church societies; or the selling of seats in the tabernacle, or—but that will perhaps be enough to show the foolishness of the argument.

HAIR
So many persons have hair that is stubborn and dull. It won't grow. What's the reason? Hair needs help just as anything else does at times. The roots require feeding. When hair stops growing it loses its luster. It looks dead.

AYER'S HAIR VIGOR
acts almost instantly on such hair. It awakens new life in the hair bulbs. The effect is astonishing. Your hair grows, becomes thicker, and all dandruff is removed. And the original color of early life is restored to faded or gray hair. This is always the case.

\$1.00 a bottle. All druggists.
"I have used Ayer's Hair Vigor, and am really astonished at the good it has done in keeping my hair from coming out. It is the best tonic I have tried, and I shall continue to recommend it to my friends."
MARTIE HOIT,
Sept. 24, 1898. — Burlington, N. C.
If you do not obtain all the benefits you expect from the use of the Hair Vigor, write the Doctor about it.
DR. J. C. AYER, Lowell, Mass.
